RCW 71.34 requires that MHD accepts and immediately places a youth in a children's long term inpatient bed when court-ordered for 180 days under an involuntary treatment order. Many admissions to CLIP (44%) are court-ordered. For the past 20 years, the Seattle Children's Home has continued to provide efficient, cost-effective, and high-quality management of this statewide gate-keeping authority. Renewal of this contract is the logical choice, both fiscally and operationally. Maintenance of the current efficacious management functions of placing involuntarily committed youth and approved voluntary applicants is crucial to the stability of the operation of the CLIP program. This contract has been granted an ESSB 5460 exemption based upon work being Critically Necessary.

This amendment adds money to the original contract. It is an increase of \$100,000 from what was stated in the previous amendment which set forth a not-to-exceed total of \$500,000. That amount was incorrect and was the result of an administrative error. The purpose of this contract is to secure professional strategic marketing services to assist in the development, implementation and evaluation of the Dairy Farmers of Washington's "Dairy Trust Initiative".

The purpose of this contract is to conduct consumer research in Korea during the 2009 Northwest cherry season that will give us insight to consumer preferences for guidance in future marketing programs. This data will also supply us with measurements for the constraints for this market as set forth in our Unified Export Strategy Application with the U.S. Department of Agriculture / Foreign Agricultural Service (as required for our MAP federal grant). On 2/27/09 Victor Moore, OFM Director, granted an ESSB 5460 exemption for agricultural research, marketing, and promotion activities.
