

## Statewide Mobility

Indicator 3: Distribution of Population and Employment Growth among Central Puget Sound Cities

Measure a: Population and Employment Growth Shares: 2000-2008

### Description:

Estimates refer only to the four counties in the Central Puget Sound Region (King, Kitsap, Pierce and Snohomish). Growth shares represent the county's share of total growth in the region. For example, King County accounted for 23% of employment growth in the region and 41% of the population growth over this period.

County	Growth Shares	
	Covered Employment	Population
King	23%	41%
Kitsap	12%	4%
Pierce	31%	29%
Snohomish	34%	25%
