

**STATE OF WASHINGTON
OFFICE OF FINANCIAL MANAGEMENT
WEBS SOLE SOURCE NOTIFICATION**

The Office of Financial Management (OFM) contemplates awarding a sole source contract to DatamanUSA, LLC. DatamanUSA is the current vendor originally awarded a contract from competitive procurement. Dataman's Senior Informatica Developer will continue providing technical developer services in support of the Washington Workforce Analytics Enterprise data warehouse.

The services are necessary to maintain continuous access to seasoned technical skills with deep knowledge of reporting metrics and measures statewide for Washington's agency using a complex Informatica development environment, including the extraction of SAP data from other data sources.

The anticipated period of performance is April 24, 2019 through April 23, 2021. The dollar value is estimated at \$354,960.

This is not an invitation to bid. However, vendors contemplating the above requirements may submit capability statements, up to three pages, detailing their ability to meet the state's requirements within five (5) calendar days of this announcement. In the absence of other qualified sources, it is the state's intent to make a sole source award of the contract.
