Data Source and Notes

The original data source for this document is the U.S. Census Bureau's American Community Survey (ACS) 1-year Public Use Microdata Sample (PUMS) file. The designation of Congressional Districts of the ACS records was performed using a crosswalk between Congressional Districts and Public Use Microdata Areas (PUMA) that are available in the ACS files. The crosswalk was obtained from the Missouri Census Data Center's Geographic Correspondence Engine (<http://mcdc.missouri.edu/websas/geocorr12.html>).

In working with the ACS data, OFM analysts uncovered a significant increase of undercount of Medicaid enrollment in the ACS for Washington starting in 2014, the year the Patient Protection and Affordable Care Act (ACA) first rolled out Medicaid expansion program. An adjustment was made to the 2014 and 2015 ACS 1-year PUMS weights to account for the undercount of Medicaid.
