Washington State Auditor's Office March 23, 2018 Page 10

The state's Summary Schedule of Prior Audit Findings is a compilation of the corrective action information provided to us by the applicable state agencies. The Summary Schedule of Prior Audit Findings document is prepared in conjunction with the 2017 Single Audit.

We appreciate the efforts of the Washington State Auditor's Office in completing the Single Audit for the state for fiscal year 2017. If you have any questions regarding the Summary Schedule of Prior Audit Findings, please do not hesitate to contact our office.

Sincerely,

Brian Tinney Assistant Director, Accounting

## **State of Washington**

Fiscal	Finding	Finding and		
Year	Number		Corrective Action Plan	
2016	001	Finding:	The State should improve internal controls over the processing and recording of Unemployment Insurance premium payment and wage information and accounting for program activities in the Guaranteed Education Tuition program's (GET) to ensure accurate reporting.	
		Questioned Costs:	Amount \$0	
		Status:	Refer to finding 2017-001	
		Corrective Action:	The Office of Financial Management (OFM) has been working with the Employment Security Department (ESD) to improve internal controls over processing and recording of Unemployment Insurance Premium payments.	
			In response to the finding, ESD has established a Next Generation Tax System (NGTS) Interfaces and Data Quality Assurance project team comprising of representatives from the business and technology sectors to address concerns regarding the NGTS. The project team is working on improving the system's internal controls related to processing transactions, reporting and reconciliations between systems. In addition, ESD has contracted with Microsoft to remediate technical issues with the NGTS system and work on eliminating any identified deficiencies.	
			To address the recommendations related to the reporting of accounting activities of the Guaranteed Education Tuition program, the Student Achievement Council (SAC) provided training to agency accounting staff to ensure a better understanding of the year-end closing process with the state's Accounting and Financial Reporting System. The SAC Accounting Manager has also updated year-end accounting procedures to ensure they are complete and adequate.	
			OFM will continue to provide year-end training classes to all state agencies on various topics related to the processing and reporting of financial activities.	
			OFM has also improved the process for reviewing unusual events or unique program activities that are material to the state's financial reporting. Monitoring activities include performing analytical reviews and evaluating significant items to assess the overall statewide impact. For all special and unique transactions, OFM will work with responsible agencies to ensure the transactions are properly accounted for and correctly reported on the financial statements.	
			The conditions reported in this finding were previously reported in finding 2015-002.	
		Completion Date:	The condition noted in this finding was repeated in Fiscal Year 2017 Washington Single Audit. Refer to finding 2017-001.

#### **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	002	Finding:	The Department of Social and Health Services improperly charged \$4.6 million to multiple federal grants.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 10.551 \$3,576,497 10.561 93.558 93.566
		Status:	Refer to finding 2017-002
		Status: Corrective Action:	The Department notes that the transactions identified in the audit were accruals and does not agree that accruals result in charges to federal grants. The Department's accruals automatically reverse in the following fiscal month and there will be related appropriate payments during the same or future period. Due to this reason, the Department's Economic Services Administration, Division of Finance and Financial Recovery (DFFR) implemented processes to reverse payments from the improperly charged grant year and charged the payments to the appropriate grant year.  The auditors identified the payroll for the pay period ending September 30 as the only payroll cycle that was charged to the incorrect grant year. DFFR identified these charges when payment was processed on October 10 and researched all other related administrative charges and disbursements based on the processing date. Reversals were subsequently processed to move charges to the appropriate grant year.  For the Supplemental Nutrition Assistance Program (SNAP), DFFR identified and processed reversals of more than \$3 million consisting of payroll, benefits, and goods and services charged to the wrong grant year. However, the Department does not agree that this program should be included in the finding as the related amount substantially increased the final questioned costs from the original \$2.8 million.  DFFR also reversed all the accruals for the Refugee and Entrant Assistance (REA) grant and properly charged them to the correct grant period. However, another administration inadvertently posted an accrual transaction on the following day resulting in improper charges of \$14,628.
			DFFR did not complete reversals for the Temporary Assistance for Needy Families (TANF) program due to its focus on completing the higher-risk TANF claims.
			The Department acknowledges that additional controls are needed to ensure compliance with the period of performance requirement for the SNAP, REA and TANF grants.

#### **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	002 (cont'd)		As of March 2017, the "Month of Service" was added to transactions in the agency's accounting system to help DFFR identify expenditures charged to the incorrect grant year. In addition, accounting staff will include month of service in processing all agency payments from the accounting system.
			The Department will continue with the manual process via journal vouchers to move disbursements to the correct period as needed.
			<ul> <li>Additionally, the Department will take the following actions:</li> <li>By September 2017, the Economic Services Administration's Internal Control Administrator will implement procedural changes to include the new requirements. Accounting staff will be required to review and research improperly charged costs monthly and make corrections as needed.</li> <li>By November 2017, DFFR will move the update of the Automated Cost Allocation Plan. Procedures will be updated and will include a checklist developed for staff responsible for administering the grants.</li> </ul>
			If the grantors contact the Department regarding questionable costs that should be repaid, the Department will confirm these costs with the grantor and will take appropriate action.
			The conditions noted in this finding were previously reported in finding 2015-003 and 2014-022, where the improper charges were determined to be centralized costs that are allocated throughout the Department.
		Completion Date:	The condition noted in this finding was repeated in Fiscal Year 2017 Washington Single Audit. Refer to finding 2017-002.

## **Department of Health**

Fiscal	Finding	Finding and		
Year	Number		Corrective Action Plan	
2016	003	Finding:	The Department of Health did not have adequate internal controls over and did not comply with requirements to monitor local agency operations timely and at the minimum percentage.	
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 10.557 \$0	
		Status:	Corrective action complete	
		Corrective Action:	In response to the finding, the Department implemented the following corrective actions:  Completed monitoring visit of the one local agency that did not have monitoring at least once every two years as identified in the finding. This agency was monitored on February 7, 2017.  Obtained clarification from the federal grantor that all sites for each local agency should be included in the calculation to meet the requirement for monitoring at least 20 percent of the clinics in each local agency. The Department added three additional on-site monitoring visits for the current monitoring cycle to meet the 20 percent requirement. Two were added in 2017 for the Public Health -Seattle King County, and one was added in 2018 for Sea Mar Community Care Center.  Developed a spreadsheet for 2017–2018 monitoring schedule. Monitoring visits have been planned quarterly for all local agencies, which may be subject to changes when schedules are finalized with the agencies.  Developed a process for yearly planning of on-site monitoring to be completed by October 1 of each year. Planning work include:  Assessing changes in the local agencies with funding from the Special Supplemental Nutrition Program for Women, Infants and Children (WIC).  Verifying the current number of clinics for each agency that has multiple sites.  Ensuring WIC program staff review the schedule and verify the accuracy of the list of grant subrecipients. The list will be used to develop a fiscal monitoring schedule for all subrecipients at least once every two years.  Scheduling all monitoring visits by the end of the calendar year.  Developed a process for supervisors to perform quarterly assessment of the monitoring plan to ensure staff is meeting the requirement to complete all scheduled visits. Contingency plans will be developed to address any unforeseen circumstances that require the need to adjust the planned schedule.

2016	004	Finding:	The Department of Social and Health Services did not have adequate internal controls over and did not comply with public assistance cost allocation plan requirements.	
		Questioned Costs:	<u>CFDA # Amount</u> Numerous Undetermined	
		Status:	Refer to finding 2017-004	
		Corrective Action:	The U.S. Department of Health and Human Services Centers for Medicare and Medicaid Services, Region 10, Division of Cost Allocation (DCA) was in possession of the Department's fiscal year 2012, 2013 and 2014 cost allocation plans. While DCA was in possession of those three plans, they were working with the Department to ensure the 2012 plan was approved. The Department was provided verbal directions from DCA's negotiator to stop submitting plans until DCA finished approving the previous years' plans. Therefore, the Department stopped submitting new plans.	
			The Federal Partners are aware of where the Department stands with its plans as they are actively working with the Department on approvals of the previously submitted plans.	
			The Department has since received written directions from DCA. Fiscal year 2016, 2017 and 2018 public assistance cost allocation plans were submitted to DCA prior to July 1, 2017.	
		Completion Date:	The condition noted in this finding was repeated in Fiscal Year 2017 Washington Single Audit. Refer to finding 2017-004.

## **Department of Services for the Blind**

Fiscal	Finding		Finding and	
Year	Number	Corrective Action Plan		
2016	009	Finding:	The Department of Services for the Blind failed to establish adequate internal controls over, and was not compliant with, federal requirements to determine client eligibility for the Vocational Rehabilitation program within a reasonable period of time.	
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 84.126 \$0	
		Status:	Refer to finding 2017-007	
		Corrective Action:	In response to the audit finding, the Department has implemented changes to the case review process to ensure eligibility determinations are completed timely.	
			The Department now runs monthly reports from its case management system to identify all eligibility determinations nearing the 60-day deadline and those that are overdue. These reports are reviewed by Regional Area Managers to assist counselors in meeting the 60-day deadline for each case. For the cases that are overdue, Regional Area Managers review justification for the delay to ensure it is adequately and properly documented in the client's case notes within the case management system. The completed monthly reviews are sent to the Deputy Director to be maintained on file.  The Department has also informally communicated to Regional Managers a target of less than ten percent overdue cases for the agency, by region and counselor. From performance data obtained for the period to-date, agencywide overdue eligibility determinations were less than 10 percent. The Department may consider adding the performance expectations to the Regional Managers' 2018 performance evaluation process.	
			In December 2016 and January 2017, the Department has held meetings with management and staff to identify and address the common reasons causing delays in eligibility determinations. Training was also provided at these meetings on the required elements of a client's case note justifying a delay, which include circumstances, expected completion date and client agreement.	
			Additionally, the Department will revise the Washington Administrative Code (WAC) to align with the new Workforce Innovation and Opportunity Act of 2014. As of June 2017, a pre-proposal form was sent and accepted by the Code Revisers Office. The applicable WAC is being revised and edited. By August 2017, a revised WAC will be published which will include the requirements of delay justification documentation.	
			By December 2017, the Department plans to update all sections of the vocational rehabilitation procedures manual relating to eligibility and the new requirements. The procedure manual will also include eligibility determination timelines and processes for requesting exceptions to the 60-day limit.

## **Department of Services for the Blind**

Fiscal	Finding		Finding and	
Year	Number	Corrective Action Plan		
2016	010	Finding:	The Department of Services for the Blind failed to establish adequate internal controls over, and was not compliant with, federal requirements to establish timely individual plans of employment for Vocational Rehabilitation program clients.	
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 84.126 \$0	
		Status:	Refer to finding 2017-006	
		Corrective Action:	In response to the audit finding, the Department has implemented changes to the case review process to ensure Individual Plans of Employment (IPEs) for clients are established timely.	
			In the past, the Department performed monthly review of overdue or nearing overdue IPEs at the time of review, and only tracked an overall average number of days for all IPE completion. The Department now runs monthly reports from its case management system to identify all IPEs nearing the 90-day deadline and those that are overdue. These reports are reviewed by Regional Area Managers to assist counselors in meeting the 90-day deadline for each case. For the cases that are overdue, Regional Area Managers review justification for the delay to ensure it is adequately and properly documented in the client's case notes within the case management system. The completed monthly reviews are sent to the Deputy Director to be maintained on file.	
			The Department has also informally communicated to Regional Managers a target of less than ten percent overdue IPEs for the agency, by region and counselor. From performance data obtained for the period to-date, agencywide overdue plans appeared to have reduced. The Department may consider adding the performance expectations to the Regional Managers' 2018 performance evaluation process.	
			As of January 2017, the Department has provided training to management and agency field staff on the required elements justifying an IPE extension past 90 days, including client agreement and a specific expected completion date.	
			Additionally, the Department will revise the Washington Administrative Code (WAC) to align with the new Workforce Innovation and Opportunity Act of 2014. As of June 2017, a pre-proposal form was sent and accepted by the Code Revisers Office. The applicable WAC is being revised and edited. By August 2017, a revised WAC will be published which will include the requirements of the 90-day delay justification documentation.	
			By December 2017, the Department plans to update all sections of the vocational rehabilitation procedures manual to incorporate the new requirements. The procedures manual will also include IPE establishment timelines and processes for requesting exceptions to the 90-day limit.

#### **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	011	Finding:	The Department of Social and Health Services failed to establish adequate internal controls over, and was not compliant with, federal requirements to establish timely individual plans of employment for Vocational Rehabilitation program clients.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 84.126 \$0
		Status:	Refer to finding 2017-012
		Corrective Action:	To address the auditors' recommendations, the Department conducted internal compliance reviews of the Individual Plans of Employment (IPEs) to determine if they were in compliance with the 90-day requirement from the date the clients were determined eligible. The Department will continue to conduct reviews on an on-going basis.
			To more effectively monitor the timeliness of IPEs completion, the Department has transitioned from using the monthly reports generated in the Supervisory Case Review Module of the case management system. The Department's Division of Vocational Rehabilitation has enhanced a web-based report that refreshes daily to include cases that are approaching or have exceeded the 60-day eligibility or the 90-day IPE development timeframe.
			In June 2017, the Director of Vocational Rehabilitation issued a directive to staff to communicate the 90-day requirement for IPEs.
			<ul> <li>By October 2017, the Department will:</li> <li>Provide statewide training to staff on the federal requirements to establish timely IPEs.</li> <li>Develop a tool for Vocational Rehabilitation Counselors to create reports from the case management system. This capability will allow counselors to identify cases that are nearing the 90-day limit for appropriate actions.</li> </ul>
			By January 2018, policies and procedures will be updated to ensure IPE's are created in a timely manner, including documentation requirements for the IPE extensions.

#### **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	015	Finding:	The Department of Social and Health Services did not have adequate internal controls over and did not comply with requirements to sanction Temporary Assistance for Needy Families program participants who were not cooperative with the Department regarding child support issues.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.558 \$3,218
		Status:	Refer to finding 2017-018
		Corrective Action:	All issues identified by the auditors were for clients served by both Division of Child Support (DCS) and the Community Services Division (CSD).
			The system glitch between the two divisions identified in prior year's audit affected cases through September 1, 2016, some of which were included in the current audit test sample. As a response to the prior audit finding, DCS immediately fixed the glitch and sent all potentially affected cases to the Community Services Division (CSD) for review.
			The Department recognizes that it did not properly apply sanctions for 18 clients who did not cooperate with child support requirements that led to overpayments in seven of those clients. By February, the Department reviewed these cases and established overpayments as appropriate.
			In response to the finding, CSD now prioritizes non-cooperation notices received from DCS to ensure sanctions are applied timely and accurately.
			<ul> <li>By August 2017, the Department will:</li> <li>Develop and provide online refresher training of existing CSD policies and procedures on reducing benefits for clients in non-cooperation status.</li> <li>Continue to pursue a long-term, automated solution to ensure all cases in non-cooperation status are properly sanctioned.</li> <li>Consult with U.S. Department of Health and Human Services regarding resolution of questioned costs.</li> </ul>
			By September 2017, the following monitoring process will be implemented:  • DCS runs monthly reports on clients that were non-cooperative.  • Based on the non-cooperation documents received, CSD Quality & Compliance Team at headquarters will perform post audits of a random sample of clients.  • Post audit results will be provided to the policy administrative unit to determine if additional training or guidance for staff is needed.
			CSD and DCS will continue to work together to identify and eliminate potential gaps in appropriately sanctioning a client in non-cooperation status.

#### **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	017	Finding:	The Department of Social and Health Services did not have adequate internal controls in place to ensure compliance with the maintenance of effort requirements for the Temporary Assistance for Needy Families grant program.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.558 \$0
		Status:	Refer to finding 2017-019
		Corrective Action:	The Department partially concurs with the finding.
		Action.	In response to a prior year finding, the Department created a collaborative work group to develop written policies and procedures as part of the effort to strengthen internal controls specific to complying with maintenance of efforts (MOE) requirements.
			<ul> <li>As of February 2017, the Department finalized new policies and procedures and identify the steps and processes for staff to ensure accurate and timely reporting of MOE. Specific procedures include: <ul> <li>Ensuring adequate documentation is collected and reviewed to support all MOE expenditures.</li> <li>Using attestations between the Department and other state agencies to meet federal requirements. However, an improved protocol will be developed to review final expenditure data from outside agencies to ensure they were allowable, supported, and accurate.</li> <li>Using an adequate and structured monitoring protocol to facilitate management review of MOE expenditure data to ensure federal requirements are met.</li> </ul> </li> </ul>
			The Department currently monitors, reviews and performs manual testing of coding changes to ensure they were applied correctly. While no version control software was used by the Department, staff is keeping systematic copies of all old code versions using filename conventions, duplicating most of the functionality of version control software.
			<ul> <li>By January 2018, the Department's Research and Data Analysis Division will:</li> <li>Ensure all proposed coding changes are documented, approved by the supervisor, and reviewed after implementation. This process will be formally documented for each major change.</li> <li>Research version control software packages to determine feasibility.</li> <li>Document current source code archiving processes.</li> <li>Ensure policies and procedures are updated to reflect these changes.</li> </ul>
			The conditions noted in this finding were previously reported in finding 2015-020.

#### **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	018	Finding:	The Department of Social and Health Services did not have adequate internal controls in place and was not compliant with requirements for submitting quarterly and annual reports for the Temporary Assistance for Needy Families grant.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.558 \$0
		Status:	Refer to finding 2017-021
		Corrective Action:	The Department partially concurs with the finding.
		Action.	The Department acknowledged that existing policies and procedures in place were not adequate to ensure financial reports for the Temporary Assistance for Needy Families (TANF) grant were submitted completely and accurately.
			In response to the prior year finding, the Department created a work group comprising of staff from the Department's Division of Finance and Financial Recovery (DFFR), Community Services Division (CSD), and Research & Data Analysis Division (RDA).
			As of February 2017, the work group developed and adopted additional written procedures to strengthen internal controls to ensure federal reporting requirements are met. Due to timing of the audit, the corrective actions taken by the Department were not included in the current audit period.
			The Department ensures that state agencies' expenditures are verifiable and allowable by reviewing the agencies' reporting methodologies and record maintenance protocols, and analyzing the agencies' expenditure data to the extent allowable under state regulations and policies protecting confidentiality.
			The Department does not agree with the auditors' assertion that federal regulations require the state to verify the amounts of spending by other non-state government agencies before including those expenditures toward the state's basic Maintenance of Effort (MOE) requirement. Federal regulations stated that an expenditure may be counted and reported if it "is verifiable and meets all applicable requirements" and if there is "an agreement between the state and the other party allowing the state to count the expenditure toward its MOE requirement." The Department maintains that obtaining attestations from other agencies is sufficient to meet federal requirements.
			As of May 2017, the Department:  • Convened and led a TANF MOE workgroup consisting of representatives from CSD, DFFR and RDA. The workgroup will continue to hold quarterly meetings to review the MOE projection data.

2016	020	Finding:	The Department of Early Learning and the Department of Social and Health Services did not have adequate internal controls over and did not comply with requirements to identify and detect fraud in the Child Care and Development Fund program.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.575 \$0 93.596
		Status:	Refer to finding 2017-027
		Corrective Action:	The Department of Early Learning (DEL) and the Department of Social and Health Services (DSHS) have taken the following actions:  • DEL implemented formal procedures in January 2016 for staff to follow when potential fraud is suspected. By July 2017 formal polices will be finalized which will clearly define program violations and suspected fraud. These policies were developed in accordance with state laws and set reasonable suspicion thresholds for staff. These policies are currently going through the review and bargaining process with Service Employees International Union 925.  • DEL delivered fraud training, in collaboration with the DSHS Office of Fraud and Accountability (OFA), to audit and licensing staff. The training took place in April and June 2016, and covered procedures for referring cases to the Subsidy Policy and Audit Manager, or designee, who makes the final decision to refer to OFA for action.  • Conducted targeted training for licensing regional administrators to review recent referrals and identify best practices in recognizing and reporting suspected fraud.  • Actively engaged in partnership with OFA to ensure more timely response and review of cases referred for investigation.  DEL has also taken the following actions:  • Developed and provided specific training to Subsidy Quality Assurance staff on identifying intentional program violations and suspected fraud. Training also included expanding review of provider attendance records in cases of program violations and suspected fraud to support investigation.  • Recruited a Subsidy Policy Analyst responsible for developing an agency-wide fraud detection and referral system including risk-based fraud detection methods and case development. A process has been developed which ensures all incidents of suspected child care subsidy fraud are referred to OFA, as required.  • Updated program rules such as reducing authorizations to Family, Friends and Neighbor (FFN) providers under the 110-hour rule.  • Developed rules and guidelines specifying conseq

Agency 357 300

Fiscal Year	Finding Number	Finding and Corrective Action Plan
2016	020 (cont'd)	Employed a risk-based approach to audit providers billing and payments by assigning audit caseloads on a regional basis so that Subsidy Quality Assurance staff can foster better working relationships with providers to ensure compliance.
		DEL will continue to:  Provide statewide fraud trainings as needed and provide targeted training to licensing regional administrators on a quarterly basis.  Improve communication with DSHS and collaborated efforts to ensure accurate eligibility determination and authorization.  Finalize the procurement of an electronic time and attendance reporting system that will maintain electronic copies of records and potentially reduce provider errors. This system is expected to go live in February 2018 and will enable DEL to perform data analysis and audit of all payments to significantly increase fraud detection and referral.  Request additional funding from the Legislature to replace the 40-year-old mainframe-based authorization and payment processing system, the Social Services Payment System. The new payment system will be capable of providing a robust provider interface and creating a rules engine solution that validates authorizations with attendance and billing data. Once these projects are complete, the combined systems will be able to generate accurate invoices and payments to providers.  DSHS has also taken the following actions:  The aged-out fraud referral cases that were identified in the audit were requests for current eligibility issues known as Fraud Early Detection (FRED) cases. Under the current system, referrals are assigned priority based upon an approved algorithm for fraud. These FRED cases are time sensitive and, if not completed timely, will be sent back to financial services workers. OFA
		<ul> <li>worked with the Economic Service Administration and designed the Intentional Overpayment Investigations (IOI) Priority Tool. The tool allows for appropriate adjustments to be made to the algorithm to include FRED cases, and is expected to be implemented in Barcode by October 2017.</li> <li>Continued to follow up on open criminal fraud cases beyond the audit period since many child care fraud cases involve lengthy investigations. OFA shifted personnel resources within DSHS to work on the IOI backlog of cases received since 2016. The special project resulted in a significant decrease of backlog from 4,000 to 1,700 cases and \$5.5 million in overpayments completed.</li> <li>Performed cleanup of data contained in the DSHS's current case management system, and completed substantial upgrades and improved the functionality of the system. By July 2017, the strategic partnership with the developer will be extended for another two years.</li> </ul>

Year	Number		Corrective Action Plan
2016	021	Finding:	The Department of Early Learning did not have adequate internal controls over and was not compliant with requirements to ensure payments to child care providers for the Child Care and Development Fund program were allowable.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.575 \$22,463 93.596
		Status:	Refer to finding 2017-024
		Corrective Action:	The Department of Early Learning (Department) and the Department of Social and Health Services (DSHS) continue to make consistent progress in actively auditing and recovering overpayments.
			To address the auditors' recommendations, the Department has taken the following actions:  As of August 2016, began auditing providers based on month of payment rather than month of service in an effort to improve the timeliness of audit reviews.  Finalized changes to all program guidance and documentation, including the Child Care and Development Fund (CCDF) Plan, to align with federal and state regulations. Provider billing guides were updated and training provided to staff on the updated policies and procedures.  Improved internal controls and implemented preventative controls to assist in the detection of unallowable provider billing and reduce the risks of unallowable payments, including:  Recruited a Subsidy Policy Analyst tasked with monitoring the CCDF program compliance with state and federal laws. The incumbent:  Acts as the lead on system implementation and training;  Provides input on risk-based categories of preauthorization review at DSHS;  Works with DSHS to implement internal controls on eligibility determination and provider payments;  Assists with implementing system changes at DSHS to alert staff when household composition differs between systems; and  Acts as the lead for corrective action plan implementation to address audit findings.  Clarified subsidy program rules and policies. Obtained provider feedback to improve training and to develop standardized record-keeping templates.  Began the development of rules and implementing policies to include the Department's definition of other intentional program violations, in addition to fraud, as well as consequences for clients and providers.

# **Department of Early Learning**

Fiscal	Finding	Finding and
Year	Number	Corrective Action Plan
2016	021 (cont'd)	<ul> <li>Developed a risk-based approach to audit providers' billings and payments that include selecting providers' billings in excess of licensed capacity and providers billing the limit of their authorizations.</li> <li>Implemented a process where Subsidy Quality Assurance staff review provider billings by verifying parents' work schedules in Barcode to determine if the authorization is appropriate, and that the amount billed does not exceed the total authorized amount.</li> <li>Expanded auditor examinations when significant provider overpayments are found to determine if the issue is isolated or systemic. Thresholds by provider type have been determined for expanding review with training provided to staff.</li> </ul>
		<ul> <li>The Department also continue to work with DSHS to:</li> <li>Review and process overpayments as required for questioned costs identified.</li> <li>Coordinate the review of staff training, desk aids and communications, and jointly develop policies and procedures to ensure field staff understand and interpret eligibility policies correctly.</li> <li>Address internal and external audit issues, and improve internal controls over client eligibility and directing payments to child care providers.</li> <li>Ensure they are addressing known problems with the initial eligibility process for the CCDF program as a top priority.</li> <li>Collaborate through the Working Connection Childcare reframe workgroup and the Child Care Audit Committee with focus on aligning and clarifying state rules and requirements with the reauthorization of the Child Care Development Fund grant. The Department reinstituted a quarterly meeting of the Departments' Quality Assurance staff to discuss issues identified in the quality assurance process.</li> </ul>
		<ul> <li>The Department will continue to:</li> <li>Improve the reconciliation process by following Department policies, and ensure the policies meet all federal and state regulations when reviewing provider payments.</li> <li>Finalize the procurement of an electronic time and attendance reporting system that will maintain electronic copies of attendance records and potentially reduce provider errors. This system is expected to go live in February 2018 and will enable the Department to perform data analysis and audit of all payments to significantly increase fraud detection and referral. # **Department of Early Learning**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	022	Finding:	The Department of Early Learning did not have adequate internal controls over and did not comply with health and safety requirements for the Child Care and Development Fund program.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.575 \$1,882 93.596
		Status:	Refer to finding 2017-025
		Corrective Action:	The Department concurs with this finding.
		Action:	To address the audit recommendations, the Department has implemented the following corrective actions:  Initiated emergency rulemaking and updated policies to clarify that licensors do not need to inspect inactive licensees.  Implemented new monitoring and compliance policies and procedures in July 2016, and provided training to licensing staff.  Created five new positions to address workload increase created by the new federal regulations requiring the Department to monitor non-relative family, friend, and neighbor caregivers.  Restructured licensing regions in January 2017, to enable more efficient and effective management of licensing staffing and workload.  Launched an electronic caseload management system, WA Compass, in June 2017. The system allows licensing staff to make timely updates, improve data integrity, streamline staff work processes, and provide electronic reminders to licensing staff and supervisors. The new system also provides electronic tools for tracking the ten-day health and safety rechecks requirement.  Worked with the Department of Social and Health Services to review and process overpayments as required for questioned costs identified.  The Department is also taking the following actions:  Rewriting all licensing policies and procedures to ensure that they align with current state and federal rules and regulations. Final implementation date is targeted for July 2017.  Requesting additional funding from the Legislature for additional employees needed to satisfy the licensor-to-childcare provider staffing ratio requirements of the Child Care and Development Fund Block Grant for fiscal year 2017.  Creating an objective enforcement system by weighing all licensing standards based on the level of risk to children. The system will connect licensing infractions with the level of risk to children and provide more information and clarity about the risk of each standard and the consequences for violations. This process is currently taking place and should be completed by end of October 2018.

# **Department of Early Learning**

Fiscal Year	Finding Number		Finding and Corrective Action Plan
2016	022 (cont'd)		<ul> <li>Developing training for staff on the new system and new weighted licensing rules, and will create an on-going training plan for licensing staff.</li> </ul>
			The conditions reported in this finding were previously reported in finding 2015-024.
		Completion Date:	The condition noted in this finding was repeated in Fiscal Year 2017 Washington Single Audit. Refer to finding 2017-025.
		Agency Contact:	Mike Steenhout Chief Financial Officer PO Box 40970 Olympia, WA 98504-0970 (360) 725-4920 mike.steenhout@del.wa.gov

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	023	Finding:	The Department of Social and Health Services did not have adequate internal controls over and did not comply with client eligibility requirements for the Child Care Development Fund.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.575 \$18,882 93.596
		Status:	Refer to finding 2017-026
		Corrective	The Department partially concurs with this finding.
		Action:	The Department thoroughly reviewed each of the 50 exceptions identified by the auditors, and agrees that 26 of them were exceptions on eligibility determination. The Department's review indicated one case of likely fraud when the client failed to accurately report household composition and 18 cases where overpayments occurred. The Department referred the fraud case for prosecution and the 18 overpayments to the Office of Financial Recovery for collection.
			<ul> <li>The Department does not concur with the remaining 24 audit exceptions.</li> <li>The disagreement centers on two primary policy interpretations:</li> <li>Allowing self-attestation of work schedules.</li> <li>Allowing 60 days for verification of new/changed employment.</li> </ul>
			The U.S. Department of Health and Human Services (HHS)'s Administration of Children and Families Administration (ACF) encourages states to adopt family-friendly policies in determining child care subsidy eligibility. The Department of Early Learning (DEL), the lead agency for the Child Care and Development Fund (CCDF), has embraced this philosophy when addressing prior years' finding on the same issue. DEL clarified and ratified these two policies and highlighted them in the Fiscal Year 2016-2018 CCDF Washington State Plan. The State Plan was approved by HHS in June 2016, but was made effective as of March 2016.
			<ul> <li>In addition,</li> <li>In April 2016, DEL revised WAC 170-290-0012 and created WAC 170-290-0014 outlining the specific information that must be verified before making a payment to provider. The rules specifically allow for self-attestation of work schedules.</li> <li>In July 2016, DEL revised WAC 170-290-0095 that included language to allow 60 days for verification of new employment.</li> </ul>
			The Department also had concerns with the auditors' sampling methodology and associated extrapolation of questioned costs. In May 2017, the Department and other agencies met with the auditors but agencies' concerns have not been resolved.
			In response to the audit recommendations, the Department is taking the following actions:

Fiscal	Finding	Finding and
Year	Number	Corrective Action Plan
2016	023 (cont'd)	<ul> <li>(1) Eligibility determination reviews:     The Department will continue to use the following criteria in child care authorization audits:         <ul> <li>At least one percent of child care caseloads are audited monthly.</li> <li>Exceptional payment authorizations are reviewed and approved by a supervisor before payments can be made.</li> <li>100 percent audit of pre and post-authorizations made by new child care eligibility staff until they attain proficiency.</li> <li>Review cases where an improper payment appears likely to have occurred, such as when providers bill the maximum authorization in each month. For these cases, staff review case specifics and perform verification including requesting attendance records to determine if an overpayment has occurred. Review will also determine if it was a provider or client overpayment and the amount of the improper payment; and will establish an overpayment if appropriate.</li> </ul> </li> </ul>
		<ul> <li>By January 2018, the Department's Community Service Division (CSD) will optimize usage of Audit Plus for child care reviews. The program is an auditing tool designed to randomly sample case actions based on a pre-determined criteria and support manually added case actions. Requests for enhancements to the program have been made to: <ul> <li>Update the auto-add sampling criteria to ensure appropriate cases are randomly selected for review.</li> <li>Add a new review type for child care cases with a higher risk of errors.</li> <li>Add child care reports to review error trends. These reports will be used to determine areas selected for accuracy focus review.</li> </ul> </li></ul>
		The Department is also working on identifying high-risk cases where care was authorized more than full-time. These cases have separate coding indicating supervisory review is required prior to authorization. The Department is working with system staff to identify these cases without the required coding. By August 2017, CSD will generate a monthly report listing these cases and submit to the child care leadership team in the field for supervisory review and determination of next steps.
		CSD will work with the Department's Economic Services Administration Division of Program Integrity and DEL to implement a third-party review process similar to that used for Basic Food. By August 2017, CSD will use the third party review to identify categories that have a potential high risk of error and based on their findings may institute additional categories of pre-authorization review.
		The Department will also participate in the Improper Payments Information Act audit conducted by DEL every three years in accordance with the Federal Office of Child Care requirement. For the audit conducted in federal fiscal year 2013, less than one percent of the total amounts of payments for the sampled cases were found to be made in error.

Fiscal	Finding	Finding and
Year	Number	Corrective Action Plan
2016	023 (cont'd)	(2) Employee training: As of May 2017, the CSD Child Care Program Manager compiled and submitted training work requests. Training focus includes ensuring staff review and comparing client eligibility documents with available source documents. The Child Care Program Manager will work with Child Care Operations and the division's training and development team to determine if existing training and desk aids need to be updated for child care workers. New training will also be created as needed to ensure understanding of existing policies and systems used in eligibility determination.
		By November 2017, relevant training will be provided to staff. The Department has an expectation for staff to complete training within 30 days, and strives to achieve at least 95 percent as a successful completion rate.
		(3) Segregation of duties: By October 2017, the Department will transition the responsibility to approve Family Friends or Neighbor (FFN) providers to DEL, segregating a part of the approval process for these license exempt providers where the potential for fraud has historically been above average. CSD staff will not be able to authorize payments until DEL approves these providers.
		By March 2018, CSD will initiate the process of gathering information technology (IT) requirement to support changes in the child care subsidy procedures to separate the eligibility determination from the authorization process. These include IT and CSD staffing changes needed for segregation of duties, and for pre-authorization review of highest cost cases and high-risk cases. The Department's consideration of potential solutions will include weighing the associated adverse impact to timeliness of service delivery.
		(4) System Enhancements: By October 2017, the Department will also pursue system enhancements to the Working Connections Automated Program (WCAP) that will actively alert a worker when the household composition in WCAP is different from the household composition for other Department-administered programs. This will ensure workers are reviewing and assessing all available information prior to making an eligibility determination.
		By March 2018, CSD will explore the feasibility of WCAP enhancements to automatically generate and send notifications to clients specifying the due dates for their income verification, and that their benefits will be terminated if verification is not received by the due date.
		If HHS contacts the Department regarding questionable costs that should be repaid, the Department will work with them and will take appropriate action.

Year	Number	Corrective Action Plan
	_	DEL concurs with this finding and the auditors' recommendations. In collaboration with the Department, DEL will:  Prioritize internal control improvements on eligibility determinations.  Adopt rules and policy changes simplifying and clarifying eligibility determination and authorization to prevent error.  Support the Department's commitment in the planned actions on increasing reviews, continuing monitoring protocols, segregating eligibility determination and payment authorization duties, and implementing necessary system enhancements.  By October 2017, DEL will amend sections of WAC 170-290 and align supporting guidance and documentation to simplify and clarify eligibility determination and payment authorization within the bounds of federal and state law and regulations. The Department will implement these changes to ensure eligibility determinations and authorizations are adequately supported.  Specific rules and policy changes will include the following:  Model household composition determination requirements after those of the Supplemental Nutrition Assistance Program, requiring questionable client statements of household composition be supported with additional third party verification.  Clearly define "new employment" so that client attestation of income for the first 60 days of new employment is unambiguous.  Eliminate the requirement to use three months of wages for income determination. Provide flexibility in income counting rules and income verification requirements to allow use of income documentation that most accurately reflects the consumer's economic situation and allows income eligibility determination to be completed.  Standardize authorization amounts for all families across all provider types, including those with parents participating in approved activities, such as:  I full time and part time,  Traditional and non-traditional,  Traditional and non-school age children,  Clarify and simplify rules and policies as to how parent and child schedules may impact the authorization.  Clarify and si

# **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	024	Finding:	The Department of Social and Health Services did not have adequate internal controls over and did not comply with foster care payment rate setting and application requirements for the Foster Care program.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.958 \$0
		Status:	Refer to finding 2017-029
		Corrective Action:	During the current audit, the Department's Children's Administration (CA) did not have a policy that defined the time period required to perform a periodic review of foster care payment rates since current federal regulation did not specify a time table for states to comply with the requirement.
			During fiscal year 2015, the Family First Act was introduced to Congress, which included setting time parameters for foster care payment rate review to be done every three years. The Act failed to pass and was later incorporated into the 21st Century Cures Act and reintroduced to Congress in fiscal year 2016.
			The 21st Century Cures Act passed in December 2016. The Department intended to create new Department policy that aligns with potential new federal regulations resulting from implementation of the Act. However, the Family First Act was subsequently dropped along with the three-year rate review requirement.
			The Department will review the maintenance payment rate again in 2019, based upon an economic analysis, to determine if the rate needs to be adjusted. If an increase is necessary, the Department will submit a decision package for additional funding. Reviews after 2019 will occur every four years.
			By September 2017, the Department will update the policy to include that the economic analysis be completed every four years after 2019. This policy will be included in the Title IV-E State Plan submission.
			The conditions noted in this finding were previously reported in finding 2015-028 and 2014-027.
		Completion Date:	The condition noted in this finding was repeated in Fiscal Year 2017 Washington Single Audit. Refer to finding 2017-029.
		Agency Contact:	Rick Meyer External Audit Compliance Manager PO Box 45804 Olympia, WA 98504-5804 (360) 664-6027 Richard.meyer@dshs.wa.gov

Finding		Finding and
		Corrective Action Plan
025	Finding:	The Department of Social and Health Services did not have adequate internal controls over federal eligibility requirements for the Foster Care program.
	Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.658 \$3,218
	Status:	Corrective action complete
	Corrective Action:	The Department does not concur with the finding.
		The Department had verified that all providers included in the auditors' test sample had background checks completed prior to payment for the period under review. Nevertheless, the Department will continue to communicate to staff the requirement of properly conducting background checks for providers.
		With regard to documentation for income eligibility, the Department contends that it is not a federal rule or requirement that documentation be printed and placed in clients' files. The Department uses FamLink as the official case management system and source for Title IV-E income verification information. The Department prints income source documentation when the information contains amounts over zero dollars and places the information in the title IV-E eligibility folder which is a part of the client's file. The Department also makes note of the zero dollar resource information in FamLink.
		The department will continue to ensure proper documentation is maintained to support eligibility determination.

Fiscal Year	Finding Number		Finding and Corrective Action Plan
2016	027	Finding:	The Department of Social and Health Services did not have adequate internal controls over federal eligibility requirements for the Adoption Assistance program.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.659 \$3,069
		Status:	Corrective action complete
		Corrective Action:	The auditors found the Department did not complete background checks for the providers of one child. While the Department cannot produce the physical document showing a cleared background check conducted in 1995, there is a notation by the case worker in the case management system that a background check did occur at that time, which was prior to the adoption. There was also a notation of a background check occurring in early 1997.
			It should be noted that in the event a background check was not conducted prior to adoption, the Department has no legal authority to run a background check retroactively on the adoptive parent.
			The Department maintains adequate internal controls to ensure background checks of providers and prospective providers are performed in accordance with state regulations and program rules. This is evidenced in the audit testing result that only one 20-year old case was identified as an exception.
			To address the auditor's recommendation, the Department will continue to communicate the importance of the background check requirement to staff responsible for eligibility determination.
			By September 2017, the Department will consult with the U.S. Department of Health and Human Services to discuss any necessary repayment of the questioned costs.
		Completion Date:	September 2017
		Agency Contact:	Rick Meyer External Audit Compliance Manager PO Box 45804 Olympia, WA 98504-5804 (360) 664-6027 Richard.meyer@dshs.wa.gov

# **State Health Care Authority**

Fiscal	Finding	Finding and		
Year	Number	Corrective Action Plan		
2016	028	Finding:	The Health Care Authority did not perform semi-annual data sharing with health insurers as required by state law.	
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.775 \$0 93.777 93.778	
		Status:	Refer to finding 2017-031	
		Corrective Action:	RCW 74.09A.020 requires the Authority to provide routine and periodic computerized information to health insurers regarding client eligibility and coverage information, and requires health insurers to use this information to identify joint beneficiaries. The Authority meets the intent of the law by performing data matching with insurance carriers in the state of Washington on a regular basis. Data exchanges occur in real time using information and electronic data available to the state Medicaid program.	
			In addition, the Authority implemented the national Payor Initiated Eligibility/Benefit (PIE) transaction standard in July 2013, which meets the intent of RCW 74.09A.005 by instituting "a transfer of information between the authority and health insurers."	
			The Authority is continuing to refine the logic for loading PIE data from insurance carriers into the Medicaid Management Information System (MMIS). Some changes were made to the transaction logic in August 2016 and the Authority is continuing to work through the logic to ensure accurate automated loading of the files to the MMIS. The Authority will complete those refinements and will continue to work with carriers currently engaged in PIE transaction submissions. The Authority will continue to encourage health insurers to develop systems capable of participating in the PIE data exchange.	
			While the Authority does not have legal authority to compel insurers to comply with this law, the Department will consider options for working with the Legislature to align state law with current practice.	
			The conditions noted in this finding were previously reported in finding 2015-030, 2014-034, 2013-020, 12-49, 11-38, 10-40, 09-19, and 08-25.

#### State Health Care Authority Department of Social and Health Services

Agency 107 300

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	029	Finding:	The Health Care Authority and the Department of Social and Health Services did not have adequate internal controls and did not comply with requirements to ensure Medicaid service verifications were performed for all eligible claims.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.775 \$0 93.777 93.778
		Status:	Refer to finding 2017-034
		Corrective Action:	The Department of Social and Health Services (Department) completes an annual Client Service Verification survey that includes a statistically significant sample of clients to verify whether services billed by providers were received. Although it is a manual process, this method satisfies the verification requirement as outlined in federal regulations. The State Health care Authority (Authority) questions the auditor's interpretation that federal regulations require additional verifications be done through ProviderOne. Nonetheless, the Authority will expand the ProviderOne verification process and ensure social service payments will be included in the universe from which samples are selected in the Medicaid service verification survey process.
			By January 2018, an automated verification process through ProviderOne will be implemented. This will include establishing a written agreement between the Authority and the Department detailing each of their roles and responsibilities regarding the Medicaid service verification survey process. The Department's manual survey process will continue until this written agreement becomes effective.

# **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	036	Finding:	The Department of Social and Health Services, Aging and Long-Term Support Administration, did not have adequate internal controls over requirements to ensure surveys for Medicaid nursing home facilities were completed in a timely manner.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.775 \$0 93.777 93.778
		Status:	Refer to finding 2017-043
		Corrective Action:	The Department partially agrees with this finding
		Action.	While the Department surveyed nursing homes within the required timeframes, documentation for nursing homes with deficiencies was not sent or received in a timely manner.
			The Department recognized that the Plans of Correction (POCs) were not always received within ten calendar days from issuance of the statement of deficiencies (SOD). However, the Department used the POC receipt date as its metric whereas the auditor's testing used the date POC was determined acceptable by the Department.
			The Department follows the Centers for Medicare and Medicaid Services (CMS) State Operational Manual (SOM) guidelines for receiving POCs. If deficiencies are noted on the initial POC, it will not be accepted. Sometimes, the process may require more than ten calendar days to complete an acceptable POC.
			During the current audit, the Department requested and received clarification from the CMS Technical Director for Enforcement and Certification for the Division of Nursing Homes. Email correspondences with CMS supported and confirmed the Department's interpretation of the CMS policy which was consistent with the current practices of other states when initial POCs are not acceptable.
			The Department agreed with the Statement of Deficiency (SOD) finding based on the auditor's testing methodology. While the CMS SOM does not require formal tracking, the Department did develop an internal tracking spreadsheet for SODs and POCs in January 2016 for use by field offices statewide. The Department will continue to enhance its ability to distribute SODs in ten working days and receive POCs in ten calendar days.
			As of March 2017, the Department's Residential Care Services Division worked with Management Services Division to finalize a tracking website for SODs requiring enforcement review and action. This website enables daily tracking of SOD processing between field managers and headquarters enforcement staff to ensure electronic SOD delivery within ten working days of survey exit date.

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	036 (cont'd)		<ul> <li>As of April 2017, the Department implemented the web-based electronic Plan Of Correction (ePOC) system. The system:</li> <li>Electronically communicates and time-stamps distribution of SODs to providers and submission of POCs from providers.</li> <li>Tracks and monitors the sending and receipt of documents through reporting functions.</li> <li>Notifies Residential Care Services (RCS) headquarter and regional offices when surveys have been completed, but not posted to the ePOC website.</li> <li>Notifies facilities and RCS Field Managers that a SOD is issued. Email notification is sent ten calendar days after the date of SOD issuance and every other day thereafter until the facility submits a POC.</li> <li>Notifies RCS headquarter and regional offices when a POC has been submitted and has not been reviewed within five business days after submission and every other day thereafter until it is reviewed.</li> <li>The conditions noted in this finding were previously reported in finding 2015-044 and 2014-046.</li> </ul>

# **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	037	Finding:	The Department of Social and Health Services, Aging and Long-Term Support Administration, did not have adequate internal controls over requirements to ensure surveys for Medicaid nursing home facilities were completed in a timely manner.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.775 \$0 93.777 93.778
		Status:	Refer to finding 2017-042
		Corrective Action:	The Department partially agrees with this finding.
		retion.	The Department has established internal controls to ensure statement of deficiencies (SODs) are mailed out to providers within ten working days and Plans of Correction (POCs) are received from providers within ten calendar days.
			The Department did not agree with the auditors' finding that four facilities submitted their acceptable POCs after ten calendar days. The Department received the initial POCs from the providers within the required time frame, which were then deemed not acceptable by the Department.
			The Department recognizes that the POCs were not always received within ten calendar days from issuance of the SODs. However, the Department used the POC receipt date as its metric whereas the auditor's testing used the date POC was determined acceptable by the Department. The Department follows the Centers for Medicare and Medicaid Services (CMS) State Operational Manual (SOM) guidelines for receiving POCs. If deficiencies are noted on the initial POC, it will not be accepted. Sometimes, the process may require more than ten calendar days to complete an acceptable POC.
			During the current audit, the Department requested and received clarification from the CMS Technical Director for Enforcement and Certification for the Division of Nursing Homes. Email correspondences with CMS supported and confirmed the Department's interpretation of the CMS policy which was consistent with the current practices of other states when initial POCs are not acceptable.
			The Department agrees with the SOD finding based on the auditor's testing methodology.
			The Department's Residential Care Services Unit was fully staffed by July 2016, which improved the Department's ability to meet survey timeframes.
			Beginning in September 2016, additional data elements were added to enable tracking due dates and receipt dates on a shared document located on the Department's SharePoint site.

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	037 (cont'd)		By September 2017, procedures will be updated to direct staff to forward SODs to the provider by facsimile when necessary and retain supporting documentation on file to meet compliance requirements.
			The Department also agreed that surveys were not performed in accordance with the frequency required by state and federal laws of 12.9 months. This was attributable to providers' non-compliance with the federal Conditions of Participation (CoPs) identified in subsequent surveys conducted in the prior fiscal year. Under this condition, the Department cannot conduct annual surveys unless the Department conducts credible allegation surveys to verify the facilities have met the CoPs. This condition caused delays in conducting the annual recertification surveys.
			To assist facilities in meeting compliance with CoPs, the Department conducted informal presentations in April 2016 to four facilities to provide proper interpretation of the regulations. The remaining training requests from facilities will be completed by July 2017.
			The Department has initiated actions to amend the State Plan. By September 2017, three alternative sanctions will be added to strengthen the Department's ability to impose sanctions on non-complying facilities.
			The conditions noted in this finding were previously reported in finding 2015-045 and 2014-046.
		Completion Date:	The condition noted in this finding was repeated in Fiscal Year 2017 Washington Single Audit. Refer to finding 2017-042.

# Department of Social and Health Services

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	038	Finding:	The Department of Social and Health Services did not have adequate internal controls over its examinations of Medicaid nursing home cost reports.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.775 \$0 93.777 93.778
		Status:	Corrective action complete
		Corrective Action:	The Department partially agrees with the finding.
		Action:	<ul> <li>While there was adequate documentation when cost reports examiners determined an adjustment was needed for unallowable costs and account code reclassification reason codes, the Department did not have a process for examiners to document their reviews when no issue was found.</li> <li>As of March 2017, the Department implemented the following corrective actions: <ul> <li>Added a description in the cost report examination manual to clarify the minimum requirement in the review of the unallowable costs and account code reclassification reason codes, particularly when no adjustments are necessary.</li> <li>Updated the electronic cost report examination guide to include designated areas for reviewer's initials and date. In addition, a new statement was added to the exam guide for examiners' comments and notes.</li> <li>Updated the examination manual to instruct cost report examiners to initial and date all reason code pages reviewed.</li> <li>Provided training and communicated to all cost report examiners on the requirement of properly documenting examination for all reason codes.</li> <li>Established an official policy including a secondary review requirement for all nursing home cost report examinations. A copy of the new policy was distributed to all staff in the unit.</li> </ul> </li> </ul>
		Completion Date:	March 2017
		Agency Contact:	Rick Meyer External Audit Compliance Manager PO Box 45804 Olympia, WA 98504-5804 (360) 664-6027 Richard.meyer@dshs.wa.gov

# **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	039	Finding:	The Department of Social and Health Services, Aging and Long-Term Support Administration, did not have adequate internal controls over and did not comply with requirements to ensure complaints of abuse and neglect of clients at Medicaid residential facilities were responded to properly.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.775 \$0 93.777 93.778
		Status:	Corrective action in progress
		Corrective Action:	The Department partially concurs with this finding.
		Action	At the time of the audit, the Department was working on improving the Tracking Incidents of Vulnerable Adults (TIVA) System reporting tool to track initiation of complaints and timeliness of responses. As a result, the auditors had to base their testing work on an ad-hoc report from the Compliant Resolution Unit's (CRU) daily extract reports, which the Department did not consider a valid tracking tool. From the ad-hoc report, the auditors obtained a non-statistical sample and subsequently found that the Department was not tracking complaints received in 22 out of 24 days examined.
			As of July 1, 2016, the TIVA reporting tool was completed and can now provide all the required information for reliable tracking and monitoring.
			<ul> <li>To address the audit recommendations, the Department has taken the following corrective actions:</li> <li>As of April 2016, the Department added additional staff to assist with processing complaints. However, the Department has been authorizing overtime as a temporary measure to ensure that complaints are responded to within 24 hours of receipt.</li> <li>As May 2016, the on-call staffing program was implemented to help improve the timeliness of field investigations.</li> <li>As of July 2016, CRU implemented weekly monitoring using the TIVA 2016 report for complaints that required responses within 24 hours and those that need two working days response time. Management reviews all complaints that exceeded the required response time and correct errors or discuss timeliness issues with the CRU staff. The weekly reports and statistics are also communicated to staff each Tuesday to show performance compared to required benchmarks.</li> </ul>
			As of August 2016, CRU implemented the public online reporting system which is a shared system with Adult Protective Services. The online reports are imported into TIVA and the process takes less time than phone complaints. The hotline script was updated in the following month informing callers that an online option was available for providers and the public.

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	039 (cont'd)		These actions taken by the Department have helped reduce the backlog of complaint investigations, improve the timeliness of investigations, as well as improve the timeliness of compliant processing at intake.
			As of April 2017, the Department implemented enhancements to the TIVA database to eliminate input errors. CRU staff are no longer able to link a nursing home or intermediate care facilities complaint to the field without prior review by a clinical triage nurse. Additionally, a message will appear if the complaint time exceeds 24 hours from the time it is received.
			By October 2017, CRU will develop an additional Standard Operating Procedure to define extenuating circumstances for non-immediate jeopardy complaints. A TIVA system enhancement has been requested to only allow supervisors to link a complaint that falls into one of the approved extenuating circumstances. This enhancement will not allow any complaint to be linked over two working days without supervisor override.
			To improve response times to initiate complaint investigations, the Department continues to work on filling vacancies and ensure new hires complete the federally required basic surveyor training for Nursing Home and Intermediate Care Facilities for Individuals with Intellectual Disabilities surveys. In addition, the Department will continue to pursue TIVA design and processing enhancements to mitigate the need for overtime and to meet timeliness requirements. Ongoing monthly monitoring of timeliness of complaint investigations is being performed to provide the Department with information to leverage resources to meet required timeframes.
			The conditions noted in this finding were previously reported in finding 2015-047, 2014-045, and 2013-033.
		Completion Date:	Estimated October 2017
		Agency Contact:	Rick Meyer External Audit Compliance Manager PO Box 45804 Olympia, WA 98504-5804 (360) 664-6027 Richard.meyer@dshs.wa.gov

# **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	040	Finding:	The Department of Social and Health Services, Aging and Long-Term Support Administration, did not have adequate internal controls to ensure Medicaid Community Options Program Entry System and Community First Choice in-home care providers had proper background checks.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.775 \$58,973 93.777 93.778
		Status:	Refer to finding 2017-049
		Corrective Action:	The Department does not concur with the finding.
			The Department disagrees with the auditors' statement that there were inadequate internal controls to ensure in-home care providers (IPs) had proper background checks. Of the 200 IPs sampled and tested by the auditors, four were found to have errors with their background checks ranging from a data entry mistake to a missing fingerprint check. This represented 98 percent proficiency rate which reflected the strong internal controls established by the Department to ensure that IPs had proper background checks.
			As noted by the auditors, due to the Washington Service Employees International Union Training Partnership lawsuit, the Department was not able to access provider documents held by the Partnership. Due to this reason, the Department did not complete its quality assurance IP review until August 2016 when a work around was put in place to access the data. The auditors determined that IP monitoring and file review was not performed during the audit period. However, there is no federal requirement stipulating that file reviews must be completed by fiscal year rather than calendar year.
			The Department also disagrees with the auditor's determination that providers for whom a background check or a character, competence, or suitability (CC&S) was not renewed every two years are unqualified. WAC 388-71-0510 states that the provider must complete a background check to become an individual provider, but does not state that the IP will become unqualified if another background check is not completed within two years. WAC 388-71-0513 states an IP must not have a disqualifying crime or be determined unqualified based on a CC&S. There is no state or federal regulations requiring that a background check or CC&S be repeated every two years. As such, the Department does not agree that the findings should be tied to questioned costs.
			In December 2016, the Department submitted the change request to modify the Department's Agency Contract Database and the Background Check Central Unit's data feed for better monitoring and tracking of IP background check compliance.

Fiscal Voor	Finding		Finding and Corrective Action Plan
<b>Year</b> 2016	040 (cont'd)	Completion Date: Agency Contact:	By July 2017, the Department will:  • Develop a report from the contract database that will include IP background check due dates. Field staff will be able to access the report as a tool to monitor contracted providers to ensure ineligible providers do not have access to vulnerable Medicaid clients.  • Consult with Health and Human Services regarding the disagreement with repayment of questioned costs.  The conditions noted in this finding were previously reported in finding 2015-040, 2014-049, 2013-040, 12-41, and 11-34.  The condition noted in this finding was repeated in Fiscal Year 2017 Washington Single Audit. Refer to finding 2017-049.  Rick Meyer  External Audit Compliance Manager  PO Box 45804  Olympia, WA 98504-5804  (360) 664-6027  Richard.meyer@dshs.wa.gov

## **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	041	Finding:	The Department of Social and Health Services, Developmental Disabilities Administration, did not have adequate internal controls over and did not comply with requirements for cost of care adjustments paid to Medicaid supported living providers.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.775 \$34,366 93.777 93.778
		Status:	Refer to finding 2017-044
		Corrective Action:	The Department partially concurs with this finding.
		. Action.	The Department agrees that two payments were made to providers when clients were in a hospital and that one payment was inaccurately calculated. However, the Department disagrees that justification forms were inadequate.
			The Department believes that the exceptions identified in the finding are based upon the auditors' subjective analysis of the justification information contained in the cost of care adjustment (COCA) requests. The auditors did not give consideration to the Resource Managers' knowledge or expertise of the program. Furthermore, they did not consider the review of other related documents performed by Resource Managers while processing the COCA requests.
			Department staff who are responsible for reviewing and approving COCA requests have in-depth knowledge of the policies and of the instructions that are given to providers. The Department believes the instructions are concise and clear.
			The Department will continue to communicate the justification requirements to staff in accordance with department policies. In addition, instructions will be provided on accurately completing the COCA forms to the Residential Providers and to the Resource Managers.
			By July 2017, the Department will review the policy as part of contract negotiations with stakeholders and will update the policy if necessary.
			By January 2018, any updates to policy will be submitted as part of the waiver renewal or amendment. The Department will Communicate the changes and provide on-going training to staff and providers.
			The Department will consult with the U.S. Department of Health and Human Services regarding resolution of questioned costs.
			The conditions noted in this finding were previously reported in finding 2015-052. This issue was also previously reported in 2014-041 and 2013-038 which the auditors determined to be resolved.

For the Fiscal Year Ended June 30, 2017

## **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	041 (cont'd)	Completion Date: Agency Contact:	The condition noted in this finding was repeated in Fiscal Year 2017 Washington Single Audit. Refer to finding 2017-044.  Rick Meyer External Audit Compliance Manager PO Box 45804 Olympia, WA 98504-5804 (360) 664-6027 Richard.meyer@dshs.wa.gov

Fiscal Year	Finding Number		Finding and Corrective Action Plan
2016	042	Finding:	The Department of Social and Health Services, Developmental Disabilities Administration did not ensure two Medicaid Community First Choice in-home care providers had proper background checks.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.775 \$16,124 93.777 93.778
		Status:	Corrective action in progress
		Corrective	The Department concurs with the audit finding.
		Action:	The Department recognizes client safety as a top priority and will ensure background checks are completed as required.
			Employees are trained throughout the year and the Department has found training employees in the area of background checks has proven to be effective.
			The Department confirmed the two individual providers identified in the finding have completed and passed the background checks, including the fingerprint check for the one individual.
			By January 2018, the Department will implement a new system that will provide an automated solution to prevent and/or cancel active service authorizations to individual providers who fail to meet or comply with background check requirements.
			The Department will consult with the U.S. Department of Health and Human Services regarding resolution of questioned costs.
		Completion Date:	Estimated January 2018
		Agency Contact:	Rick Meyer External Audit Compliance Manager PO Box 45804 Olympia, WA 98504-5804 (360) 664-6027 Richard.meyer@dshs.wa.gov

## **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	043	Finding:	The Department of Social and Health Services, Developmental Disabilities Administration, did not have adequate internal controls over and did not comply with requirements to ensure Medicaid Community First Choice client support plans were properly approved.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.775 \$79,912 93.777 93.778
		Status:	Refer to finding 2017-046
		Corrective Action:	The Department concurs with the finding.
		Action:	The auditors' review found 18 person-centered service plans that did not have signatures or signatures not received timely. The auditors also identified one case relating to financial eligibility. The Department acknowledges that the target for timely signatures and accurate financial eligibility determination is 100 percent and seeks to reach that mark.
			To ensure person-centered service plans are signed timely in accordance with federal requirements, the Department provides training to staff responsible for obtaining the signatures. Training is also provided to the compliance monitoring team who are responsible for annual monitoring.
			As of June 2017, the Department has provided additional statewide training regarding signature requirements to ensure client support plans are properly approved.
			<ul> <li>In addition, by September 2017, the Department will:</li> <li>Clarify written policies regarding signature requirements.</li> <li>Conduct an enhanced, targeted review to monitor adherence to policies and compliance with signature requirements.</li> </ul>
			The Department will consult with the Department of Health and Human Services to discuss repaying the questioned costs.
		Completion Date:	The condition noted in this finding was repeated in Fiscal Year 2017 Washington Single Audit. Refer to finding 2017-046.
		Agency Contact:	Rick Meyer External Audit Compliance Manager PO Box 45804 Olympia, WA 98504-5804 (360) 664-6027 Richard.meyer@dshs.wa.gov

## **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	044	Finding:	The Department of Social and Health Services, Aging and Long-Term Support Administration, did not have adequate internal controls and did not comply with regulations to adequately monitor Adult Family Home providers to ensure Medicaid providers and their employees had proper background checks.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.775 \$416,523 93.777 93.778
		Status:	Refer to finding 2017-050
		Corrective Action:	The Department partially concurs with the audit finding.
		Action:	The Department agrees with the number of audit exceptions. The following actions have been taken to address adult family homes' (AFH) noncompliance with background check licensing requirements:  • As of November 2016, the Department updated the AFH provider orientation and AFH provider administration training to include the requirement of timely completion of background checks and the possible penalties for not meeting requirement.  • As of December 2016, the Department:  • Revised the online training on the Department's Residential Care Services Division internet site to include information on the background check renewal process.  • Worked with the AFH provider association to share information about background checks through the association's newsletters and intranet site, as well as the Department's Background Check Central Unit's project communication plan. The Department also ensured that all providers have access to the information.  • As of January 2017, the Department added language to the provider contract renewal letter and the annual license renewal statement reminding providers that they need a current background check to renew the contract.  • As of April 2017, the Department created a report that will proactively identify providers with background check renewals coming due. The Department will send reminder notices to providers 60 days prior to the expiration dates of their background checks.  The following additional steps will be taken to ensure compliance with
			<ul> <li>background check requirements:</li> <li>By July 2017, the Department will review and revise the State Plan to consistently reflect the minimum AFH provider qualifications as stated in state law.</li> <li>By August 2017, the Department will start the process of</li> </ul>
			addressing overdue checks listed and assigning staff to send out reminders to providers with balance due within the next 60 days.

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	044 (cont'd)		The Department does not agree the exceptions should be tied to questioned costs. The auditors' finding did not identify any providers who did in fact have a disqualifying crime or negative action.
			Neither RCW 70.128.120 nor RCW 74.39A.056 requires the Department or the provider to conduct additional background checks after the initial screening.
			While the AFHs identified in the finding did not comply with the Department's licensing requirements by not having current background check results in their files, and are therefore subject to corrective action and sanctions by the Department, the providers are not unqualified to provide Medicaid paid services. Thus, the payments to the providers were proper.
			The Department will consult with the U.S. Department of Health and Human Services regarding resolution of questioned costs.
			The conditions noted in this finding were previously reported in finding 2015-051, 2014-048, and 13-37.
		Completion Date:	The condition noted in this finding was repeated in Fiscal Year 2017 Washington Single Audit. Refer to finding 2017-050.
		Agency Contact:	Rick Meyer External Audit Compliance Manager PO Box 45804 Olympia, WA 98504-5804 (360) 664-6027 Richard.meyer@dshs.wa.gov

## **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	045	Finding:	The Department of Social and Health Services, Developmental Disabilities Administration, did not have adequate internal controls over and did not comply with requirements to ensure Medicaid payments to supported living providers were allowable.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.775 \$43,573 93.777 93.778
		Status:	Refer to finding 2017-044
		Corrective Action:	The Department does not concur with this finding.
			State law provides the Department the authority to authorize payments for individuals in community residential programs.
			The Department uses the annual cost reporting process that requires payments for the total annual contracted Instruction and Support Services (ISS) hours to be reconciled to the actual hours provided. The supported living (SL) provider attests to the accuracy of their cost reports. The Department may request additional evidence to verify the ISS hours were provided. The Department seeks recovery through an overpayment if the cost report indicates that either the hours or the funds provided for the ISS hours were not used by the agency for ISS purposes.
			The approved system is designed to allow resource flexibility for the SL provider throughout the year to meet the changing needs of the individual client. It also enables more efficient use of taxpayer resources by allowing additional staffing for peak demands. The Department requires that clients served by the agency receive all authorized ISS hours for the year. Providers are given the calendar year to address client instructions and support needs. As such, audit reviews based on a fiscal year timeframe do not accurately capture the entire delivery of service, or any corresponding annual underpayment or overpayment.
			The Department also believes the audit inappropriately treated cost settlements as overpayments. Cost settlements are based on reimbursement methodologies defined in policy, rule and contract, and are typically done in the aggregate on an annual basis, rather than on a client-by-client or case-by-case basis.
			<ul> <li>As of July 2015, the Department revised its policy to:</li> <li>Clarify the expectations that the service provider's payroll system must adequately document ISS hours delivered.</li> <li>Outline acceptable margins of flexibility of ISS hours delivered.</li> <li>Require additional schedules to report ISS hours in a format reconcilable to payroll records.</li> </ul>

## **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	045 (cont'd)		The Department provided training on the revised policies over the summer and fall of 2015.
			As of January 2017, the Department removed the two-year settlement request option from policy when the existing approvals expired. The Department already discontinued the approval of this option in calendar year 2014.
			In June 2017, the Department updated the policy again as part of contract negotiations. The new policy will be effective July 1, 2017.
			<ul> <li>Conducts reviews on approximately 20 percent of residential providers' ISS hours. Scope of this compliance review includes reconciling hours in the contract by households with employee payroll records delivered to the household. Consultation and training to service providers related to the tracking and documentation of ISS hours is provided at the time of review.</li> <li>Performs cost report reconciliations annually. The following additional measures are in place to audit provider cost reports:         <ul> <li>The Department's Residential Care Services performs a cursory review of hours provided as part of the certification evaluation process. If concerns are identified, the Department will conduct an additional review of the SL provider.</li> <li>Review a sample of 24 agencies per year. Technical assistance and training are provided to SL providers during these reviews.</li> </ul> </li> </ul>
			By January 2018, the Department will consult with the U.S. Department of Health and Human Services regarding resolution of questioned costs.
			The conditions noted in this finding were previously reported in finding 2015-049, 2014-042, 2014-043, 2013-036, and 12-39.
		Completion Date:	The condition noted in this finding was repeated in Fiscal Year 2017 Washington Single Audit. Refer to finding 2017-044.
		Agency Contact:	Rick Meyer External Audit Compliance Manager PO Box 45804 Olympia, WA 98504-5804 (360) 664-6027 Richard.meyer@dshs.wa.gov

## **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	046	Finding:	The Department of Social and Health Services did not accurately claim the federal share of Medicaid payments processed through the Social Service Payment System.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.775 \$106,055 93.777 93.778
		Status:	Corrective action complete
		Corrective Action:	The Department concurs with the audit finding.
			During the implementation and data conversion for Community First Choice, not all data converted correctly from the Social Service Payment System (SSPS). Due to accounting and staff workload related to the implementation of Provider One and Individual Provider One (IPOne), it took an unanticipated amount of time to obtain data reports from SSPS and to process corrections in the state's accounting system.
			For cases where incorrect cost allocation social service codes were authorized by case managers resulting in incorrect federal matching rates, Department staff notified accounting when discovered and expenditures were subsequently corrected. Although this is normal business practice, the auditors included these transactions in the amount of questioned costs.
			As of March 2016, with the exception of some minor prior authorization corrections, services are no longer authorized in SSPS. With the implementation of Provider One and IPOne, additional controls are in place to limit the selection of service codes by case managers when authorizing services. The Department's Home and Community Services Quality Assurance Unit continues to monitor payment authorizations for compliance with requirements.
			As of October 2016, the questioned costs were returned to the U.S. Department of Health and Human Services Centers for Medicare and Medicaid Services.
		Completion Date:	October 2016

## **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	048	Finding:	The Department of Social and Health Services, Aging and Long-Term Care Administration, made improper Medicaid payments to individual providers.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.775 \$90,685 93.777 93.778
		Status:	Corrective action in progress
		Corrective Action:	The Department partially concurs with the audit finding.  The auditors used payment data to identify payments made to individual providers who claimed payment for personal care and mileage services on the same date of service that payment was made to a hospital or long-term care facility. The Department concurs that unallowable payments were made, but it is not known whether payments were incorrectly claimed by the individual providers, rather than the hospital or long term care facility.  The audit work was performed during the first three months after the Department's new billing system, Individual ProviderOne (IPOne), went live. During this time, providers were experiencing a learning curve in using the new system, which may have contributed to incorrect claims made during this time period.  Since the implementation of the IPOne system, internal controls have strengthened in processing payments to individual providers. It is now easier for the Department to discover incidents when providers are claiming hours for a time period in which a client is in a hospital, long-term care facility, or other institutional setting.  By July 2017, the Department will develop a process to research and remediate occurrences of payments made for personal care and mileage services while a client was either hospitalized or admitted to a long-term care facility.  The Department will consult with the Department of Health and Human Services to discuss repayment of the questioned costs.
		Completion Date:	Estimated January 2018
		Agency Contact:	Rick Meyer External Audit Compliance Manager PO Box 45804 Olympia, WA 98504-5804 (360) 664-6027 Richard.meyer@dshs.wa.gov

## **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	049	Finding:	The Department of Social and Health Services, Developmental Disabilities Administration, did not have adequate internal controls over and did not comply with requirements to ensure Medicaid payments made through the Social Service Payment System to individual providers were allowable.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.775 \$161,299 93.777 93.778
		Status:	Corrective action in progress
		Corrective Action:	The Department partially concurs with this finding.
		Action.	The Department concurs that there were 48 payments not supported with timesheets or other documentation for hours worked or mileage claimed. However, the Department does not concur with all of the questioned costs associated with duplicate payments.
			<ul> <li>To address the audit recommendations, the Department has taken the following corrective actions:</li> <li>With the implementation of Individual ProviderOne system in March 2016, provider timesheets are now submitted electronically by providers as supporting documentation prior to payment.</li> <li>As of June 2016, a portion of the duplicate payments were submitted for overpayments and were returned to the federal government.</li> <li>As of January 2017, the Department's Developmental Disabilities Administration started verifying providers' services by phone calls to a random sample of clients each month.</li> <li>As of May 2017, the new system automatically sends letters to a random sample of clients to verify services as part of the quality assurance review process.</li> <li>By July 2017, overpayments will be submitted to the Office of Financial Recovery for recoupment from individual providers.</li> <li>The Department will consult with the U.S. Department of Health and Human Services to discuss the repayment of other questioned costs.</li> </ul>

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2016	050	Finding:	The Department of Social and Health Services did not have adequate internal controls over the level of effort requirements for the Block Grants for Prevention and Treatment of Substance Abuse.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.959 \$0
		Status:	Corrective action complete
		Corrective Action:	The Department agrees with the finding.
		renon.	The Department formalized a written procedure to ensure established policies are followed in monitoring and managing maintenance of efforts requirement for both treatment services for pregnant women and women with dependent children, as well as for tuberculosis services. The procedure references the data sources necessary for monitoring expenditure levels; frequency of monitoring efforts; and the appropriate actions to be implemented if expenditures are below the maintenance of effort levels. The formal procedure was communicated to responsible staff across the agency.
			The Department collaborated with the Department of Health and the Health Care Authority to capture tuberculosis data quarterly and developed a methodology to determine and document the percentage of expenditures spent on individuals in substance abuse disorder treatment.
			The conditions noted in this finding were previously reported in finding 2015-053 and 2014-051.
		Completion Date:	May 2017

## **State Health Care Authority**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2015	035	Finding:	The Health Care Authority improperly claimed federal reimbursement for payments made on behalf of deceased Medicaid clients.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.775 \$310,091 93.777 93.778 ARRA and non-ARRA
		Status:	Corrective action complete
		Corrective Action:	The majority of the questioned costs identified by the auditors are routine monthly premiums paid in advance to the managed care organizations the clients were enrolled in. Once a client's death is verified, the Authority recoups the premiums through the normal recoupment process.
			The auditors conducted this test by comparing June 30, 2015, client data to October 2015 Social Security Administration Death Master File. The result of the timing difference is that the list of exceptions includes clients who died before June 30, but whose death was not recorded in the Social Security Administration Death Master File until after June 30. The auditors cannot determine which of the 835 client deaths were recorded before June 30, and which ones were recorded after June 30.
			The auditors are holding the Authority responsible for identifying and collecting, before June 30, all payments made on behalf of these clients, including those whose death was recorded after June 30.
			When provided the list of 835 clients, the Authority could quickly demonstrate that costs had already been recouped totaling \$259,865 for 549 clients. Recoupment was through the normal process. The auditors acknowledge this in the finding, but continue to question the costs.
			The Authority concurs costs had not yet been recouped for the remaining 286 clients at the time of the audit. Those costs have now been recouped. The Authority will discuss repayment of these costs with the U.S. Department of Health and Human Services.
			The conditions noted in this finding were previously reported in finding 2014-030 which the auditors determined to be resolved.
		Completion Date:	February 2016
		Agency Contact:	Kathy E. Smith Audit & Accountability Manager PO Box 45502 Olympia, WA 98504-5502 (360) 725-0937 kathy.smith2@hca.wa.gov

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2015	036	Finding:	The Health Care Authority made improper Medicaid payments for clients whose Social Security numbers and citizenship status were not verified and for unallowable non-emergency services.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.775 \$155,033 93.777 93.778 ARRA and non-ARRA
		Status:	Corrective action complete
		Corrective Action:	As the auditor noted, the Authority continuously made improvements in its training and monitoring, and maintains adequate Social Security number and citizenship verification procedures. However, it is not possible to prevent or detect all unallowable payments.  The Authority has terminated eligibility for the identified clients whose citizenship or Social Security numbers could not be verified.  The Authority will consult with the U.S. Department of Health and
			Human Services regarding resolution of questioned costs.
			The conditions noted in this finding were previously reported in finding 2014-029 and 2014-030 which the auditors determined to be resolved.
		Completion Date:	February 2016
		Agency Contact:	Kathy E. Smith Audit & Accountability Manager PO Box 45502 Olympia, WA 98504-5502 (360) 725-0937 kathy.smith2@hca.wa.gov

Fiscal Year	Finding Number		Finding and Corrective Action Plan
2015	037	Finding:	The Health Care Authority overpaid Medicaid providers for dental services.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.775 \$25,945 93.777 93.778 ARRA and non-ARRA
		Status:	Corrective action complete
		Corrective Action:	The Authority has recouped the unallowable claims paid to dental providers.
			The Authority will consult with the U.S. Department of Health and Human Services regarding resolution of questioned costs.
			The conditions noted in this finding were previously reported in finding 2014-033 and 2013-027. This issue was also previously reported in finding 12-53 which the auditors determined to be resolved.
		Completion Date:	June 2016
		Agency Contact:	Kathy E. Smith Audit & Accountability Manager PO Box 45502 Olympia, WA 98504-5502 (360) 725-0937 kathy.smith2@hca.wa.gov

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2015	038	Finding:	The Health Care Authority made improper Medicaid inpatient high outlier payments to hospitals.
		Questioned Costs:	<u>CFDA #</u> 93.775 \$33,205 93.777 93.778 ARRA and non-ARRA
		Status:	Corrective action complete
		Corrective Action:	As acknowledged by the auditors, the Authority corrected both WAC 182-550-3700 and the ProviderOne system in July 2014. The auditors tested claims with admission dates after July 1, 2014, and confirmed that those claims were paid correctly. The claims in question have admission dates prior to July 1, 2014; WAC and ProviderOne system changes cannot apply retroactively.
			The Authority will consult with the U.S. Department of Health and Human Services to discuss repayment of questioned costs.
			The conditions noted in this finding were previously reported in finding 2014-032 and 2013-023.
		Completion Date:	July 2014
		Agency Contact:	Kathy E. Smith Audit & Accountability Manager PO Box 45502 Olympia, WA 98504-5502 (360) 725-0937 kathy.smith2@hca.wa.gov

## **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2015	041	Finding:	The Department of Social and Health Services improperly claimed federal reimbursement for payments made on behalf of deceased Medicaid clients.
		Questioned Costs:	CFDA # Amount 93.775 \$22,584 93.777 93.778 ARRA and non-ARRA
		Status:	Corrective action in progress
		Corrective Action:	This finding involved three administrations within the Department: the Aging and Long Term Support Administration (ALTSA), the Developmental Disabilities Administration, and the Behavioral Health Administration. Each administration has taken or will take corrective action.
			The audit identified 97 instances of payments made through the Social Service Payment System and ProviderOne for services provided after the client's date of death (ALTSA: 81; DDA: 8; BHA: 8). ALTSA has determined 20 of the 81 payments were for allowable services prior to the client's death. For the remaining 77 payments, the Department has sent overpayment notices to the providers. The questioned costs will be returned to the Center for Medicaid and Medicare Services by December 2017.
			<ul> <li>The Department's goal for payment of services provided after the date of death is zero, and it seeks to reach that mark. The following processes were implemented to strengthen controls: <ul> <li>Direct staff to follow policies and procedures to ensure authorization of services is closed by the effective date of death.</li> <li>Generate a monthly Long Term Care Client Payments After Death Report that identifies clients who have authorizations paid after their date of death.</li> <li>Perform post payment review to ensure that any authorizations or payments not identified by the monthly reports are captured and recovered.</li> <li>Ensure overpayments are processed timely and funds returned to the federal grantor.</li> <li>Continue partnership with the Health Care Authority to identify payments after the date of death.</li> </ul> </li> <li>The conditions noted in this finding were previously reported in finding and 2014-050 which the auditors determined to be resolved.</li> </ul>
		Completion Date:	Estimated December 2017
		Agency Contact:	Rick Meyer External Audit Compliance Manager PO Box 45804 Olympia, WA 98504-5804 (360) 664-6027 Richard.meyer@dshs.wa.gov

Fiscal Year	Finding Number		Finding and Corrective Action Plan
2015	042	Finding:	The Department of Social and Health Services paid Medicaid benefits for clients who did not have valid Social Security numbers.
		Questioned Costs:	CFDA # Amount 93.775 \$55,719 93.777 93.778 ARRA and non-ARRA
		Status:	Corrective action complete
		Corrective Action:	In response to the auditors' recommendations, the Department's Children's Administration (CA) has strengthened its process by reviewing Social Security numbers quarterly to minimize the erroneous allocation of expenditures to Medicaid funding.
			As of August 2016, CA reviewed the three clients identified in the finding and switched them to the correct non-US citizen service pay code within the Department's payment system as appropriate.
			The Department also worked with the State's lead Medicaid agency, the Health Care Authority (HCA), on the resolution of questioned costs with the Center for Medicare and Medicaid Services (CMS). The Department found that the auditors incorrectly calculated the reported amount of \$55,719 questioned costs. A letter confirming the correctly calculated amount of \$29,935.80 was subsequently sent to CMS by HCA.
			As of August 2016, the Department had repaid all the questioned costs.
		Completion Date:	August 2016
		Agency Contact:	Rick Meyer External Audit Compliance Manager PO Box 45804 Olympia, WA 98504-5804 (360) 664-6027 Richard.meyer@dshs.wa.gov

## **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		Corrective Action Plan
2015	043	Finding:	The Department of Social and Health Services did not accurately claim the federal share of Medicaid payments for Presumptive Supplemental Security Income clients.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.775 \$130,234 93.777 93.778 ARRA and non-ARRA
		Status:	Corrective action complete
		Corrective Action:	As of July 2015, all questioned costs were returned to the U.S. Department of Health and Human Services Centers for Medicare and Medicaid Services (CMS).
			To correctly account for Presumptive Supplemental Security Income (PSSI), the Department developed new functional Recipient Aide Categories (RACs) within the ProviderOne payment system. The new functional RACs are now paired with one specific financial RAC separating out this group of clients, which allows the PSSI expenditures to be directly coded to the appropriate match rate. The new RACs were implemented when ProviderOne went live in January 2015 for 1099 reportable services. The 1099 reportable services were transitioned from the Social Service Payment System (SSPS) at that time.
			Since SSPS only had one year remaining to pay W2 services, changes were not made in SSPS for these services. Instead, reports were developed to identify PSSI expenditures which were corrected via journal voucher until the Individual Provider One system went live in March 2016. The new functional RACs were paired with the one financial RAC to directly code W2 expenditures correctly.
			The Department worked with the Health Care Authority, the state Medicaid agency, to inform CMS that the questioned costs were repaid in 2015, and requested the payment information be listed on the CMS-64 report for the quarter ending June 30, 2017.
		Completion Date:	June 2017
		Agency Contact:	Rick Meyer External Audit Compliance Manager PO Box 45804 Olympia, WA 98504-5804 (360) 664-6027 Richard.meyer@dshs.wa.gov

## **Department of Social and Health Services**

Fiscal Year	Finding Number		Finding and Corrective Action Plan
2015	046	Finding:	The Department of Social and Health Services made improper payments for unallowable services provided to newly eligible Medicaid clients under the Affordable Care Act.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.775 \$58,572 93.777 93.778 ARRA and non-ARRA
		Status:	Corrective action complete
		Corrective Action:	To correctly account for the Alternative Benefits Plan (ABP), the Department developed new functional Receipt Aid Categories (RACs) within the ProviderOne payment system. The new functional RACs are now paired with one specific financial RAC separating out this group of clients, which allows the ABP expenditures to be directly coded to the appropriate match rate. The new RACs were implemented when ProviderOne went live during January 2015 for 1099 reportable services. The 1099 reportable services were transitioned from the Social Service Payment System (SSPS) at that time.
			In addition, since SSPS only had one year remaining to pay W2 services, changes were not made in SSPS for these services. Instead reports were developed to identify ABP expenditures which were corrected via journal voucher until the Individual Provider One System (IPOne) went live in March 2016. After IPOne was implemented, the new functional RACs were paired with the one financial RAC to directly code W2 expenditures correctly.
			As of October 2016, the Department returned all questioned costs to the U.S. Department of Health and Human Services. The Department is working with the Health Care Authority, the state Medicaid agency, to request that the Center for Medicaid and Medicare Services document this payment on the CMS-64 report for the quarter ending June 30, 2017.
		Completion Date:	October 2016
		Agency Contact:	Rick Meyer External Audit Compliance Manager PO Box 45804 Olympia, WA 98504-5804 (360) 664-6027 Richard.meyer@dshs.wa.gov

## **Department of Social and Health Services**

Fiscal	Finding		Finding and
Year	Number		<b>Corrective Action Plan</b>
2015	048	Finding:	The Department of Social and Health Services improperly claimed federal Medicaid reimbursement for non-emergency services provided to nonqualified aliens.
		Questioned Costs:	<u>CFDA #</u> <u>Amount</u> 93.775 \$37,426 93.777 93.778 ARRA and non-ARRA
			93.//6 AKKA aliu lioli-AKKA
		Status:	Corrective action complete
		Corrective Action:	The Department concurs with this finding.
			This finding involved three administrations within the Department: the Aging and Long Term Support Administration, the Children's Administration, and the Developmental Disabilities Administration.
			The Children's Administration will work to strengthen the review of these cases to help minimize the possibility of funds being allocated to Medicaid in error.
			The Aging and Long Term Support and the Developmental Disabilities Administrations agree some clients were assigned the wrong Medicaid Recipient Aid Category (RAC) within ProviderOne, but the services were provided correctly.
			ProviderOne was implemented on January 1, 2015, and all case managers were provided training prior to this date. In the winter of 2015, the Department provided additional training to some staff on how to select the correct RAC for these clients.
			Since the services were provided appropriately under the state-only program, but the Medicaid RAC was assigned in error, the Department will not be recovering the questioned costs from the clients. By July 2017, the questioned costs will be repaid by corrections processed through ProviderOne. The Department will be requesting the Center for Medicaid and Medicare Services to document this payment on the CMS-64 report for the quarter ending September 2017.
			The conditions noted in this finding were previously reported in finding 2014-050 which the auditors determined to be resolved.
		Completion Date:	July 2017

## **Department of Social and Health Services**

Fiscal	Finding	Finding and		
Year	Number			
2015	050	Finding:	The Department of Social and Health Services, Developmental Disabilities Administration, made overpayments to Medicaid supported living providers who did not ensure staff, with access to developmentally disabled clients, received a proper background check.	
		Questioned Costs:	<u>CFDA #</u> 93.775 \$52,592 93.777 93.778 ARRA and non-ARRA	
		Status:	Corrective action complete	
		Corrective Action:	The Department partially concurs with this finding.	
			The one staff with a disqualifying result worked for two supported living agencies. During a renewal background check, one of the two agencies received a disqualifying result. That agency terminated the employee appropriately. As the employee did not self-report, the second agency was not aware the employee had a new disqualifying crime. The employee resigned prior to the required renewal background check. Both agencies were in compliance with the law, rules, policies, and contractual requirements.	
			<ul> <li>In regards to the other three employees identified in the finding, the Department has demonstrated substantial improvement in background check compliance. This has been achieved through: <ul> <li>Updating the background authorization policy and providing training to supported living providers and Department employees on the policy change.</li> <li>Training for providers occurs regularly within each region.</li> <li>Continual monthly reviews conducted by the Department's Enterprise Risk Management Office to ensure providers are in compliance with background check laws, rules, and policies.</li> </ul> </li> </ul>	
			<ul> <li>The Department took the following actions to ensure ineligible individuals do not have access to vulnerable Medicaid clients and background checks are renewed timely: <ul> <li>During fiscal year 2016, provided information, education, and training to providers on background check policy and Washington Administrative Code.</li> <li>Dedicated a Department headquarters position to provide direct support and consultation to providers on interpretation of background check result letters.</li> <li>Monitored for background check compliance through Residential Care Services certification reviews.</li> <li>Continued to partner with the Background Check Central Unit on developing processes for background check renewals and disqualifying results.</li> </ul> </li> </ul>
