<b>Comments on Miles Traveled</b>	We have continued to increase CTR numbers, POV and AOV miles have decreased, telecommuting has increased, and we have strengthened Business Continuity & Disaster Recovery support through the agency support of telecommuting.
<b>Comments on Fuel Purchased</b>	In FY09, DRS identified a goal to reduce consumption by 5% using a 2007 baseline. Reducing travel by combining trainings & giving employers the option of a web-based self audit, we exceeded our goal, reaching a reduction of 6.41%.
<b>Comments on Building Square Footage</b>	DRS leases our building space from a private vendor that is contracted through the General Administration Services.
<b>Comments on Energy consumed</b>	DRS receives a portion of our power as green power. Puget Sound Energy purchases Green Power and supplements the NW power grid with it so we can receive it indirectly.
<b>Comments on Water consumed</b>	DRS does not have a water conservation program.
<b>Comments on Paper purchased</b>	In 2009, paper ordering was changed from decentralized ordering to centralized ordering, resulting in a cost savings due to volume purchasing instead of several smaller orders.
<b>Comments on Waste and Recycling</b>	DRS continues to recycle all paper products, batteries, fluorescent lights, as well as cardboard, soda cans, glass & plastic. In 2009, we recycled 256 fluorescent light bulbs and 52 lbs of batteries. Our paper & other recycling is picked up weekly.
