

## **Community HealthCorps – HealthPoint**

---

HealthPoint is a community-based, community-supported network of non-profit health centers dedicated to providing expert care, top quality care to all who need it, regardless of their circumstances. Founded in 1971, we believe that the quality of your health care should not depend on how much money you make, what language you speak or what your health is. We have 11 locations offering a broad array of services, all connected by a state-of-the-art electronic medical record. Our innovative care model redefines the boundaries of traditional health care by bringing together all the services someone needs to be healthy in one place. Patients benefit from a coordinated system that includes medical care, dental care, naturopathic medicine, behavioral health care, social services, and case management.

HealthPoint is a program site for Community HealthCorps which is a National AmeriCorps Program which promotes healthcare for America's underserved, while developing tomorrow's healthcare workforce. Members will be serving at our HealthPoint locations where they will help link HealthPoint patients or non HealthPoint patients with the resources at HealthPoint and within the community.

Ideal members for this program would be with special interests including public health, global health, medicine, dentistry, mental health, behavioral health, social work, and or child development.

**Counties Served:** King

**Number of Members:** 8 AmeriCorps Members

**Mailing Address:** 955 Powell Ave SW  
Renton, WA 98057
