

EarthCorps (A Partner of The Corps Network)

EarthCorps' AmeriCorps program is a full-time service learning experience for young adult participants from around the globe. The program combines relevant environmental education with restoration projects that include habitat improvement, invasive species removal, native re-vegetation, erosion control, stream and shoreline stabilization, wetland and near-shore work, as well as trail, boardwalk and bridge construction. Ongoing site monitoring and stewardship is an important part of this work.
