## Instructions for refreshing the Public Centralized Higher Education Enrollment System (PCHEES) Dashboard metric data using Google Chrome

### In Chrome

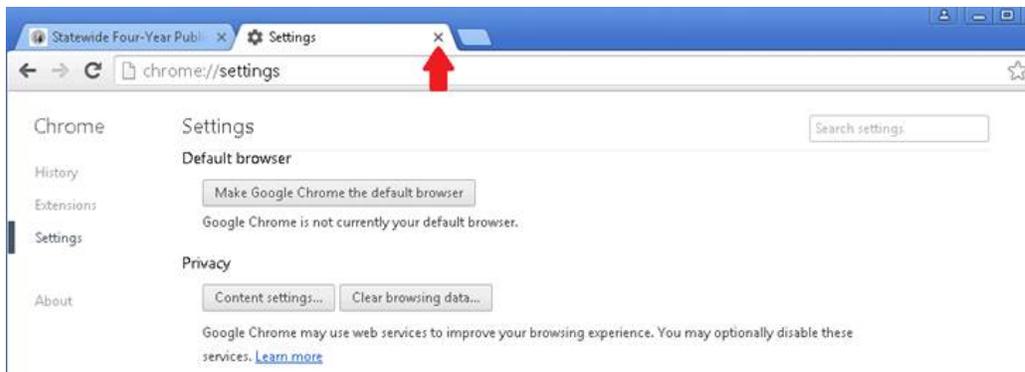

1. Select “Customize and control Google Chrome” button in the upper right corner of Chrome window (see red arrow below).
2. Select “More Tools” from the menu.
3. Select “Clear browsing data...” from the submenu.

4. Check the options shown below to clear browser data (the Cached images and files must be checked).

5. Press the “Clear browsing data” button.
6. Close the Settings tab by pressing the “X” (see the red arrow below).

7. The PCHEES Dashboard metric data will be refreshed and new data should be displayed.
