

Status of Financial / Administrative System Approval Requests

Period ending June 30, 2010

Purpose

The purpose of this report is to summarize the status of systems approval requests received by OFM since the new approval process started in November 2002. All [pending](#) requests are listed first, followed by [resolved](#) requests and then [systems approval issues](#). All lists are presented alphabetically by agency. The rows [highlighted](#) are those requests received in FY2010.

Agencies anticipating financial / administrative system projects follow the approval requirements on the Systems Approval web site at <http://www.ofm.wa.gov/systemsapproval/default.asp>.

The OFM budget analyst, DIS senior technology management consultant, and OFM financial consultant for the requesting agencies are notified whenever new requests are received for their assigned agencies and are invited to participate in resolution of the pending requests.

Please contact Sadie Rodriguez-Hawkins or Bruce Gorsky for any additional information. Sadie can be reached at 360-725-0179 or Sadie.Hawkins@ofm.wa.gov and Bruce can be reached at 360-725-0221 or Bruce.Gorsky@ofm.wa.gov.

Requests Pending Receipt / Review

Agency	Rcvd	Business Functions	Scope	Status
		No pending requests at 6/30/2010		

Resolved

Agency	Rcvd	Business Functions	Scope	Status
BVFF&RO	3/17/08	Database replacement project for workers compensation and pension benefits.	\$306,490 + \$10,040 ongoing	Approved requirements identification phase of project 4/10/08. BVFF&RO to review requirements with OFM and DIS to help determine next steps.
CIS	9/10/07	Electronically distribute CTC's funds (financial aid and tuition refunds to students and vendors.	Est. \$300,000 + est. \$200,000 ongoing	Project cancelled.

WSU	8/26/08	Student Core Computer System Replacement	\$24 million + \$2.1 million/yr ongoing	Approved 10/17/08

Systems Approval - Related Issues

Agency	Rcvd	Business Functions	Scope	Status
DNR	8/19/05 – email	FASTER Fleet Management System	Emailed request for retroactive approval to use FASTER to meet SAAM capital asset tracking requirements	This is not a systems approval request – DNR is using FASTER to track more asset types than were originally approved by OFM in 2002. The issue now is certifying the SAAM specifications for agency asset management systems. Draft response is being reviewed.
DFW		Contract and Project System (CAPS) release 2	\$545,000 + \$75,000/yr (From Art Overman's 8/26/05 meeting notes)	Closed. No official approval request was submitted. Enterprise solution will be available when TALS is implemented.
SBCTC	10/18/06	Requested direction on how to include the Roadmap in their plans for a new purchasing system for the colleges		Continue communicating the Roadmap vision and timeline with SBCTC.

Distribution: Roadmap Website.
