

**Washington State Auditor  
Brian Sonntag**

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS IN ACCORDANCE WITH GOVERNMENT  
AUDITING STANDARDS**

November 22, 2011

The Honorable Christine Gregoire  
Governor, State of Washington

Dear Governor Gregoire:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate discretely presented component units and remaining fund information of the State of Washington, as of and for the year ended June 30, 2011, which collectively comprise the State's basic financial statements and have issued our report thereon dated November 22, 2011. Our report includes a reference to other auditors. During the year ended June 30, 2011, the State implemented Governmental Accounting Standards Board *Statement No. 54 – Fund Balance Reporting and Governmental Fund Type Definitions* and *Statement No. 59 – Financial Instruments Omnibus*.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the Department of Retirement Systems, Washington's Lottery, Local Government Investment Pool, University of Washington, and the funds managed by the State Investment Board, as described in our report on the State of Washington's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the Department of Retirement Systems, Washington's Lottery, Local Government Investment Pool, University of Washington, and the funds managed by the State Investment Board were not audited in accordance with *Government Auditing Standards*.

***INTERNAL CONTROL OVER FINANCIAL REPORTING***

Management of the State is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the State's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the state's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the state's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the State's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

### **COMPLIANCE AND OTHER MATTERS**

As part of obtaining reasonable assurance about whether the State's financial statements are free of material misstatement, we performed tests of the State's compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the information and use of management, federal awarding agencies and pass-through entities. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

A handwritten signature in black ink, appearing to read "Brian Sonntag". The signature is fluid and cursive, with a large initial "B" and "S".

**BRIAN SONNTAG, CGFM**  
STATE AUDITOR
