

The Washington State Roadmap Program

Sadie Rodriguez-Hawkins

April 24, 2008

Session Objectives

- Understand the history and purpose of the Roadmap Program
- Understand the incentives for change
- Learn about the functions and potential of SAP's products and OFM's statewide financial suite of tools
- Understand the options being considered regarding the future direction of statewide financials

Opening remarks

- Roadmap Program Overview
- Crossroads for Washington State Government
- Why are YOU here?

Roadmap Program

A program to look across agencies for ways to standardize and improve the state's back office operations.

Crossroads for Washington State Government?

...and the question is:

Can/should the state move toward a more centralized governing model or continue to tailor our back office services and processes for our clients and the citizens of the state?

The Winds of Change

So, why are YOU here?

The *Roadmap* Program - a business initiative to promote:

Accountability

Results

Transparency

Responsiveness

Compliance

A legacy
