Reported Index Crimes

- § **Source:** Washington Association of Sheriffs and Police Chiefs (WASPC) collects monthly reported crime statistics from participating law enforcement agencies. The Agencies participate on a voluntary basis as part of the Federal Bureau of Investigation's Uniform Crime Reporting (UCR) program. County annual totals include the sum of all reported UCR Crime Index offenses known to participating agencies within the county and reported to WASPC. UCR index crimes are recorded in a hierarchical fashion. Only the most serious crime is counted whenever multiple offenses are committed in a single incident. Given this "hierarchy rule," and the fact that many crimes, especially less serious ones, go unreported, the crime index necessarily under-represents the true volume of crimes committed. Nevertheless, the index is a useful indicator of the volume and types of crimes reported to police.
