**State of Washington
Status of Audit Resolution
December 2019**

THIS REPORT SUMMARIZES the status of corrective actions taken by state agencies, in conjunction with the Office of Financial Management (OFM), to resolve exceptions to specific expenditures or financial transactions reported in audits performed under RCWs 43.09.310 and 43.09.340.

Washington State laws require post audits of every state agency. As part of the audit process, exceptions to specific expenditures or financial transactions become a matter of public record. OFM is required to ensure that agencies take corrective actions to address exceptions and to annually report on the status of these audit resolutions.

This annual report is required by RCW section 43.88.160 (6)(d) which states, “The director of financial management shall annually report by December 31st the status of audit resolution to the appropriate committees of the legislature, the state auditor, and the attorney general. The director of financial management shall include in the audit resolution report actions taken as a result of an audit including, but not limited to, types of personnel actions, costs and types of litigation, and value of recouped goods or services.”

This report summarizes the status of resolution of audit exceptions reported in conjunction with individual agency post audits and the statewide single audit, as well as other special State Auditor’s Office (SAO) reports. These reports were issued between November 1, 2018, and October 31, 2019.

The audit reports issued during that period include:

- 61 federal compliance findings
- 17 non-federal findings
- 3 findings of fraud

Agencies are required to submit corrective action plans to OFM within 30 days of issuance of audit reports in which exceptions are taken. OFM participates in the corrective action process, which is subject to a follow-up review by SAO.

2018 F = Statewide Single Audit Report

State of Washington
 Status of Audit Resolution
 December 2019

State of Washington

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	001	<p>Finding: The State should improve internal controls over specific areas of recording and reporting financial activity in the State’s financial statements.</p> <p>Corrective Action: The Office of Financial Management (OFM), with the collaboration of state agencies, strives for the highest standards in the preparation of the state’s financial statements. OFM has discussed the issues with the agencies included in this finding and provided assistance in developing their respective corrective action plans. Responses from each agency are listed below:</p> <p><i>State Board for Community and Technical Colleges</i></p> <p>It is the Board’s priority to ensure accurate financial data from the new financial system (ctcLink) is interfaced into the Agency Financial Reporting System (AFRS). Since the fiscal year 2017 audit, the Board has had a support team dedicated to assist the two colleges who implemented the ctcLink system to close their prior fiscal years.</p> <p>As of July 2018, the Board required all colleges’ fiscal months be closed on the same schedule.</p> <p>As of November 2018:</p> <ul style="list-style-type: none"> • The Community Colleges of Spokane closed fiscal years 2016, 2017, and 2018. • The Tacoma Community College closed fiscal year 2018. <p>The Board is currently reviewing and reconciling the colleges’ financial data to AFRS; making necessary adjustments to ensure the data was recorded accurately in the system. The Board will continue to work with college staff to resolve outstanding issues.</p> <p>As of April 2019, the Board implemented an automated process for uploading data from the ctcLink system to AFRS. The new process reduces the Board’s workload and enables more timely and accurate reconciliations and adjustments of college financial data reported in AFRS at year-end.</p> <p>On July 2019, a newly re-designed global chart of accounts system was implemented, which has significantly improved the college system’s ability to consistently track and report revenue and expenses. However, this implementation also necessitated the customization of the AFRS upload process to be re-configured to work with the new chart of accounts.</p> <p>As of October 2019, testing of the customization of the AFRS upload process was complete and was successfully deployed. In the coming months, the State Board anticipates the first ctcLink college data to be uploaded to AFRS using the updated customization.</p>

State of Washington

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	001 (cont'd)	<p><i>Department of Licensing</i></p> <p>The Department has completed a reconciliation of revenues to identify the sources of receipts in the clearing account and to correctly classify revenue in the accounting records.</p> <p>Additionally, the Department implemented new processes to ensure sources of revenue receipts are promptly identified and accurately recorded in the state's accounting system.</p> <p><i>University of Washington</i></p> <p>Since the University has a different accounting basis for reporting, OFM processes year-end adjustments to consolidate and properly report the University's financial information in the state's financial statements. In fiscal year 2018, certain misclassification of funds on the University's financial statements were not identified timely, resulting in misstatements on the state's financial statements.</p> <p>OFM and the University have been working on strengthening internal controls to ensure the year-end process for consolidating, adjusting and reporting year-end financial data in the state's accounting system are completed timely and accurately.</p> <p>As of June 2019, OFM implemented a monitoring plan for higher education institutions to identify issues that require immediate attention during the fiscal year. In addition, OFM will request the financial statements from each university and will compare material amounts on the statements to AFRS. Any variances identified will be evaluated with each university.</p> <p>For the fiscal year 2019 CAFR, OFM conducted an analytical review of the University of Washington's financial statements before the CAFR opinion was issued.</p> <p><i>Office of Financial Management</i></p> <p>OFM prepares the state's financial statements in accordance with generally accepted accounting principles. OFM concurs that several year-end adjustments were inaccurately recorded in fiscal year 2018 when implementing the new accounting standards related to pensions and other post-employment benefits. These errors were corrected in the state's final financial statements.</p> <p>OFM is responsible for ensuring all agencies report their fiscal activities accurately, and recognizes the importance of internal controls over recording and reporting financial transactions. OFM has the following procedures in place to monitor and identify significant agency activities that may impact the state's financial reporting:</p>

State of Washington
 Status of Audit Resolution
 December 2019

State of Washington

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	001 (cont'd)	<ul style="list-style-type: none"> • Perform quarterly, mid-year, and year-end analytical reviews to detect unusual or questionable transactions. • Monitor and review unusual events or unique program activities related to legislative changes or other mandates, and assess the overall statewide impact. • Conduct necessary accounting research for all special and unique transactions and work with responsible agencies to ensure the transactions are properly accounted for and correctly reported in the State's accounting system. When interpretation of standards are not definitive, OFM will seek guidance from the Governmental Accounting Standards Board. • Monitor agencies' financial data by running monthly reports from AFRS to identify incorrect transactions and questionable balances. <p>In fiscal year 2018, OFM utilized a new financial reporting software tool to prepare the State's Comprehensive Annual Financial Report (CAFR). The reporting software tool improved the efficiency and accuracy for developing the report. For fiscal year 2019, OFM has extended the agreed-upon opinion date for the CAFR, allowing additional time for preparation and review. OFM expects that increased proficiency in using the reporting software tool and additional preparation time will allow sufficient dedicated resources for year-end review.</p> <p>OFM maintains ongoing communication with agencies and continually emphasizes the need to seek OFM guidance when reporting unique accounting activities.</p> <p>As of January 2019, OFM:</p> <ul style="list-style-type: none"> • Increased communication with agencies regarding the importance of performing regular and timely general ledger reconciliations. • Identified agencies with significant impact to the state's financial statements. Quarterly engagement meetings have been initiated with those agencies to discuss current issues and concerns, and to communicate any updated implementation guidance for new accounting standards. <p>OFM will continue to:</p> <ul style="list-style-type: none"> • Conduct meetings with all agencies prior to fiscal year-end close to provide important reminders and review outstanding issues. • Provide ongoing training classes to all state agencies on various topics related to the processing and reporting of financial activities. • Work with the State Board for Community and Technical Colleges, Department of Licensing, and the University of Washington to strengthen their internal controls over processing and reporting of financial activities.

 December 2019

Department of Commerce

Agency 103

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	032	<p>Finding: The Department of Commerce did not have adequate internal controls over and did not comply with requirements to monitor subrecipients of the Low-Income Home Energy Assistance program.</p> <p>Corrective Action: The Department concurs with the finding.</p> <p>The Low-Income Home Energy Assistance program (LIHEAP) contracted with 26 subrecipients. These agencies are required to enter payment data for each client that receives a LIHEAP benefit into a centralized database. The Department uses this information to select transactions for onsite and desk monitoring.</p> <p>In response to the audit recommendations, the Department has strengthened internal controls over monitoring activities of subrecipients to ensure subawards from LIHEAP are used for authorized purposes. The following changes were incorporated in the current contract monitoring process:</p> <ul style="list-style-type: none"> • Increased the threshold for onsite and desk monitoring review from one to three months of fiscal transactions. • Requested general ledger and back up documentation for each selected transaction to verify allowability of costs. <p>As of January 2019, the program reviewed and formally updated the program monitoring plan to reflect the new process of subrecipient monitoring.</p> <p>As of June 2019, the program:</p> <ul style="list-style-type: none"> • Worked with the Department’s Energy Division, which also makes subawards of LIHEAP funds, to coordinate and increase efforts around fiscal and administrative monitoring. When opportunities exist, program staff will attend trainings hosted by the Energy Division on subrecipient monitoring. • Performed analytical reviews of each subrecipient’s spending trends over a five-year period to help identify the highest three months of spending. With the collaboration of the Information Services Division, program staff created a report that identifies the months that should be included for fiscal transaction reviews. Subrecipients are then required to submit backup documentation for each expense incurred for those months. <p>The Department also required subrecipients to submit back up documentation for invoices during the program year. This new requirement had been included in the special terms and conditions of the new contracts, which was effective October 1, 2019. Technical assistance and training on this requirement was provided to subrecipients during the Department’s conference in September 2019.</p> <p>By providing staff training, leveraging Department resources to increase monitoring and utilizing a data-driven approach to identify high-risk</p>

State Health Care Authority

Agency 107

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	041	<p>Finding: The Health Care Authority did not have adequate internal controls over and did not comply with a state law requirement to perform semi-annual data sharing with health insurers.</p> <p>Corrective Action: This finding is based on a specific data exchange method which most insurance carriers have chosen not to participate in and which the Authority has no legal authority to enforce. The auditor recommended the Authority seek and obtain the legal authority through legislation. While it is not within the Authority’s scope of responsibilities to regulate insurance companies, several other methods of data sharing are regularly employed to achieve the goal of identifying third party liability.</p> <p>The Authority has requested legislation that modifies the specific method and timing of data exchange with insurance carriers.</p> <p>In June 2018, the auditor submitted this finding to the appropriate committees of the legislature in accordance with the requirements of the amended RCW 43.09.312 when the auditor determines that the audited agency has not made substantial progress in remediating its noncompliance.</p> <p>The Authority anticipates the finding will be resolved through the legislation request and/or the decision of the legislative committees regarding resolution.</p> <p>The conditions noted in this finding were previously reported in findings 2017-031, 2016-028, 2015-030, 2014-034, 2013-020, 12-49, 11-38, 10-40, 09-19, and 08-25.</p> <p>Completion Date: Corrective action is expected to be complete by June 2020</p> <p>Agency Contact: Keri Kelley External Audit Compliance Manager PO Box 45502 Olympia, WA 98504-5502 (360) 725-9586 keri.kelley@hca.wa.gov</p>

State Health Care Authority

Agency 107

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	042	<p>Finding: The Health Care Authority did not have adequate internal controls over and did not comply with requirements to ensure certain Medicaid providers were revalidated every five years or that screening and fingerprint-based criminal background check requirements were met.</p> <p>Corrective Action: The Authority is aware of the current situation with provider revalidation and is closely monitoring with routine reports.</p> <p>The Authority has prioritized revalidation work, and is making progress towards revalidation compliance. Currently, the Authority is working on a long-term solution by developing an automated process that will conduct all necessary data matches. The new process is expected to significantly reduce the amount of manual effort required and ensure provider revalidation is performed timely. Until the new automated process is fully implemented, the Department conducts other activities to mitigate the risk of paying ineligible providers.</p> <p>The Authority also noted that federal regulations require providers to be re-categorized as high risk under very specific, limited circumstances. The Authority determined that there were approximately two dozen providers, out of 98,000, that met the specific criteria and required to be re-categorized as high risk. The Authority has implemented internal processes for divisions to notify the provider enrollment unit of any events related to provider overpayments, payment suspensions or new sanctions, which would trigger the need to adjust a provider’s risk level to high.</p> <p>As of December 2018, the Authority:</p> <ul style="list-style-type: none"> • Completed the process of re-categorizing current high-risk providers. • Updated procedures to include the new process of adjusting risk level when a qualifying event occurs. <p>By November 2019, the Department will send notification of the revalidation requirement to all providers who enrolled with the Authority prior to March 31, 2014.</p> <p>By March 2020, the Authority will implement the new fingerprint requirement and will conduct fingerprint-based criminal background checks on the high risk providers identified under the re-categorization process.</p> <p>The conditions noted in this finding were previously reported in finding 2017-033.</p> <p>Completion Date: Corrective action is expected to be complete by March 2020</p> <p>Agency Contact: Keri Kelley External Audit Compliance Manager PO Box 45502 Olympia, WA 98504-5502 (360) 725-9586 keri.kelley@hca.wa.gov</p>

2018 F	043	<p>Finding: The Health Care Authority did not have adequate internal controls over and did not comply with requirements to ensure Medicaid Service Verifications were performed for eligible nursing home claims.</p> <p>Corrective Action: To address the audit recommendation, the Department has taken the following actions:</p> <ul style="list-style-type: none"> • As of May 2017, Medical Service Verifications (MSVs) were expanded in ProviderOne to include social service claims. • As of November 2017, a Service Level Agreement was signed with the Department of Social and Health Services (DSHS). The agreement detailed the roles and responsibilities of the Authority and DSHS for processing and investigating leads from MSVs. <p>The Authority does not agree that the exclusion of nursing homes in the survey population is an indication of control deficiency. The Authority strategically excluded nursing homes in order to conduct targeted, risk-based verifications with high return rates. From a compliance standpoint, the Authority believes federal regulations allow flexibility for grantees to adopt a more effective approach.</p> <p>The Authority will continue to consult with the federal grantor to obtain clarification. As of March 2018, nursing homes are included in the universe of ProviderOne claims until definitive federal guidance is obtained.</p> <p>The conditions noted in this finding were previously reported in findings 2017-034, 2016-029, 2015-032, 2014-039, 13-031, 12-54, and 11-39.</p> <p>Completion Date: March 2018, subject to audit follow-up</p> <p>Agency Contact: Keri Kelley External Audit Compliance Manager PO Box 45502 Olympia, WA 98504-5502 (360) 725-9586 keri.kelley@hca.wa.gov</p>

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	046	<p>Finding: The Health Care Authority did not have adequate internal controls over and did not comply with suspension and debarment requirements for Medicaid medical fee-for-service providers.</p> <p>Corrective Action: The Authority currently has the follow processes in place to verify that providers have not been suspended or debarred:</p> <ul style="list-style-type: none"> • Conducts reviews of the List of Excluded Individuals/Entities (LEIE) and Excluded Parties List System/System for Award Management (EPLS/SAM) database checks during new provider enrollment and provider re-validation. • Conducts monthly LEIE database checks on Medicaid providers. • Managed Care Organizations conduct LEIE and EPLS/SAM database checks on network providers under the Authority’s Apple Health contract. <p>The Authority is not currently conducting monthly checks with EPLS/SAM. The system only has the ability to search a single individual and there is a price associated with uploading more than one individual provider at a time. Due to the volume of providers and the resources it requires, it is not feasible for the Authority to conduct monthly EPLS/SAM checks on providers.</p> <p>Last year, the Authority was approved as a pilot state to utilize the U.S. Department of Treasury’s Do Not Pay database system, which will allow the Authority to upload the volume of providers into EPLS/SAM and conduct the required checks on a monthly basis. However, this process has since stalled on the federal side.</p> <p>The Authority is exploring other opportunities to meet compliance. Although the Authority is not currently conducting EPLS/SAM database checks at the frequency required, there were no improper payments identified.</p> <p>The conditions noted in this finding were previously reported in findings 2017-037.</p> <p>Completion Date: Corrective action is expected to be complete by December 2019</p> <p>Agency Contact: Keri Kelley External Audit Compliance Manager PO Box 45502 Olympia, WA 98504-5502 (360) 725-9586 keri.kelley@hca.wa.gov</p>

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	028	<p>Finding: The Department of Social and Health Services did not have adequate internal controls in place to ensure quarterly reports for the Temporary Assistance for Needy Families Grant were submitted accurately.</p> <p>Corrective Action: The Department partially concurs with the finding.</p> <p>The Department currently has processes in place to ensure the accuracy and completeness of quarterly reports for the Temporary Assistance for Needy Families Grant (TANF). Specifically, the Department:</p> <ul style="list-style-type: none"> • Maintains extensive documentation on algorithms for deriving the items in the federal transmission, including specifications on tables and codes in the Automated Client Eligibility System and the Social Service Payment System, and how Statistical Analysis System processes use this data to comply with reporting requirements. • Runs a quality assurance process for each report that identifies potential fatal and warning edits, the results of which are reviewed by the Supervisor. <p>The Department has documented the quarterly reporting processes in detail, and continues to extend and update documentation, written policies and procedures for this complex reporting process.</p> <p>While the Department may benefit from a more formal process, the review of both code and results is extensive and the process includes monthly dissemination of summary data to multiple partners for review and validation. The established process ensures quarterly reports required for meeting participation rates are accurate, complete and submitted timely.</p> <p>The Department believes that the controls for change requests, coding updates and the approval processes are adequate.</p> <p>As of October 2018, the Department began manual monitoring, reviewing, and testing of coding changes to ensure they were applied correctly. While no version control software was used, Department staff maintained copies of all old code versions using filename conventions.</p> <p>As of October 2019, the Department updated documentation to reflect automation enhancements to existing data set generation and reporting processes.</p> <p>By January 2020, the Department will</p> <ul style="list-style-type: none"> • Implement the use of technical assessment forms and security review forms. • Conduct peer reviews and document results, testing, logging and approval prior to moving code changes into the production environment.

2018 F	029	<p>Finding: The Department of Social and Health Services did not have adequate internal controls in place for submitting quarterly and annual reports for the Temporary Assistance for Needy Families grant.</p> <p>Corrective Action: The Department does not concur with the finding.</p> <p>In response to prior years’ findings, the Department has taken actions to improve internal controls over the reporting process for the Temporary Assistance for Needy Families (TANF) grant.</p> <p>As of March 2018, prior to the end of the audit period, the Department fully implemented the following process changes:</p> <ul style="list-style-type: none"> • Hosted weekly workgroup meetings to review and update existing policies and procedures as necessary to strengthen internal control. • Implemented a quarterly monitoring and reporting schedule for all maintenance of effort (MOE) sources to ensure reported expenditures are allowable, accurate and submitted in a timely manner. • Established a process for reviewing future budgets on programs subject to MOE requirements: <ul style="list-style-type: none"> ○ Perform trend analysis by comparing budget data to previous years to ensure there is no significant fluctuations. ○ Obtain written confirmation from partnering sources at the beginning of the federal fiscal year that program operations and expenditure levels will be similar to the previous year. ○ Review TANF MOE reports and monitor departmental expenditures on a quarterly basis to ensure MOE requirements will be met. <p>Additionally, the Department:</p> <ul style="list-style-type: none"> • Reviews all reported expenditures to ensure they are accurate, verifiable, and not used for other federal matching purposes, • Maintains all supporting documentation locally and electronically for the reports submitted to the federal grantor. <p>The Department maintains that current processes and procedures are adequate to ensure expenditures are verifiable and meet federal regulations.</p> <p>The conditions noted in this finding were previously reported in findings 2017-021, 2016-018, and 2015-021.</p> <p>Completion Date: Not applicable</p> <p>Agency Contact: Rick Meyer External Audit Compliance Manager PO Box 45804 Olympia, WA 98504-5804 (360) 664-6027 Richard.meyer@dshs.wa.gov</p>

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	030	<p>Finding: The Department of Social and Health Services did not have adequate internal controls over and did not comply with client eligibility requirements for the Working Connections Child Care program.</p> <p>Corrective Action: The Department partially concurs with the finding.</p> <p>The exceptions identified by the auditor results from minor procedural errors or incorrect calculations that did not have an effect on the eligibility determinations. While some of these errors caused payment errors, the clients were eligible.</p> <p>In response to the fiscal years 2016 and 2017 findings, the Department has enacted major changes to improve internal controls over eligibility determination. Many of these changes were implemented during fiscal year 2018, while some were implemented at the beginning of fiscal year 2019.</p> <p>The Department of Children, Youth, and Families (DCYF), formerly the Department of Early Learning, established child care program policies. DCYF policy does not require secondary review or approval when determining eligibility, or authorizing benefits and payments. Beginning July 1, 2019, the Department will transfer responsibility for administering all aspects of client eligibility determination and child care provider payment to DCYF under the Child Care Development Fund.</p> <p>The Department has continued to employ the following controls to ensure child care subsidy payment authorizations are made correctly:</p> <ul style="list-style-type: none"> • Require a supervisory review of payment requests that exceed certain parameters. The supervisor reviews the justifications for the need of additional payment and will deny the payment if the client is not eligible. A monthly report is generated and supervisor checks for any authorization that appears to have been approved without the required secondary review. • For authorizations with high cost special needs rates, a panel consisting of DSHS and DCYF staff review the request and supporting documentation prior to approval. The authorization is subsequently reviewed by a supervisor prior to payment. • Require one hundred percent of new employees' work be audited by a lead worker until they achieve proficiency. These reviews may be conducted before or after authorization. • Requires at least one percent of child care cases be audited monthly. • Participate in the Improper Payments Information Act audit required by the Federal Office of Child Care and conducted by the DCYF once every three years. <p>As of August 2017, the Department:</p> <ul style="list-style-type: none"> • Implemented enhancements in the Barcode system to automatically generate a sixty-day reminder letter requesting income verification of new employment.

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	030 (cont'd)	<ul style="list-style-type: none"> • Created a 9-code avoidance report that identifies cases that may require supervisory approval. These cases are reviewed and returned to the employee for coaching and corrective action. <p>As of February 2018, the Department implemented a child care process review panel within the Department’s Division of Program Integrity. A child care quality team reviews cases, verifies circumstances and determines whether each sampled case has been correctly determined in accordance with state policy and procedure.</p> <p>As of March 2018, the Department:</p> <ul style="list-style-type: none"> • Completed enhancements to the Barcode system to automatically flag cases when the household composition for child care is different than information entered in other state systems. Procedures were also updated to require comparison of household composition data reported for childcare against those reported for other programs when determining eligibility. • Updated appropriate state rules, procedures and trainings to strengthen: <ul style="list-style-type: none"> ○ Household composition rules including a new policy for single parent households. ○ Mandatory cross-matching with other state systems. ○ Required documentation for new employment wage verification. <p>In preparation for the transfer of the child care program to DCYF, the Department has been collaborating with DCYF to update policies and procedures, and develop system enhancements to correct deficiencies and improve internal controls. As of October 2018, the Department:</p> <ul style="list-style-type: none"> • Updated a combined policy manual which is accessible on the DCYF website to ensure consistent guidance is provided to staff. • Established an integrity review process for eligibility determinations that are made by a worker who was not assigned to the case through the automated workload assignment system. • Worked with DCYF to ensure family, friends, and neighbors providers receive DCYF’s full portable background checks and are approved by DCYF as providers. Upon approval of a background check, DCYF assigns a vendor number, which together with the provider’s eligibility information, is communicated to the Department for creating an authorization. <p>As of January 2019, the Department and DCFY developed a policy that provides guidance on viewing documents/information for relative validity, and on the process of prioritizing the best information to obtain first to ensure determinations are supported.</p> <p>As of May 2019, the Department reviewed the fiscal year 2018 audit exceptions, established and referred the appropriate overpayments to the Office of Financial Recovery for collection.</p>

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	031	<p>Finding: The Department of Social and Health Services improperly charged payroll costs to the Child Support Enforcement Grant.</p> <p>Corrective Action: The Department partially concurs with the finding.</p> <p>The Department does not concur that some timesheets were not processed. The timesheets in question were for employees whose time was spent processing negotiables for another Administration. For this work, the Department bills the other Administration for the work performed and records the revenue as a reduction to expenditures for the grant.</p> <p>The Department also does not concur with the auditor’s determination of \$29,733 questioned costs on this finding. The Department discovered a calculation error on the questioned costs cited in the fiscal year 2017 finding during the process of closing the prior finding with the cognizant federal agency. This discovery prompted the Department to review the auditors’ testing and calculation of questioned costs in the fiscal year 2018 finding. Based on the review, the Department believes that \$24,250 of the \$29,733 questioned costs were allowable costs. The Department calculated the actual questioned costs to be \$5,484.</p> <p>To address the audit recommendations, the Department has initiated actions to improve processes and controls.</p> <p>As of August 2018, the Department:</p> <ul style="list-style-type: none"> • Created a new journal voucher template with correct formulas to perform calculations and allocate the payroll costs from the grant to other activities associated with work by these employees. • Implemented a supervisory review process prior to processing journal vouchers. • Began the process of separating journal vouchers by funding source to reduce the complexity and volume of journal vouchers. <p>As of April 2019, the Department:</p> <ul style="list-style-type: none"> • Reviewed current procedures for processing journal vouchers and strengthened controls as necessary to ensure they are all processed. • Corrected accounting records to reverse costs that were inappropriately charged to the Child Support Enforcement grant. <p>If the federal grantor contacts the Department regarding questioned costs that should be repaid, the Department will confirm these costs and will take appropriate action.</p> <p>The conditions noted in this finding were previously reported in finding 2017-023.</p> <p>Completion Date: April 2019, subject to audit follow-up</p>

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	053	<p>Finding: The Department of Social and Health Services, Aging and Long-Term Support Administration, did not have adequate internal controls to ensure it complied with survey requirements for Medicaid nursing home facilities.</p> <p>Corrective Action: The Department does not concur with the finding.</p> <p>In response to prior audit findings, the Department had implemented the Electronic Plan of Correction (ePOC), an electronic application that enables the Department to monitor compliance more effectively. The Department asserts that internal controls have been strengthened to ensure Statements of Deficiencies (SOD) are mailed by the tenth working day after survey exits, as evidenced by the steady decrease in audit exceptions since fiscal year 2016.</p> <p>The auditors reported two cases where the Department did not deliver SOD within ten working days as required. One case was due to the failure of the ePOC system on the provider end, resulting in the Department manually delivering the SOD to the provider on the eleventh day. The Department subsequently confirmed that the technical problem had been resolved for the provider in question.</p> <p>In the second case, an administrative review of the SOD caused a slight delay and resulted in the Department delivering the SOD to the provider on the eleventh day.</p> <p>In both cases, the SOD were delivered less than 24 hours beyond the federal requirement. The providers submitted their plans of correction timely with no impact from the one-day delay.</p> <p>System failures are beyond the control of the Department, and administrative reviews are essential to ensure SOD are complete and accurate. These should be considered acceptable reasons for providers not receiving their SOD within the required ten days.</p> <p>The Department will continue to use existing internal controls and quality assurance reviews to monitor the timeliness of SOD distribution to providers.</p> <p>The conditions noted in this finding were previously reported in finding 2017-043, 2016-036, 2015-044 and 2014-046.</p> <p>Completion Date: February 2019, subject to audit follow-up</p> <p>Agency Contact: Rick Meyer External Audit Compliance Manager PO Box 45804 Olympia, WA 98504-5804 (360) 664-6027 Richard.meyer@dshs.wa.gov</p>

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	054	<p>Finding: The Department of Social and Health Services, Aging and Long-Term Support Administration, did not have adequate internal controls over and did not comply with requirements to ensure Medicaid payments to home care agencies were allowable.</p> <p>Corrective Action: The Department partially concurs with the finding.</p> <p>The Department concurs that there were 25 instances when a daily payment was not supported by an electronic timekeeping record. These payments were made to a home care agency that subsequently closed and did not respond to the request for documentation.</p> <p>However, the Department does not concur that payments with no attached task sheets or missing signatures on task sheets should be included in questioned costs. Task sheets are used to document what tasks were completed during the provider’s shift, as required by the home care agency contract. They are not a federal or state requirement.</p> <p>As of May 2019, the Department:</p> <ul style="list-style-type: none"> • Issued an overpayment to the home care agency that did not respond to the request for electronic time keeping records to support the payment. • Reimbursed the federal questioned costs. <p>As of June 2019, the Department:</p> <ul style="list-style-type: none"> • Modified the tool provided to the Area Agencies on Aging (AAA) for monitoring home care agency’s compliance with electronic timekeeping contractual requirements. • Worked with AAA’s contract management staff to request corrective action plans from home care agencies that are noncompliant with contractual requirements. <p>If the federal grantor contacts the Department regarding questioned costs that should be repaid, the Department will confirm these costs and will take appropriate action.</p> <p>Completion Date: June 2019, subject to audit follow-up</p> <p>Agency Contact: Rick Meyer External Audit Compliance Manager PO Box 45804 Olympia, WA 98504-5804 (360) 664-6027 Richard.Meyer@dshs.wa.gov</p>

Audit Report	Finding Number	Finding and Corrective Action Status	
2018 F	055	<p>Finding:</p> <p>Corrective Action:</p> <p>Completion Date:</p> <p>Agency Contact:</p>	<p>The Department of Social and Health Services did not ensure the federal portion of uncashed Medicaid checks was returned to its grantor.</p> <p>The Department concurs with the finding.</p> <p>The Department is implementing a process for the vendor to return uncashed checks to the Department. By January 2020, the Department and the vendor will:</p> <ul style="list-style-type: none"> • Complete the development of an interface to identify uncashed checks older than 180 days. • Develop a report listing the uncashed checks that need to be returned to the Department. • Request the vendor to return uncashed checks that were issued from April 2016 through December 31, 2017. Thereafter, the vendor is required to submit a monthly report with any uncashed checks. <p>By March 2020, the Department will return the federal share of all uncashed checks to the Center for Medicaid and Medicare Services.</p> <p>Corrective action is expected to be complete by March 2020</p> <p>Rick Meyer External Audit Compliance Manager PO Box 45804 Olympia, WA 98504-5804 (360) 664-6027 Richard.Meyer@dshs.wa.gov</p>

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	056	<p>Finding: The Department of Social and Health Services, Aging and Long-Term Support Administration, did not have adequate internal controls to ensure all Medicaid Community First Choice individual providers had proper background checks.</p> <p>Corrective Action: The Department partially concurs with the finding.</p> <p>The Department asserts that adequate internal controls are in place to ensure all Medicaid individual providers had proper background checks. Centers for Medicare & Medicaid Services require a minimum of 86 percent proficiency statewide related to compliance with individual provider background checks. The Department has monitored this requirement for many years and has consistently achieved over 90 percent proficiency statewide.</p> <p>The audit identified:</p> <ul style="list-style-type: none"> • Five instances when fingerprint background check were not performed on Community First Choice (CFC) individual providers within the required timeframe. In all cases, the Department subsequently completed fingerprint background checks and found no disqualifying crimes. • One instance where a background check was not renewed after two years. Although this requirement is included in the Department policy, the State Plan does not require individual providers to complete background checks every two years to remain qualified. The State Plan only requires a state background check prior to contracting, and a federal background check, when required, within 120 days of being hired. <p>The Department agrees that two of the three Area Agency on Aging (AAA) proficiency improvement plans did not address how the AAA would correct a background check deficiency.</p> <p>To address the audit recommendations, the Department will continue to follow established internal controls to materially ensure CFC individual providers have timely background checks.</p> <p>As of June 2019, the Department revised its internal process for approving proficiency improvement plans to ensure accuracy and completeness.</p> <p>The Department will identify associated costs related to unallowable payments for personal care services. If the federal grantor contacts the Department regarding questioned costs that should be repaid, the Department will confirm these costs and will take appropriate action.</p> <p>The conditions noted in this finding were previously reported in finding 2017-049, 2016-040, 2015-040, 2014-049, 2013-40, 12-41, and 11-34.</p>

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	057	<p>Finding: The Department of Social and Health Services, Aging and Long-Term Support and Developmental Disabilities Administrations, did not have adequate internal controls over and did not comply with requirements to ensure some Medicaid providers were properly revalidated or screened, and fingerprint-based criminal background check requirements were met.</p> <p>Corrective Action: The Department concurs with the finding.</p> <p>As of November 2017, the Department developed a process to screen and track each nursing facility contract to ensure validation and revalidation occurred within the five-year requirement.</p> <p>As of September 2018, the Department completed screening of all nursing facilities.</p> <p>As of October 2018, the Department implemented an automated process to screen providers in the Agency Contracts Database (ACD). The new process includes a built-in system edit in the ACD that prevents a new or renewal of Medicaid contract to be approved or signed unless the screening process has been successfully completed in ACD.</p> <p>The Department will continue to:</p> <ul style="list-style-type: none"> • Verify and document proof of identity and authorization to work in the U.S. from individual providers before revalidating providers' contracts. • Perform quality assurance monitoring and remediation activities to ensure compliance with contracting requirements. <p>By January 2020, the Department will complete a workload impact assessment and cost analysis for:</p> <ul style="list-style-type: none"> • Monitoring provider risk levels for risk level reassignment due to overpayments or Medicaid fraud referral. • Implementing a process to conduct fingerprint-based criminal background checks for high-risk providers to meet additional fingerprint requirements. <p>Once workload impact and cost analysis is complete, the Department will determine the best course of action to comply with screening and fingerprint requirements.</p> <p>Completion Date: Corrective action is expected to be complete by January 2020</p> <p>Agency Contact: Rick Meyer External Audit Compliance Manager PO Box 45804 Olympia, WA 98504-5804 (360) 664-6027 Richard.meyer@dshs.wa.gov</p>

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	058	<p>Finding: The Department of Social and Health Services, Developmental Disabilities Administration, did not have adequate internal controls over and was not compliant with requirements to ensure Medicaid payments to supported living providers were allowable.</p> <p>Corrective Action: The Department partially concurs with the finding.</p> <p>State law provides the Department the authority to authorize payments for individuals in community residential programs. The system is designed to allow supported living (SL) providers the resource flexibility needed throughout the year to meet the changing needs of the individual clients. The Department requires that clients receive all authorized Instruction and Support Services (ISS) hours over the course of the year. Providers are expected to provide hours in a flexible way within the year in order to address clients' individualized needs.</p> <p>SL providers are required to complete and certify annual cost reports, which reconcile hours and ISS dollars authorized to hours and ISS dollars provided. After reviewing cost reports, the Department establishes settlements when providers were paid for more direct service hours than they provided in a calendar year or when providers received more reimbursement (in dollars) for direct support costs compared with what was actually incurred during the year.</p> <p><u>Cost Reports and Timesheets</u></p> <p>The cost reports are not used to provide information to establish rates or allocate appropriate funds. Rather, rates are established through a rate setting process which includes a method to adjust for the sharing of service hours within households or clusters, and for needed supports that occur on an infrequent basis. All of these items are factored into calculating a daily rate for the individual client.</p> <p>The direct hours reported in the cost reports does not take into consideration the annual needs for support services, such as medical appointments and periodic essential shopping. The daily rates established through the rate setting process encompass these support hours. As such, looking at a snapshot of hours does not accurately reflect the cost of care provided and does not take into consideration that the rate assessment is based on a client's daily, weekly and annual needs for support services.</p> <p>Support services are evaluated and spread out over the entire year. The algorithm encompasses and factors in these support hours to determine the daily rate. The staffing plan is not intended to be a reflection of the daily hours provided, but rather a snapshot of the client's average assessed needs.</p> <p>During the cost settlement process, the Department's rate analysts verify accuracy of the reports and request additional documentation for support when necessary. The Department works with the providers to address any issues prior to the filing of cost reports.</p>

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	058 (cont'd)	<p><u>Settlements</u></p> <p>The Department has the authority to reimburse the service provider for services delivered. Sometimes, overtime costs are necessary to adequately support clients, such as when:</p> <ul style="list-style-type: none"> • The ISS cost exceeds the reimbursed rate. • A service provider has to fund the delivery of ISS by the use of overtime since there is an industry-wide staffing shortage. • High staff turnover and vacancy rate in the supported living industry necessitates the use of overtime. <p>All ISS hours are documented initially in the cost report as delivered at the benchmark. During the cost settlement process, the Department can grant an exception to the benchmark rate for the hours purchased. The hours purchased at the higher benchmark may be adjusted for the total hours purchased.</p> <p><u>Categorization of Employees</u></p> <p>Department policy states that for staff who perform both administrative/non-staff functions and ISS, the service provider may include that portion of the employee’s hours that are dedicated to ISS function. The Department relies on the function of the position, rather than the title of the position.</p> <p>The Department will continue to:</p> <ul style="list-style-type: none"> • Follow current policy and monitoring activities to ensure individual client assessed support needs are met. • Use statistical sampling method and risk assessment to select a sample of agencies to verify that ISS cost information submitted by providers is accurate. • Grant exceptions to the payment rates if needed. • Work with the ProviderOne payment system partners to address system edits to prevent duplicate claims <p>As of July 2019, the Department issued overpayments for the duplicate payments.</p> <p>As of October 2019, the Department consulted with the federal grantor and repaid the questioned costs identified in the finding.</p> <p>By July 2020, the Department will:</p> <ul style="list-style-type: none"> • Increase the sampling size for cost report reviews to cover approximately one quarter of the supported living agencies. • Offer training to providers on maintaining adequate documentation to support ISS expenses. • Review a targeted sample of provider records to evaluate and determine whether supporting documentation is adequate.

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	059	<p>Finding: The Department of Social and Health Services, Aging and Long-Term Support Administration, did not have adequate internal controls over and did not comply with requirements to ensure Medicaid Community First Choice client service plans were properly approved.</p> <p>Corrective Action: The Department partially concurs with the finding.</p> <p>While the Department agrees that person-centered service plans must be signed by the Department, client, and provider, the Department does not agree that improper payments can be assigned when a person-centered service plan is not signed by an individual responsible for its implementation.</p> <p>The Centers for Medicare and Medicaid Services (CMS) had previously provided guidance to the Department stating that the federal rules covering eligibility for services are separate from the rules on person-centered service planning. In all the cases reviewed by the auditors in the audit, the Department made payments to qualified providers for covered services delivered to eligible beneficiaries. The lack of a signed service plan does not render a client ineligible for services and therefore should not result in an improper payment.</p> <p>In January 2018, the Department updated the quality assurance procedures in monitoring compliance for obtaining client signatures on service plans. The Division's Quality Assurance team reviews client and Department signatures from a statewide sample, including documented attempts to obtain signatures. The review is part of an established annual audit cycle and measures statewide proficiency. If the annual review determines that the proficiency has fallen below the CMS standard of 86 percent, a quality improvement plan will be implemented to improve statewide performance.</p> <p>The Department also disagrees that any signatures received after 60 days should result in exceptions. Federal regulations require signatures, but not within a specified amount of time. CMS did provide guidance that in some cases it may be difficult to obtain signatures and gave direction on steps the Department can take to comply with the rules while still continuing services without the required signatures.</p> <p>Based on CMS guidance, effective December 2018, the Department changed its regulations to no longer require the termination of services should a client not return a signed service plan within 60 days of the completion of assessment. Since the previous rule was in conflict with federal guidance and has subsequently been revised, the Department disagrees with the auditor's determination that:</p> <ul style="list-style-type: none"> • Improper payments resulted from seven service plans that were not signed by the clients within 60 days. • Seven Department signatures and two provider signatures received after 60 days were audit exceptions. The 60-day time frame for the Department and providers was not required by either federal or state regulations.

Department of Children, Youth, and Families

Agency 307

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	033	<p>Finding: The Department of Children, Youth, and Families did not have adequate internal controls to ensure payroll charges to the Child Care and Development Fund program were allowable and properly supported.</p> <p>Corrective Action: The Department partially concurs with the finding.</p> <p>During the six-month period in which the auditor found semi-annual certifications were not completed, the Department’s immediate priority was to transition from the former Department of Early Learning (DEL) by the June 2018 deadline. Due to insufficient available resources, responsible staff were not able to complete the semi-annual certifications timely as required by Department policy.</p> <p>The Department concurs with the exceptions identified by the auditor that semi-annual certifications or timesheets were not completed for five employees to allocate their time as required. As of March 2018, the Department made retroactive adjustments to the payroll coding of affected employees to appropriately charge multiple cost activities. The employees were also reminded of the need to complete monthly timesheets as required by federal regulations.</p> <p>As of September 2018, the Department completed the semi-annual certifications for the second half of fiscal year 2018 for DEL and provided the information to the auditor as part of the program audit.</p> <p>While the Department concurs that semi-annual certifications, documentation, or timesheets were not completed as described in the finding, the cause of the issue was an isolated, exceptional circumstance that no longer presents an internal control issue going forward.</p> <p>The Department has:</p> <ul style="list-style-type: none"> • Implemented preventative internal controls over allowable retroactive adjustments to ensure payroll charges are properly documented. • Continued to review position action requests and monthly payroll reports to ensure employees who charge to multiple cost activities complete timesheets as required. <p>If the federal grantor contacts the Department regarding questioned costs that should be repaid, the Department will confirm these costs and will take appropriate action.</p> <p>Completion Date: September 2019, subject to audit follow-up</p> <p>Agency Contact: Stefanie Niemela Audit Liaison PO Box 40970 Olympia, WA 98504-0970 (360) 725-4402 stefanie.niemela@dcyf.wa.gov</p>

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	034	<p>Finding: The Department of Children, Youth, and Families did not have adequate internal controls over and was not compliant with requirements to ensure payments to child care providers for the Child Care and Development Fund program were allowable.</p> <p>Corrective Action: The Department partially concurs with the finding.</p> <p>The auditor found eight providers had not paid the correct rates based on their region. After further review, the Department confirmed the rates were correctly determined. As specified in state regulations, centers in four counties are assigned rates for a region not based on their geographic location in order to account for market differences in these counties. However, due to timing of the audit, the auditor was unable to reverse these exceptions.</p> <p>In response to prior audit findings, the Department:</p> <ul style="list-style-type: none"> • Modified the Child Care and Development Fund Plan to align with federal and state regulations for fiscal years 2019 to 2021. • Improved internal controls and implemented preventative controls to assist in the detection of improper provider billings and reduce the risks of unallowable payments. • Implemented policies to include the Department’s definition of fraud, as well as the consequences for providers. • Initiated a risk-based approach to audit providers’ billings and payments that includes selecting providers’ billings in excess of licensed capacity and billings to the limit of the provider’s authorizations. The Department will continue to refine this approach. • Collaborated across agencies and divisions, through the Working Connection Child Care Reframe Workgroup and the Child Care Audit Committee, to align and clarify state rules and requirements with those of the Child Care and Development Block Grant Act. <p>The Department has also taken the following actions:</p> <ul style="list-style-type: none"> • As of October 2018, implemented new rules requiring new family, friends and neighbors (FFN) providers to receive a full portable background check (PBC) when applying to be providers. Upon approval, the Department assigns a vendor number which, together with the provider’s eligibility information, is communicated to the Department of Social and Health Services to create an authorization. This separation of duties strengthens internal controls and helps to reduce payment errors. By December 2019, the Department expects all existing FFN providers to complete the transition to the PBC process. • As of November 2018, implemented a process that allows subsidy auditors to provide technical assistance to providers who had been using incorrect billing practices. With the implementation of the new program violation rules in July 2019, providers with repeat violations are now excluded from receiving child care subsidy payment.

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	034 (cont'd)	<ul style="list-style-type: none"> • As of December 2018, required all licensed providers who accept subsidy to use the Department’s electronic attendance system or an approved third party system to track attendance. In addition, new FFN providers are required to use the Department’s new electronic system within 90 days after being authorized to receive subsidy payment. The Department’s system: <ul style="list-style-type: none"> ○ Enables accurate, real-time recording of child care attendance, tracking of daily attendance, and capturing data on child care usage. ○ Has the ability to support third party electronic attendance systems. The Department continues to add links to more third party systems and improve reporting capabilities. ○ Is capable of generating reports that allow the Department to conduct automated audits beginning in April 2019. • As of November 2019: <ul style="list-style-type: none"> ○ FFN providers are required to use the Department’s system or an approved third party system for tracking attendance. ○ The billing guides were updated to help providers understand billing rules, authorization and the billing process. <p>In addition, the Department will:</p> <ul style="list-style-type: none"> • Update training curriculum, and require all licensed homes and FFN providers to complete training prior to the expiration of the 2019-2021 tentative agreement with the Service Employees International Union. • Continue to research options for simplifying authorization and billing rules. • Develop rules defining provider program violations and establishing additional consequences for intentional violations. <p>The Department consults with the U.S. Department of Health and Human Services on audit findings. The audit resolution process includes conducting a case-by-case review and providing additional documentation as requested by the federal grantor when questioned costs are identified.</p> <p>The conditions noted in this finding were previously reported in finding 2017-024, 2016-021, 2015-023, 2014-023, 2013-016, 12-28, 11-23, 10-31, 9-12, and 8-13.</p> <p>Completion Date: Corrective action is expected to be complete by June 2021</p> <p>Agency Contact: Stefanie Niemela Audit Liaison PO Box 40970 Olympia, WA 98504-0970 (360) 725-4402 stefanie.niemela@dcyf.wa.gov</p>

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	035	<p>Finding: The Department of Children, Youth, and Families did not have adequate internal controls over and did not comply with health and safety requirements for the Child Care and Development Fund program.</p> <p>Corrective Action: The Department concurs with the finding.</p> <p>In response to prior audit findings, the Department:</p> <ul style="list-style-type: none"> • Implemented new monitoring and compliance agreement policies and procedures to clarify: <ul style="list-style-type: none"> ○ Mandatory use of a full checklist every three years. ○ When a site visit is needed. ○ Acceptable methods of verifying compliance and the timelines for documentation. • Implemented a new electronic caseload management system, WA COMPASS, and provided training to licensing staff in using the system to manage licensing inspections and monitor visits. The system provides electronic reminders to licensing staff and supervisors, and has improved data integrity and streamlined staff work processes. • Provided training to all child care licensing staff regarding the new policies and procedures, including the 10-day health and safety recheck requirements and timely documentation of follow-up visits. Currently, supervisors are able to run a report to identify over-due cases and address concerns with licensing staff. • Enhanced reports generated from WA COMPASS for tracking and monitoring the due dates of health and safety rechecks. <p>As of October 2018, the Department implemented new rules requiring new family, friends and neighbors (FFN) providers to receive a full portable background check (PBC) when applying to be a provider. Upon approval, the Department assigns a vendor number which, together with the provider’s eligibility information, is communicated to Department of Social and Health Services (DSHS) to create an authorization. By December 2019, the Department expects all existing FFN providers to complete the transition to the PBC process.</p> <p>As of January 2019, the Department also clarified and implemented a policy revision to allow for “termination without notice” of a provider when an unsafe environment exists or when the provider becomes ineligible. DSHS has already provided updated training to its staff on the revised Department policies. The Department is working on updating the Washington Administrative Code (WAC) language to be consistent with the policy revision.</p> <p>The Department has been preparing for the implementation of a revised WAC on Family Home and Child Care Center in response to the demands of the legislature and the needs of the provider community.</p>

Department of Services for the Blind

Agency 315

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	018	<p>Finding: The Department of Services for the Blind did not have adequate internal controls over federal requirements to determine client eligibility for the Vocational Rehabilitation program within a reasonable time period.</p> <p>Corrective Action: The Department has addressed prior audit findings and has implemented corrective actions to ensure client eligibility determination is completed timely and adequate supporting documentation is maintained when a delay is necessary. Specifically, the Department:</p> <ul style="list-style-type: none"> • Implemented the Dashboard in the case management system for Case Managers to manage their caseloads on a real-time basis. • Implemented a process to identify eligibility determinations nearing the 60-day deadline for the upcoming week and to remind counselors of the required components for documenting a delay justification if a determination is not expected to be made within the 60-day timeframe. • Required Counselors to document exceptional and unforeseen circumstances, and support extensions of specific period of time with a client agreement. • Provided training to counselors on the effective use of the Dashboard feature. Area Managers perform weekly monitoring of the use of the tool. <p>The Department continues to improve internal controls by ongoing coaching and monitoring. As a result, the number of delayed eligibility determinations has been declining. For fiscal year 2018, three percent of eligibility determinations were delayed, compared to the respective 8.3 percent and 12.5 percent in the previous two years. Additionally, a significant number of the past due cases were delayed by only one to three days, which was often found to be caused by errors in calculating due dates.</p> <p>As of February 2019, the Department:</p> <ul style="list-style-type: none"> • Provided additional training to staff about eligibility requirements and how to accurately calculate the due dates of eligibility determinations. • Defined the criteria for exceptional and unforeseen circumstances and how to document the circumstances. This guidance was added to the Department’s procedure manual and was included in the staff training. • Implemented a new case management system that will help to strengthen the process for review and documentation by supervisors. <p>The conditions noted in this finding were previously reported in findings 2017-007 and 2016-009.</p> <p>Completion Date: June 2019, subject to audit follow-up</p>

Department of Transportation

Agency 405

Audit Report	Finding Number	Finding and Corrective Action Status
2018 F	015	<p>Finding: The Department of Transportation, State Ferries Division, did not have adequate internal controls over and did not comply with equipment management requirements.</p> <p>Corrective Action: It is the Department’s position that the parts in question identified in the audit are not capital assets and, therefore, the requirements cited in the audit finding do not apply to these parts.</p> <p>The parts in question have no utility to the State until they are installed on a larger assembly or depreciable asset, in this case one of the Department’s ferry vessels. Once installed, the parts cease to be discrete items and are part of the vessel. When an installed part meets the definition of a betterment as defined in Chapter 30 of the State Administrative and Accounting Manual, it is capitalized and depreciated as part of the vessel. If the part does not meet the definition of a betterment, it is expensed when purchased.</p> <p>The Department recognizes the importance of safeguarding and accounting for these parts properly through their installation on one of the vessels. In the ordinary course of business, purchased parts are delivered to the warehouse and are almost immediately transferred to the vessel. Occasionally, a vessel’s scheduled maintenance will be delayed due to operational needs which necessitates the parts be stored in the warehouse.</p> <p>As of May 2019, the Department convened a work group consisting of subject matter experts over all aspects of capital assets. In September 2019, the work group met with the State Auditor’s Office (SAO) and the Office of Financial Management (OFM) to discuss the audit recommendations and the Department’s process of tracking the vessel parts. Within established policies and procedures, the Department will use its internal inventory management system, Minor Cap, to track the parts from time of receipt, installation on the larger assembly, and until ultimately disposed of through the Ferry Division’s warehouse.</p> <p>The Department is working with OFM to obtain a letter of approval/waiver to use the alternative inventory management system, which the Department previously used.</p> <p>In November 2019, the Department sent a written request to SAO to consider the finding resolved based on the actions taken.</p> <p>The Department looks forward to working with SAO during the next audit to resolve any remaining items reported in this finding.</p> <p>Completion Date: Corrective action is expected to be complete by March 2020</p>

1023607	2018-001	<p>Finding: The College did not have adequate internal controls over cash receipting and local funds to ensure adequate safeguarding of public funds.</p> <p>Corrective Action: The College concurs with the finding.</p> <p>To address the auditor’s recommendations, the College has implemented the following corrective actions:</p> <ul style="list-style-type: none"> • Since the conversion to the ctcLink system in fiscal year 2016, the College has been working on resolving the issue of correctly recording cash deposits in the system on a timely basis. This issue often caused delays in recording and processing deposits within the 24-hour required timeframe. As of June 2017, the College had resolved the system issue and is now in compliance with the cash receipt requirement as outlined in the state accounting and administrative manual. • With only one fiscal technician responsible for preparing bank deposits for the College Bookstore, some deposits were not done timely during the employee’s absences. There were also isolated instances when cash deposits were delayed due to reconciliation problem with the deposit and the sales report. As of May 2019, the bookstore manager has provided additional training and cross-trained other bookstore staff as back-up to ensure compliance with the cash-receipting requirement. <p>The conversion to ctcLink has also caused other systemic technical and functional issues. The College has been working on correctly reconciling the general ledger with the bank statements.</p> <p>In November 2017, the College identified a \$4 million unreconciled account balance for fiscal year 2017 and notified the State Board for Community and Technical Colleges (SBCTC). SBCTC subsequently took the lead in reconciling the College’s accounting records and other reporting anomalies of the cTcLink system.</p> <p>As of September 2019, after additional analysis and reconciliation of some balance sheet accounts, the \$4 million account imbalance for fiscal year 2017 was accounted for.</p> <p>The College also identified the proper process of correctly reconciling the general ledger with bank statements, and will continue to work with SBCTC to resolve any outstanding reconciliation issues.</p> <p>Completion Date: November 2019, subject to audit follow-up</p> <p>Agency Contact: Nermalyn Edwards Assistant Director of Financial Services 6501 South 19th Street Tacoma, WA 98466 (253) 566-5013 NEdwards@tacomacc.edu</p>

Audit Report	Finding Number	Finding and Corrective Action Status	
1024858	2018-001	<p>Finding:</p> <p>Corrective Action:</p> <p>Completion Date:</p>	<p>The design of the ctcLink system did not include an appropriate level of design review, resulting in the system missing critical data validation elements.</p> <p>The State Board for Community and Technical Colleges (State Board) concurs with this finding.</p> <p>The lessons learned from the two colleges in the 2015 pilot resulted in the redesign of the ctcLink system and the data validation process. The following corrective actions have already been implemented:</p> <p>As of December 2017:</p> <ul style="list-style-type: none"> • The State Board assumed the authority to make waiver code changes from the colleges. The new business process requires the use of a Waiver Request Form to be submitted for review by State Board’s technical support and accounting staff prior to implementation by the board’s functional analysts. College staff provide a third level of review. The new form also includes a field for colleges to designate the effective date of implementation. • Class and course fee data entry continues to be a joint responsibility of the State Board and local colleges. The State Board adopts tuition and fee schedules and local colleges may establish additional fees. The State Board now has tools and training available, and requires the college class schedule builders to complete the training prior to having the ability to make changes in the system. The State Board has also provided guidance on how to verify the accuracy of tuition fee schedules entered into the system. Additional review of fees and schedules entered in the system is conducted by State Board’s functional analysts. • Waiver approvals remain a locally managed business process. To ensure accuracy and completeness for all waivers processed by batch, the State Board has provided additional training and continues to work with the colleges to improve processes and protocols. <p>As of October 2019, the State Board created a segregation of duties matrix to help colleges identify potential security conflicts. To improve controls over payroll, the colleges identified system roles that separate responsibility for setting up new employees in the payroll system and processing payroll, thus mitigating the risk of improper payments. Additional safeguards include:</p> <ul style="list-style-type: none"> • Setting an upper cap on a single paycheck that limits the amount paid to any employee. • Issuing a warning when classified employees are paid outside of the assigned pay range. • Having a designated authority reviewing and verifying payroll. <p>October 2019, subject to audit follow-up</p>
