INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

December 18, 2006

The Honorable Christine Gregoire
Governor, State of Washington

Dear Governor Gregoire:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of the State of Washington as of and for the fiscal year ended June 30, 2006, as listed in the table of contents. These financial statements are the responsibility of the state's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Workers' Compensation Fund of the Department of Labor and Industries, Washington's Lottery, Department of Retirement Systems, Local Government Investment Pool, University of Washington, Western Washington University, and the funds managed by the State Investment Board. Those financial statements reflect total assets and revenues or additions of the governmental activities, the business-type activities, each major fund and the aggregate discretely presented component units and remaining fund information as follows:

<u>Opinion Unit</u>	Percent of Total	
	<u>Assets</u>	<u>Revenues/Additions</u>
Governmental Activities	14.5%	8.6%
Business-Type Activities	75.3%	43.8%
Higher Education Special Revenue Fund	59.6%	51.8%
Higher Education Endowment Fund	97.2%	94.9%
Higher Education Student Services Fund	68.3%	82.1%
Workers' Compensation Fund	100%	100%
Aggregate Discretely Presented Component Units and Remaining Fund Information	89.5%	71.1%

Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the above mentioned entities and funds are based upon the reports of other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Workers' Compensation Fund of the Department of Labor and Industries, Washington's Lottery, Department of Retirement Systems, Local Government Investment Pool, University of Washington, and Western Washington University were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of the State of Washington as of June 30, 2006, and the respective changes in financial position and cash flows, where applicable, thereof for the fiscal year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report on our consideration of the State of Washington's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis and the required supplementary information are not a required part of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We and the other auditors have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

A handwritten signature in black ink, appearing to read "Brian Sonntag". The signature is fluid and cursive, with the first name "Brian" and last name "Sonntag" clearly distinguishable.

BRIAN SONNTAG, CGFM
STATE AUDITOR
