

DOP Information Systems Communication – 11/26/08

What? Color Theme Change in HRMS Portal 7.0

Who? HRMS Users

Why? Inform users of new default theme

When? Distribute immediately

Message: DOP has made a change to the **default color theme in the HRMS Portal.**

The new default color theme is shades of light and dark blue. This combination provides more contrast between elements like titles and table rows and may make viewing easier.

If you want to change the theme, click on the *Personalize* link in the upper right corner of the screen. Available themes are listed in the *Select Theme* drop-down menu. The **new** default theme is *DOP_C*, the former default theme is *DOP_A*, and there are several other choices as well. To save a different theme, click *Save* and *Close* after selecting your choice from the drop-down. The changes will be applied immediately.
