380 - Western Washington University

A001 Administration

Statewide Result Area: Improve the value of postsecondary learning

Statewide Strategy: Provide convenient and efficient post-secondary education

Expected Results

Improve the value of a state college or university education: Increased percentage of adults completing certificates/degrees; Increased student/graduate satisfaction; Increased number of students prepared to meet workforce needs.

Expand technology based instruction, both on-campus and at a distance through such strategies as expanding faculty development and use of instructional technologies, enhance student computer competence and use, and enhancing the use of technologies.

A002 Instruction

Statewide Result Area: Improve the value of postsecondary learning

Statewide Strategy: Provide convenient and efficient post-secondary education

Expected Results

Improve the value of a state college or university education: Increased percentage of adults completing certificates/degrees; Increased student/graduate satisfaction; Increased number of students prepared to meet workforce needs.

Freshman retention rates.

Graduation Efficiency Index - the minimum credits a student must take to obtain a degree divided by the number of credits actually taken.

The GEI is a measure of the minimum credits a student must take to obtain a degree, divided by the number of credits actually taken, adjusted for credits earned at other institutions. A GEI of 100 means that all credits attempted count toward a degree.

Number of bachelor's degrees awarded in high-demand fields.

As of 1/27/2010

Number of advanced degrees awarded.

Number of bachelor's degrees awarded.

Number of undergraduate degrees divided by the number of upper division student FTEs.
Faculty productivity measure divides the number of undergraduate degrees by the number of upper division student FTEs.

Percent of freshman graduating in five years or less.
Five year graduation success is defined by the percentage of freshman graduating in five years or less.

Percent of students returning to the same institution the following year; measured from Fall to Fall.
Undergraduate retention is the percentage of students returning to the same institution the following year; measured from Fall to Fall.

Percentage of bachelor's degrees awarded to students not exceeding 125 percent of the number of credits required for the degree.

Six-year graduation rates for first-time, full-time freshman students.

Three-year graduation rates for transfer students with an associate degree from a Washington community college.

A003 Research

Statewide Result Area: Improve the value of postsecondary learning
Statewide Strategy: Provide access to high-quality research opportunities

Expected Results

Improve the value of a state college or university education: Increased percentage of adults completing certificates/degrees; Increased student/graduate satisfaction; Increased number of students prepared to meet workforce needs.
