OFM RESPONSE TO BIDDER QUESTIONS

10.25.2016

OFM Answer to Additional Bidder Question

1. **Question:** *In the bid response, K20/OFM has requested the responding vendor to include a Proposed Node Site (Column N). If one or more of our sites could terminate in any of the proposed node sites (Seattle - Westin, Portland – Pittock, or Spokane – US Bank) would an input of “Any” in that cell be acceptable? I know K20/UW has a need to vary where sites terminate so if they knew we were flexible I would want to indicate “any” so they could determine which node would best fit their needs.*

OFM Answer: Indicating “any” as requested will be fine.
