A002 Institutional Services

DVA operates veterans homes in Spokane, Retsil, and Orting, with a combined residential capacity of 575. These facilities offer skilled nursing and long-term care for honorably discharged veterans (and some spouses) who are or may likely become disabled and medically indigent. At Orting, assisted living and domiciliary services are also provided. The homes use an interdisciplinary team approach to providing nursing, clinic, rehabilitative therapy, therapeutic activity, and social services. Eighty percent of the cost for these services is recovered from federal and local sources.

A003 Veterans Disability Services and Support

Appropriation Period: 2013-15 Activity Version: 2C - Enacted Recast Sort By: Activity

The Veterans Disability and Claims Support program delivers critical services to the state’s vulnerable veteran population living in both urban and rural areas. This network provides advocacy services and representation to ensure that veterans and their family members are able to understand and navigate the complicated federal system. The role of the federal Veterans’ Administration is to adjudicate; it does not provide community claims support. DVA operates a statewide network that includes 34 contracted professional licensed war trauma counselors and 100 contracted service officers to provide disability claims services.

Statewide Result Area: Improve the security of Washington’s vulnerable children and adults

Statewide Strategy: Provide support services to children and families

Expected Results

The result of this activity is to maximize federal dollars coming into Washington State. In a typical year, 60,000 veterans receive services. Federal VA pension and disability payments into Washington State have increased from \$958.5 million in Federal Fiscal Year 2005 to \$1.014 billion in Federal Fiscal Year 2006.
