Mandatory Medicaid Program for Children and Families

Mandatory clients of this program are families and children eligible to receive Temporary Assistance to Needy Families (TANF), families and individuals terminated from TANF because they have increased earnings or hours of employment or Social Security Disability Insurance income, individuals who are ineligible for TANF because of requirements that do not apply to Medicaid, eligible pregnant women and their newborns, individuals receiving Social Security Income or those eligible to receive mandatory state supplements, and children in foster care or adoption support. Mandatory Medicaid services for eligible clients include inpatient and outpatient hospital care, rural health clinic services, lab and X-ray services, nursing home services for clients 21 years or older (other than those in mental hospitals or institutions for the developmentally disabled), EPSDT health care program for children, family planning, physician care, and home health.

Nursing Home Services

The Department of Social and Health Services provides nursing facility health care to Medicaid eligible persons who need post-hospital recuperative care, require nursing services, or have chronic disabilities necessitating long-term habilitation and/or medical services. Nursing homes provide 24-hour supervised nursing care, personal care, therapy, and supervised nutrition. The program also gives cash assistance to persons leaving nursing homes to help reestablish them in independent living.

Expected Results

Total \$ \$962,701,190

Other \$ \$486,280,275

FTEs	0.0
-------------	-----

Agency Priority:

Statewide Result: Improve the health of Washington citizens

Disproportionate Share Hospital/Proshare

Congress established the Disproportionate Share Hospital (DSH) program to ensure continued operation of those hospitals most heavily impacted by charity and Medicaid caseloads. The Department of Social and Health Services operates DSH and several intergovernmental transfer (IGT) and refinancing programs to maximize federal revenue. In the 1999-01 Biennium, the state opted to expand the IGT programs to include public hospital district nursing homes, and further maximize federal revenue using IGTs with the University of Washington and Harborview Medical Center. In prior biennia, participating hospitals and nursing facilities throughout the state have been allowed to keep a percentage of the revenue earned through some of these programs.

Expected Results

Community Mental Health Prepaid Health Services

Mental Health Community Services provides financial support and program direction for community mental health programs delivered by Regional Support Networks and prepaid health plans. Programs include mental health services that implement the Involuntary Treatment Act, and mandated and optional mental health services for voluntary populations that include the acutely mentally ill, chronically mentally ill, and seriously disturbed of all ages. Services include outpatient, inpatient, acute care, emergency, day treatment, consultation and education, employment services, and Medicaid transportation. Community support services include screening of voluntary referrals to state hospitals; discharge planning with the hospitals; crisis response; case management for chronic clients in the community; and residential programs that supervise, support, treat, and rehabilitate adults and children.

Total \$	\$711,936,000

FTEs	5.0

Agency Priority:

Expected Results

Statewide Result: Improve the security of Washington's vulnerable children and adults

Working Connections Child Care Program

The Working Connections Child Care (WCCC) program provides payments for child care services to all TANF clients, WorkFirst participants, and non-TANF, low-income parents who participate in employment, work activities, and training. Child care assistance allows low-income families to attain and maintain self-sufficiency. The state partially subsidizes child care for families with seasonal employment, as well as homeless and teen parent populations. Also included in this activity is funding for the Early Childhood Education and Assistance Program (ECEAP). The FTEs shown here represent both the percentage of FTEs associated with eligibility and case management functions of the WCCC program based on cumulative Random Moment Time Study (RMTS) hits for Fiscal Year 2003 and those associated with licensing activities.

Total \$	\$674,227,840
GFS \$	\$116,586,316
Other \$	\$557,641,524
FTEs	165.2

Agency Priority:

Expected Results

Help families and communities safeguard and improve the well-being of children in their own home and in out-of-home care. Increase the percentage of child care family homes and centers receiving formal monitoring visits. (New measure, no data available for 2001-03.)

LTC In-Home Services

ADSA contracts for care in a client's home with agency or individual providers to enable individuals to remain at home. Clients receive assistance with activities of daily living such as personal hygiene, toileting, bathing, dressing, cooking and eating. They also receive assistance from the provider for completing household tasks such as shopping, laundry, and housework. Additional services may include assistance with medications or transportation to medical appointments. Home-delivered meals are available and clients can choose to attend adult day care for access to a social activities environment. Some clients qualify for environment modifications, which are physical adaptations that allow for greater independence in their individual homes. Examples of these are the installation of ramps or grab-bars, widening of doorways, or modifications to bathrooms. Special medical equipment can be authorized for purchase and skilled nursing can be provided. Over 25,000 clients receive in-home services each year.

Temporary Assistance to Needy Families (TANF)

TANF grants provide monthly cash assistance to needy families with children and to low-income pregnant women. Eligibility is determined by comparing the family's countable income to the grant payment standard for the applicant's household size. Funding for the program is shared by state and federal governments. The FTEs shown here are the percentage associated with TANF caseload based on cumulative Random Moment Time Study (RMTS) hits for Fiscal Year 2003.

Total \$	<u>\$607,372,946</u>

Mental Health Facilities Services

State psychiatric hospitals include Eastern and Western State Hospitals, and the Child Study and Treatment Center. Services include in-patient psychiatric services for acutely and chronically mentally ill persons, mentally ill legal offenders, geriatric patients at Eastern and Western State Hospitals, and in-patient psychiatric services for severely disturbed children and adolescents at the Child Study and Treatment Center. Funding is not provided in maintenance level to service an increase in the population of mentally ill, developmentally disabled patients beyond the original 2001-03 Biennium funding levels. The Mental Health Division and the Developmental Disabilities Division will work together to divert this population into appropriate community settings.

Residential Program

Residential programs for developmentally disabled clients are provided through contracts with private community providers. These support services provide residential care, supervision, habilitation training, therapies, medical and nursing care, and recreation. The public safety proviso allows for funding to provide intensive community residential supports to mentally ill offenders being released from the Department of Corrections, state psychiatric hospitalized clients who are ready for discharge, and individuals who have used crisis diversion bed services.

Residential Habilitation Facilities

Residential Habilitation Centers (RHCs) serve developmentally disabled clients with limited self-help skills, serious or anti-social behavior disorders, or serious medical problems. The purpose of RHCs is to provide assessment, treatment, training, habilitative programs, and supportive activities to people who live in this more supportive setting. The five RHCs in Washington provide a full range of habilitative services to help each person achieve and maintain maximum independent functioning and develop the skills necessary to live in a community setting. RHCs also provide diagnostic, evaluation, consultation, emergency, and respite care services.

WorkFirst Employment and Training

The WorkFirst Employment Program offers job search, subsidized employment, post-job search employability evaluation, job readiness training, basic education, career counseling, and non-salaried work experience to TANF-eligible clients. The program also provides support for vocational education once a client is working 20 hours per week. This federally mandated program is designed to move clients from public assistance to permanent self-sufficiency. The FTEs shown here are the percentage associated with case management functions of WorkFirst employment and training programs based on cumulative Random Moment Time Study (RMTS) hits for Fiscal Year 2003.

Total \$ \$275,660,583

GFS \$ \$40,473,941

Other \$ \$235,186,641

Help People achieve self-sufficiency. Percentage of WorkFirst clients in full-time participation (revised measure - data not available for 2001-03).

Statewide Result: Improve the security of Washington's vulnerable children and adults

Child Support Enforcement

The Division of Child Support (DCS) Field Operations is responsible for providing direct child support client services. DCS serves individuals receiving TANF or foster care services; former assistance individuals who have received AFDC; TANF or foster care services; and individuals who have never received AFDC, TANF or foster care services. Field Operations staff works collaboratively with county prosecuting attorney, county clerk, and county court commissioner offices. DCS receives federal incentive payments for paternity establishment, order establishment, current support paid, cases paying toward arrears, and cost effectiveness. Field Operations accounts for 1033.8 FTEs or 82.4 percent of the total FTEs. County Legal Operations account for 27 percent of the total child support budget, and consists of county prosecuting attorney staff, county clerk staff, court commissioners, and the King County Sheriff. Central Field Operations staff provides direct centralized support to DCS field staff and to division customers. Activities include the receipt and distribution of over \$50 million each month in child support payments; reconciliation of child support collection bank accounts; case file imaging; information technology planning, implementation, and maintenance; direct field support; and other centralized operations. Direct client support activities include IRS intercept support, passport revocation reversal, child support payment review, and assistance with the receipt and distribution of child support. Central Field Operations accounts for 164.2 FTEs or 13.1 percent of the total FTEs. Management and Administration provides division-wide leadership, operational support, policy development, risk assessment and mitigation, mandated audits, reports and statistical analyses, constituent relations, and communications. Additional activities are financial services, contracts management, procurement, human resources, and facilities management. Division management and administration accounts for 56.4 FTEs or 4.5 percent of the total FTEs.

Total \$ \$249,242,125

GFS \$ \$50,079,757

Other \$ \$199,162,368

FTEs 611.0

Agency Priority:

Child Welfare Services (CWS)

Child Welfare Services (CWS) provides both permanency planning and intensive treatment services to children and families who may need help with chronic problems, such as ongoing abuse, neglect, or intensive medical needs. CWS is provided to children and families when long-term services are needed, beyond those available through Child Protective Services (CPS) or Family Reconciliation Services (FRS). Most children served in this program are dependents of the state or are legally free for adoption. FTEs shown here represent both case-carrying and supporting staff from direct services, special projects, and program support who support CWS activities.

General Assistance - Interim SSI (GA-U/X)

General Assistance-Unemployable and General Assistance-Interim SSI (GA-U/X) provide cash grants to needy individuals and childless couples whose physical, mental, or emotional illness prevents them from working, and who may be ineligible or have applied for Supplemental Security Income (SSI). GA-U provides cash assistance for low-income adults who are unemployable based on a medical impairment. GA-X has the same financial eligibility requirements and provides the same cash assistance as GAU. However, because the client appears to meet SSI disability criteria and the medical condition will prevent employment for at least 12 consecutive months, GA-X recipients are eligible for Medicaid health coverage. The department requires and helps GA-X recipients apply for SSI benefits. The FTEs shown here are the percentage associated with GA-UX based on cumulative Random Moment Time Study (RMTS) hits for Fiscal Year 2003.

LTC Eligibility/Case Management Services

The Aging and Disability Services Administration (ADSA) Home and Community Services (HCS) Division determines client eligibility for all long-term care programs, and provides information and referral services, nursing home and community residential placement, and ongoing case management for clients served in community residential settings. Case management consists of assessing and reassessing eligibility, updating and monitoring a plan of care, coordinating non-department services in response to a client's need, responding to emergencies and status changes, and providing any additional assistance a client may need to remain in his/her home. To be eligible for ADSA programs, an individual must meet both functional and financial eligibility requirements.

LTC Residential Community Services

ADSA contracts with licensed boarding homes for Adult Residential Care (ARC), Enhanced Adult Residential Care (EARC), and Assisted Living Services. Approximately 1,400 ARC and EARC clients each year receive room and board and assistance with medications and personal care. Residents may receive limited nursing services, limited supervision, and a limited number of clients may receive specialized dementia care, as provided by contracted facilities. Clients living in ARC facilities meet the functional eligibility criteria for either the MPC program or the COPEs program. ARCs work with clients who have mental illnesses and vulnerable adults as defined in Chapter 74.34 RCW who are receiving state-provided adult protective services. EARC facilities provide clients, who are receiving services from the COPEs program, limited nursing services in addition to assistance with personal care tasks and supervision. Assisted Living Services are provided each year to approximately 5,000 clients who have private apartments with a private bathroom. Services are available 24 hours a day and include assistance with activities of daily living, limited nursing and supervision, and housekeeping. Clients living in assisted living facilities meet the financial and functional eligibility for the COPEs program. These facilities generally do not admit or retain individuals with more complex nursing/medical needs, or individuals with significant care needs related to dementia or difficult to manage behavior.

Institutional Services for State Committed Juvenile Offenders

JRA maintains four secure residential facilities for the 1,200 youth committed to state custody each year. It also contracts for services with Camp Outlook for a basic training camp program. Currently, JRA operates 778 medium and maximum secure institution beds. Services provided to residents focus on rehabilitation and the preparation of juvenile offenders to live successfully in a community setting after confinement. Residential programs utilize a research-based treatment model that is based on cognitive behavioral principles. Sixty percent of committed youth meet the definition of mental health target population and need a treatment intervention that addresses their specific mental health issue. Basic residential services include diagnosis, counseling, medical and dental care, academic education, prevocational and vocational training. Specialized treatment is provided to youth with drug/alcohol, sex offender and mental health problems.

LTC Adult Family Home Community Services

A broad range of ADSA clientele are served in adult family homes (AFH), a private home that may serve up to six residents. Some AFHs serve primarily higher functioning residents, while other homes specialize in serving individuals with dementia, developmental disabilities, or mental illnesses. AFHs with a provider who is a professional nurse will frequently provide limited nursing care for individuals with more complex nursing and medical needs. AFHs may also serve vulnerable adults, as defined in Chapter 74.34 RCW, who are receiving state-provided adult protective services. Clients residing in adult family homes meet the financial and functional eligibility criteria for either the MPC program or the COPES program. ADSA contracts for care for approximately 3,400 clients each year who receive room, board, laundry, necessary supervision, and assistance with activities of daily living, personal care and social services.

Adoption Services and Support

The Adoption Services and Adoption Support program provides permanent placement and support for children and youth in foster care who are legally free, meaning parental rights have been either voluntarily relinquished or terminated due to abuse, neglect, or abandonment issues. Adoption Support may provide help with legal assistance, fees for adoption, ongoing monthly maintenance for adopted children with special needs, counseling reimbursements, and training opportunities. FTEs shown here represent staff who support the adoption program.

Residential Drug and Alcohol Treatment Services

Residential treatment services are contracted directly by DASA and are designed to provide indigent, low-income individuals, and their families, who are experiencing a range of abuse and addiction problems, with a continuum of certified treatment services. Services are designed to address the gender, age, culture, ethnicity, and sexual orientation of individuals and their families, with the goal of abstinence from alcohol and other drugs and reducing the harmful effects of these substances on people's lives. Residential services include adult intensive inpatient treatment, long-term, recovery house, involuntary treatment, and youth and pregnant/postpartum treatment.

Maintain a safety net for people in need. Food stamp accuracy rate at 91.84 percent as of 6/30/03.

Statewide Result: Improve the security of Washington's vulnerable children and adults

Other Community Mental Health Services

There are four service components within this activity. The components include Children's Long-Term Inpatient Services (CLIP), the Clark County school project, Community Transition Support Services for former state hospital patients, and a federal Mental Health Block Grant. Children's Long-Term Inpatient Services provides inpatient services to mentally ill children. The Clark County school project provides intensive mental health services in a school setting for severely emotionally disturbed children who are Medicaid eligible. Community Transition Support Services are for people who no longer require hospital level of care for their psychiatric treatment or meet the criteria for state hospital inpatient involuntary commitment, but whose treatment needs still result in substantial barriers to community placement. The federal block grant provides funds for activities such as the Mental Health Planning and Advisory Council, as well as training, education, and support services to consumers, mental health professionals, and advocates.

LTC Investigations/Quality Assurance

The Aging and Disability Services Administration (ADSA) verifies and ensures that licensed facilities, staff and others who come in contact with vulnerable adults are providing appropriate services and quality care. The administration accomplishes this through surveying and certifying nursing homes, licensing adult family homes and boarding homes, and monitoring the quality of service provided in facilities where out-of-home placements are made. Staff investigate over 8,000 nursing home, adult family home, and boarding home complaints each year. Staff engage in a process of quality assurance and review all case management work to ensure that individuals receive the services they require to remain in their own home, or other community-based settings. Payment authorizations are examined to ensure compliance with federal and state laws, and to identify incorrect client eligibility determination and payment errors. Contract oversight and monitoring of home care agencies and other providers of services to in-home clients are provided through the Area Agencies on Aging (AAAs).

Community Services for Locally Committed Juveniles

The Community Juvenile Accountability Act (CJAA) funds programs on a statewide basis that are demonstrated by research to reduce recidivism of juvenile offenders. CJAA programs target youth on county probation who are at moderate to high-risk for reoffending. All of the 34 juvenile court jurisdictions representing 39 counties have implemented CJAA interventions. Pre-commitment at-risk services include diversion, probation supervision, individual and family counseling, drug/alcohol assessment and treatment, alternative education, vocational training, and psychiatric and psychological services. There are at-risk youth programs in all of the 34 juvenile court jurisdictions representing 39 counties. The Chemical Dependency Disposition Alternative (CDDA) provides courts with a sentencing option for chemically dependent youth, allowing judges to order youth into supervised treatment. Both locally sanctioned youth and certain youth who would otherwise be committed to JRA are eligible for CDDA. Special Sex Offender Disposition Alternative (SSODA), for certain first-time sex-offenders, allows the court to suspend the sentence of an adjudicated offender and instead order at least 24 months of community supervision, and require the youth to receive treatment in the community from a certified sex offender treatment provider.

Agency: 300 - Dept of Social and Health Services

Statewide Result: Improve the security of Washington's vulnerable children and adults

Program For All-Inclusive Care for the Elderly

ADSA contracts with a vendor to provide PACE (Program for All-Inclusive Care for the Elderly) services in King County. The goal of the PACE model is to help clients remain in the community for as long as possible, and the program achieves this by providing comprehensive health and social services that are tailored to meet the unique needs of each client. PACE serves individuals, age 55 and over, who are eligible for nursing facility level of care. Most clients have chronic diagnoses and require close medical and medication monitoring. In addition, all PACE clients require assistance with at least two ADLs. Clients may be served in their own homes, in adult family homes, or in nursing facilities as needed. The PACE provider receives a single monthly rate for all enrollees, which is based on the total of all Medicaid expenditures, both acute and long-term care costs. PACE is a voluntary program, however once a client enrolls, the vendor who operates the PACE program assumes all financial responsibility for all of the medical expenses associated with meeting a client's needs. This financial responsibility continues for the entire length of time that a client remains enrolled, which for the majority of clients is the remainder of their lives. This all-inclusive setting offers a comprehensive array of services such as access to physicians without appointments, and has shown a decreased occurrence of miscommunication between providers.

Medicaid Treatment Child Care (MTCC)

Medicaid Treatment Child Care (MTCC), formerly called Therapeutic Child Development, provides families with young children at serious risk of abuse or neglect with intensive child development services and interventions to promote parenting skills. Contracted child care providers deliver services to children for at least four hours each day. Additional services and support are provided to families through home visits, parent education, and parent support groups. MTCC services are available to families served through Child Protective or Child Welfare Services, and for parents participating in certified Division of Alcohol and Substance Abuse treatment programs. FTEs shown here represent program support staff involved in MTCC activities.

Financial Services Administration

Financial Services Administration is the merger between the DSHS Budget and Finance Divisions. The Budget Division is responsible for developing the department's operating budget and monitoring expenditures for compliance with legislative intent, forecasting caseloads and expenditures, and preparing fiscal notes. The division maintains the integrity of the agency's budget and allotment records, which are entered into the department and statewide computer systems. The Finance Division oversees and provides direction to programs regarding accounting functions and financial systems; performs federal and state-mandated financial recoveries; and coordinates with the State Auditor's Office, Office of Financial Management, and Office of the State Treasurer. The three sections of the division include the Office of Accounting Services, Office of Financial Recovery, and Information Technology Office.

Research and Data Analysis Division

The Research and Data Analysis Division (RDA) provides information and answers customer questions about risk, need, demand use, supply, cost, and outcomes of department services. RDA furnishes information about clients who use multiple program areas, provides local geographic context over time, and carries out highly complex analyses with program research staff. RDA staff also maintains official departmental information on performance measures, costs, caseloads over time, and the Human Research Review Board, which protects the privacy and confidentiality of people who are subjects in any departmental research projects.

Civil Commitment Less Restrictive Alternatives

Less restrictive alternatives (LRAs) include Secure Community Transition Facilities (SCTFs) and community placements. SCTFs provide less restrictive, alternative residential living and community transitional services for sex offenders who have been civilly committed under the law and have received court-ordered conditional release from total confinement. The Pierce County SCTF is located on McNeil Island, adjacent to the Special Commitment Center. Included in its funding is mitigation for local jurisdictions. The King County SCTF is to be located on Spokane Street within the city of Seattle, and will house and supervise up to six residents. The community program includes staff to administer the process of locating and evaluating potential SCTF sites and other Civil Commitment Off-Island LRAs, and includes individual placements and placements in group settings in the community.

Legislative Relations

Government and Community Relations coordinates congressional, state, and local issues and legislation, including the development of agency request legislation, analysis of proposed legislation, serving as liaison for the department, and organizing division/administrative reports mandated by the Legislature. The office oversees department activities related to the development, implementation, maintenance of, and adherence to departmental policies and procedures specific to patient health information and other information, in compliance with federal and DSHS privacy practices. The office also responds to and documents agency privacy complaints. The unit is responsible for the Victim/Witness Notification Program, the Sex Offender School Attendance Program, and the Governor's Rural Community Assistance Team Flexible Mitigation Fund. Constituent Services responds to constituents in crisis or in need of problem resolution, and also serves as a liaison between the department and legislative offices. The unit researches and explains agency rules and regulations to legislative and gubernatorial staff and department clients, while the Office of Indian Policy and Support Services seeks unity among tribal governments, Indian organizations, and department services to assist the collective needs of tribal governments and other American Indian organizations to assure quality and comprehensive service delivery to all American Indians and Alaska natives in Washington State. The Communications Division oversees media relations, publications management, internal communications, and Internet communications for the agency. Responsibilities include managing interaction with the news media; producing agency publications and presentation materials; and publishing a weekly newsletter; as well as establishing publishing standards for departmental Internet presence, maintaining overall structure and general agency Web pages, and providing subsite development and review.

Washington Council for the Prevention of Child Abuse and Neglect

The Washington Council for the Prevention of Child Abuse and Neglect (WCPCAN) serves as a resource to the state of Washington on the subject of child abuse prevention. It develops and provides leadership to a statewide network of community-based child abuse prevention resources and supports that strengthen families and promote healthy child development. It funds and provides training, technical assistance, and support to community-based programs in order to increase their capacity to achieve measurable outcomes and sustainability. It works in partnership across organizations and systems to leverage resources and address systemic barriers that reduce access to services and supports. WCPCAN leads and supports a variety of public education and advocacy efforts to increase awareness of and move individuals, organizations, and policy makers to actions that help reduce child abuse and neglect. WCPCAN supports the governance functions of the council and its committees, made up of citizen, state government, and legislative representatives. The council is also responsible for the development and management of the Children's Trust Fund of Washington.
