

Habitat for Humanity - Seattle/South King County

Habitat for Humanity seeks to eliminate poverty housing and homelessness from the world, and to make decent shelter a matter of conscience and action. Habitat invites people from all walks of life to work together in partnership to help build houses with families in need. Habitat has built almost 80,000 houses around the world, providing some 400,000 people in more than 2,000 communities with safe, decent, affordable shelter. In 1994, Habitat for Humanity International and the AmeriCorps National Service Program entered into a partnership aimed at mobilizing more volunteers in the fight against poverty housing.
