A002 Enforcement of Public Disclosure Laws

Statewide Result Area: **Efficient, Effective and Accountable Government**
Statewide Strategy: **Support democratic processes and government accountability**

Expected Results

PDC has two enforcement related performance measures: the percentage of candidates, lobbyists, lobbyist employers, political committees, and public officials who meet statutory filing deadlines and the percentage of routine investigations completed within 90 days. The agency is working to decrease the amount of time it takes to bring complaints to resolution by using a case tracking system that closely monitors progress on each investigation. Enforcement staff have many duties, including assisting filers to comply with the law, which accounts for approximately 40 percent of their work time. During Fiscal Year 2008, 76 percent of routine enforcement cases were closed within 90 days.

Statewide Strategy: **Support democratic processes and government accountability**

Expected Results

According to RCW 42.17.461, copies of campaign and lobbying disclosure reports, or data from those reports, filed electronically are to be available on the PDC's web site within two business days of receipt by the agency. In fact, data from electronically filed reports are immediately available and images of these reports are accessible within 15 minutes of being sent by the filer. For campaigns and lobbyists filing on paper, copies of the reports or data are to be available within four business days of receipt. Actual performance shows that images of paper reports are Internet-accessible the same day the reports are received, and data from selected campaigns are also entered by PDC staff within an average of two days.
