<b>Comments on Miles Traveled</b>	As an agency who is increasing our outreach services across the state it is next to impossible for us to reduce the miles traveled. CDHL does require that staff consolidate meeting and use one car when more than one person is traveling.
-----------------------------------	--

<b>Comments on Fuel Purchased</b>	Directly tied to miles traveled.
-----------------------------------	----------------------------------

<b>Comments on Building Square Footage</b>	The total sq ft for the campus as of June 30, 2009 was 150,790 sq ft. A new building was being constructed at this time but was not complete. This new building will add an additional 23,134 sq ft to the campus next year.
--	--

<b>Comments on Energy consumed</b>	We have decreased our usage of natural gas by 43% over this last year. The main reason was decentralizing our boilers by going to small energy efficient boilers and decommissioning the central high pressure boiler.
------------------------------------	--

<b>Comments on Water consumed</b>	We have reduced our usage of water by 2,000 CCf over the last year. We do not have separate metering for irrigation water.
-----------------------------------	--

<b>Comments on Paper purchased</b>	CDHL has reduced our paper usage by 33% over the previous year by using bulk purchasing for better control of the product.
------------------------------------	--

<b>Comments on Waste and Recycling</b>	CDHL is committed to recycling. Material composted consists of 14,920 lbs of yard debris and 136,597 lbs of food waste. We also recycled 4,420 lbs of scrape metal.
