Governmental Funds

The Nonmajor Governmental Funds fall into the four categories as described below:

Special Revenue Funds

Special Revenue Funds account for the proceeds of specific revenue sources (other than trusts for individuals, private organizations, or other governments, or for major capital projects) that are restricted or committed to expenditures for specified purposes.

Debt Service Funds

Debt Service Funds account for the accumulation of resources that are restricted or committed to expenditures for, and the payment of, principal and interest on the state's bonds issued in support of governmental activities.

Capital Projects Funds

Capital Projects Funds account for financial resources that are restricted or committed to expenditures for the acquisition, construction, or improvement of major state-owned capital facilities (other than highway infrastructure or those financed by proprietary funds).

Permanent Funds

Permanent Funds account for resources that are legally restricted to the extent that only earnings, and not principal, may be used for the benefit of the state or its citizenry. The Common School Permanent Fund, the state's only Nonmajor Permanent Fund, accounts for the principal derived from the sale of timber. Interest earned is used for the benefit of common schools.
