Subject: RE: Contingency Planning for State Agency Operations

Hello,

Per the request below, I attempted to locate the contingency plan that would have been created by a colleague in either 2013 or updated in 2015 for the Life Sciences Discovery Fund Authority but alas my search left me empty-handed.

I did discover an email from a colleague to all staff dated 6/20/2013 that stated the following:
"Just FYI, John has learned and asked me to pass along that OFM agreed with our analysis that we will not be impacted should Legislature fail to pass 2013–15 operating and capital budgets by July 1, 2013. We will carry on as is vs be subject to OFM contingency plans."

This leads me to believe that LSDF did not have a contingency plan and as such, there will be no changes.

If anything has changed which would now require a plan to be developed, please let me know.

Thank you,
Brenda

Dear Mr. Schumacher:

The Life Sciences Discovery Fund Authority has an adequate balance from its FY 2013 tobacco settlement payment received in April, 2013, to perform its grant-making and grant management functions in FY 2014. We therefore fall under provision 2 in the list you presented in your letter of June 12. Please let me know if you have any questions; thank you.

Sincerely,

John DesRosier
