

FY2008 Energy Reporting* GA is collecting energy information on September 1 annually. Please share the information here, and supplement if you have other energy information. Capital Campus energy use is reported by GA.

Reported Square Footage The square footage of facilities you are able to report energy consumption for

Not Reported Square Footage The square footage of facilities you are NOT able to report energy consumption for

Electricity Any electricity that your agency is metered for.

Natural Gas Any natural gas that your agency is metered for.

Biomass Wood waste, wood pellets, biogas or similar used to generate heat, steam and/ or electricity. Biomass Btu values to be determined by reporting agency.

Fuel Oil Diesel, gas or bunker fuel used to generate heat, steam and/ or electricity.

Propane Propane purchased for electricity, heating, cooking.

On-site renewable energy Solar, wind or small scale hydro built on agency property and fed back into the energy grid.

Energy offsets Green tags or other energy offset purchased to reduce agency carbon emissions.

Potable water Drinking quality water. If your water information is not differentiated, please put totals in this column.

Irrigated water Water used for irrigation - if separately metered

Non-potable water Water other than potable- ground or surface sources such as rain water or Reclaimed waste water.

CCF = 100 cubic feet 1 Cubic Foot = 7.48 gallons

New data separated for analysis

Not required by EO but please input if you have it

Agency	FY2008 Total Square Footage	FY2008 Reported Square Footage	FY2008 Not Reported Square footage	FY2008 Electricity kWh	FY2008 Natural Gas Therms	FY2008 Fuel Oil Gallons	FY2008 Propane Gallons	FY2008 Biomass volume	FY2008 Biomass units	FY2008 Onsite renewable generated in kWh	FY2008 Energy Offsets purchased in kWh	FY08 Potable Water Usage in CCF	FY08 Irrigation Water Usage in CCF	Non-potable Water Usage in CCF
Conservation Commission														

*If only cost is available, please report it in the narrative report.
colocated with the Department of Ecology

FY08 Transportation Fuel, Vehicle Miles Traveled and Fleet

Gasoline Report all gallons of gasoline purchased for vehicle use. Gasoline used for heating should be reported in the Energy section.

E85 Report ethanol only if purchased at the E85 blend level (85% ethanol, 15% petroleum gasoline). Most gasoline in WA State is E10 already.

Petroleum Diesel Report all gallons of conventional diesel purchased for vehicle use (report fuel used for heating/energy in energy reporting)

Biodiesel Report only the amount of B100 your agency purchases in bulk, example: (if you purchase 100 gallons of B10 then only report 10 gallons of B100)
Report biodiesel purchased from WSDOT in the narrative Word document only

Aviation Report all gallons of aviation fuel purchased

Vehicle A passenger-carrying vehicle which has a primary duty for shuttling employees, not deliver equipment, etc.

Vessel Boats, ships, ferries that are run on state business (report fuel use separately if possible)

Agency Leased (MP Perm) A vehicle that is leased from the GA State Motor Pool by an agency for long-term use.

Perm)

Agency Owned (AOV) A vehicle that is purchased and owned by an agency. (The agency retains the title and/or is registered as the owner.)

GA Fleet (MP Daily Trips) General Administration's Daily use Motor Pool; utilized by agencies for short term trip rentals.

Personally Owned (POV) Personally Owned Vehicles that are used for state business. Calculate miles by dividing total dollars spent by rate of agency reimbursement per mile. Calculate gallons of gas from POV by dividing POV miles by a 20.26 rate of fuel economy.* If your agency does not use POV please place N/A in cell P19.

Energy Information

Administration's Annual

Energy Outlook 2008 report <http://www.eia.doe.gov/oiaf/aeo/>

POV reimbursement rates current and historic

Effective 7/1/08	.585 per mile
1/1/08 through 6/30/08	.505 per mile
1/1/07 through 12/31/07	.485 per mile
1/1/06 through 12/31/06	.445 per mile
9/15/05 through 12/31/05	.485 per mile

FY08 Paper Consumption If these supplies are purchased through Central Stores, they can provide a purchase report for your agency.

Paper definitions

Office paper Paper that is purchased already cut to 8.5 x 11 inches for use in printers and copiers

Virgin Paper that is made from 100 percent non-recycled fibers

30-40% recycled content Paper that is made with 30-40 percent post-consumer recycled fibers

100% recycled content Paper that is made with 100 percent recycled content with at least 50% post-consumer recycled fibers

Janitorial Toilet tissue, paper towels used in restrooms and coffee/break rooms.

White Office Paper Pounds of white office paper that is recycled through a service. Recycling on Capital Campus is reported by GA.

Not required by EO but please input if you have it

Agency	FY2008 Virgin office paper (reams)	FY2008 30 -40% recycled content office paper (reams)	FY2008 100% recycled content office paper (reams)	FY2008 Recycled Content Janitorial paper products (cases)	FY2008 Virgin Janitorial paper products (cases)	FY2008 Office Paper recycled (pounds)	FY2008 Garbage sent to landfill	FY2008 Material composted	FY2008 Other Material recycled
