Agency: 038 - Joint Legislative Systems Committee

Statewide Result: Improve the ability of State Government to achieve its results

Information Technology and Telecommunications Services

The Joint Legislative Systems Committee oversees information technology in the Legislature and enforces the policies, procedures, and standards established by the Committee. It functions primarily through the activities of its operating arm, the Legislative Service Center (LSC), which provides a full range of information technology services to the House, Senate, and legislative subagencies. LSC's services include computing and telecommunication operations, equipment maintenance and repair, applications support, customer training and help desk support. LSC also provides selected services to certain non-legislative customers. In addition, LSC provides support for electronic access to legislative information. The Joint Legislative Systems Committee was created by the 49th Legislature in 1986.

Total \$	<u>\$16,319,276</u>
GFS \$	\$13,086,985
Other \$	\$3,232,291
FTEs	50.0

Agency Priority:

Expected Results

Provide and maintain the information technology infrastructure necessary for the Legislature to conduct its law-making activities and constituent support services.
