**Expected Results**

Liquor and Tobacco Enforcement Officers conduct random, unannounced inspections of licensed wholesale and retail businesses in order to encourage voluntary compliance with the tobacco tax laws. While these inspections ensure compliance with the tax laws, they also detect and remove products which fail to carry the U.S. Surgeon General's warning, have not successfully complied with requirements of the Master Settlement Agreement, or are either themselves counterfeit or bear counterfeit state tax indicia. The officers educate new licensees and others on the tax requirements or restrictions on sales placed on cigarettes and other tobacco products, which results in the successful collection of taxes and reduced illegal sales. In addition, the officers investigate complaints of non-licensed businesses selling illegal product. Another major function is conducting investigations that result in interdictions of in-bound shipments of untaxed cigarettes. Many of these investigations escalate into complex organized crime cases which require the involvement of federal agencies since products are being moved across state lines or originate at locations beyond the agency's jurisdiction. Major criminal investigations are still underway involving several large trafficking operations.
