

Full Life Care

(A Partner of the Washington Service Corps)

Full Life Care is dedicated to enhancing the quality of life for seniors and people with chronic or terminal illnesses and disabilities. They are committed to providing community-based long-term care and rehabilitation to low-income individuals with chronic or terminal illnesses or disabilities. This care network is called the Integrated Neighborhood Network (INN).

AmeriCorps members serve in several areas of the Integrated Neighborhood Network such as in the Adult Day Health Centers, Memory Care Homes, and Solstice mental health program. Members provide a variety of direct community support to decrease isolation, minimize caregiver burnout, promote healthy behaviors and ensure that older adults and adults with disabilities maintain their highest level of independence and quality of life.
