Subject: Puget Sound Partnership Response to Contingency Planning for State Agency Operations on July 1
Date: Thursday, June 13, 2013 10:19:34 AM

David,

The Puget Sound Partnership has no operations that meet the four exception categories. Therefore, we are preparing to cease all operations, contracts, etc. come July 1, should a budget not be passed by that time. Please let me know if any additional information is needed from our agency. Thank you for your help and leadership in this contingency planning effort... Marc
