Introduction to federal disclosure forms and lead sheet

Information collected in the Disclosure Forms application facilitates the preparation of the annual state of Washington Schedule of Expenditures of Federal Awards by the Office of Financial Management (OFM).

The federal Disclosure Forms application is an electronic way of capturing detail data for various aspects of an agency's federal assistance activities. It incorporates federal reporting rules and regulations.

All forms are completed online. The signed Federal Assistance Certification form including attachments, as necessary, is to be emailed to OFMAccounting@ofm.wa.gov.

Due Dates	Reporting Items
August 31, 2020	Phase 2 close and federal disclosure forms
February 26, 2021	Federal Assistance Certification form

In order to accurately complete the disclosure forms by the due date, agencies should review the information in the Agency Financial Reporting System (AFRS) that is to be reported on the disclosure forms and make necessary adjustments in AFRS **prior to the end of Phase 2**. With the exception of the Federal Assistance Certification form, early completion is encouraged.

Federal Assistance Reporting

95.20.10.a General Instructions

Each state agency that expends awards of federal assistance during a state fiscal year must complete federal disclosure forms.

Agencies expending federal awards are **required** to complete two federal disclosure forms:

1. Federal Identification Numbers
2. Federal Assistance Certification

The remainder of the disclosure forms may or may not apply to your agency. If there is AFRS data pre-filled in a disclosure form, your agency is required to complete the form. Specify on the federal lead sheet if a form is completed by selecting “Yes” or “N/A” for each form in the “Completed” column.

All financial information reported should be rounded to the **dollar**. Do not enter pennies, decimal points, dollar signs, etc. Refer to the “Tips” screen in the Disclosure Form application for more helpful information.

All financial information reported should be reconciled to AFRS. The following reports in Enterprise Reporting (ER) are available to assist in the reconciliation process. Agencies are encouraged to use these reports throughout the year to monitor reconciliation status.

Number**Instructions**

From the drop down box, choose the five-digit code for a federal assistance program. This number should be listed in your grant award document. It can also be found in the Catalog of Federal Domestic Assistance (CFDA).

Based on the CFDA number chosen from the drop down box, the following fields are automatically filled in: federal funding agency, major subdivision, program title, and cluster.

In the absence of a CFDA number where the agency has a federal award number, the last three digits of the CFDA number should be zeros (XX.000) and the federal award number must be provided.

In the absence of both a CFDA number and a federal award number, the last three digits of the CFDA number should be nines (XX.999).

Note: The XX.000 and XX.999 CFDA numbers are temporary numbers which will be assigned a different number (i.e. XX.UXX or XX.RD) after Phase 2 close. If these numbers are used an OFM accounting consultant will be contacting you with further instructions.

Federal
Funding
Agency

Name of the federal agency awarding the federal financial assistance. This field is automatically filled in based on the CFDA number entered.

Major
Subdivision

Name of the organizational unit, within the federal agency, awarding the federal financial assistance. Except as noted below, this field is automatically filled in based on the CFDA number entered. It can also be found in the Catalog of Federal Domestic Assistance.

When using CFDA numbers XX.000 and XX.999, the subdivision is not automatically filled in. State agencies are required to enter the major subdivision name when reporting federal financial assistance under the Research and Development (R&D) program cluster.

Program
Title

Title of the federal program providing the federal financial assistance. This field is automatically filled in based on the

Federal Assistance Reporting

CFDA number entered. It can also be found in the Catalog of Federal Domestic Assistance.

Entry of the CFDA number XX.000 automatically generates “Contract Number Only Provided” in the program title field and requires entry of an award contract number in the appropriate box.

Entry of CFDA number XX.999 automatically generates “Undetermined” in the program title field.

Cluster

Cluster numbers are cross-referenced to CFDA numbers in the disclosure form application. This field is automatically filled in based on the CFDA number entered.

CFDA numbers that cross-reference to the Research and Development Cluster (02) should be individually reviewed. If your federal award document does not specify R&D, it may be appropriate to change the cluster to 01-Programs Not Clustered.

Refer to Subsection 95.10.40 for cluster designations and definitions.

**Award
Contract
Number**

The award document number assigned by a federal awarding agency or a pass-through entity providing federal assistance to a state agency. The award contract number is limited to a maximum of 22 characters.

Award contract number is required for all awards reported on the Federal Assistance received from Nonfederal Source (pass-Through) disclosure form and for any awards where a CFDA number was unknown (i.e. XX.000 and XX.999 CFDA numbers).

**Revenue
Amount**

Amount of federal revenues recognized in the federal assistance program for the state fiscal year. Amounts should be rounded to the **dollar**.

**Expenditure
Amount**

Amount of federal expenditures in the federal assistance program for the state fiscal year. Includes both direct expenditures and agency indirect expenditures (charged in accordance with a federally approved indirect rate cost pool or cost allocation plan). Amounts should be rounded to the **dollar**.

Federal Assistance Reporting

Difference	Variance between the revenue amount entered and the expenditure amount entered. This field is automatically filled based on the amounts entered. Generally the difference should be zero.
Expenditure Amounts Passed Through to Subrecipients	That portion of federal award expenditures passed through to subrecipients. Do not include amounts passed through to other agencies of the state of Washington, except when a portion of the amount passed through is subsequently passed through to a non-state agency (subrecipient). The amount passed through to the non-state agency should be reported as a pass through expenditure by the original state agency. Amount should be rounded to the <u>dollar</u> .

Federal Financial Assistance - Direct

Use this form to report all expenditures of federal financial assistance received or expected to be received directly from a federal agency. This encompasses the majority of the federal financial assistance received by the state of Washington. In addition, the form is used to reconcile reported amounts to financial information recorded in the state Agency Financial Reporting System (AFRS).

Financial information is summarized by CFDA number. List both accrued and received federal revenue (Revenue Source Codes 0301 through 0354, 0356 through 0399 and 03DS) and the related expenditures for federal assistance. Agencies are also required to report the portion of expenditures passed through to subrecipients.

If a CFDA number is unknown, the award contract number is required.

Refer to Subsection 95.20.10.b for general disclosure form instructions.

Federal Analytical Review

This form is automatically populated based on federal financial assistance reported on the Direct, Pass-Through, Nonfinancial Assistance and Loan Balances forms if there has been material change in balances reported for a CFDA number since last fiscal year.

For the XX.000 and XX.999 CFDA numbers that are assigned a different number (i.e. XX.UXX or XX.RD) after Phase 2 close the analytical review will be performed for the total for each federal agency. For example, all 93.UXX numbers reported in the current year forms are combined and compared to all 93.UXX numbers reported in the prior year forms.

OFM will establish the materiality thresholds annually. After completion of the other federal forms, review this form to see if material changes have been identified. All material changes on this form require an explanation.

Refer to Subsection 95.20.10.b for general disclosure form instructions.

Federal Nonfinancial Assistance

Washington receives federal nonfinancial assistance in the form of surplus property and donated inventories (for example food commodities and immunization supplies).

State agencies with federal nonfinancial programs use this form to report the expenditure or usage of this assistance by federal catalog number for the fiscal year ending June 30. The nonfinancial assistance programs (CFDA numbers) are prelisted for convenience. If a CFDA number is not listed, contact your agency's assigned OFM Accounting Consultant.

Custodial state agencies, such as the Department of Enterprise Services, that transmit portions of their donated inventories to other state agencies for eventual use, should not record expenditures upon transmission (refer to Subsection 85.56.40.c).

Refer to Subsection 95.20.10.b for general disclosure form instructions.

Use this form to report activity and balances of loans. These loans provide a measurement of audit risk for the federal assistance loan or loan guarantee programs.

The beginning balance, administrative allowance, and new loan amount must be entered as positive numbers, and the repayment amount must be entered as a negative number. The ending loan balance is a calculated field.

The reconciliation to the Federal Direct form is automatically populated based on the CFDA numbers entered on the Federal Loan Balance form and the Federal Direct form. If there is a difference provide a detailed explanation including the related CFDA number.

**Federal Assistance Received from Nonfederal Sources
(Pass-Through)**

All state agencies are required to separately record and report all federal financial assistance received from entities other than federal or Washington state awarding agencies. Agencies account for this indirect federal assistance using Revenue Source Code 0546 "Federal Revenue - Pass-Through." Generally, the associated expenditures are accounted for as private/local expenditure authority charges.

This form provides a means for entering federal assistance received from nonfederal entities, and reconciling the entered amount to revenue recorded in AFRS.

Agencies are to list CFDA number, pass-through entity name and grant agreement or award contract number, all federal financial assistance and associated expenditures from other than federal and Washington state agency grantors (Revenue Source Code 0546). Agencies are also required to report the portion of expenditures passed through to subrecipients.

Refer to Subsection 95.20.10.b for general disclosure form instructions.

Federal Identification Numbers

Agencies are required to list all federal, nine-digit **Employer Identification Numbers (EINs)** covered by the state of Washington Single Audit. OFM interprets the term covered to mean all EINs related to CFDA program expenditures for which single audit requirements are satisfied by the state of Washington Single Audit.

Agencies are also required to provide a federal universal grant identifier number for their agency. This number, commonly referred to as a **DUNS (Data Universal Numbering System) number**, is available from Dun and Bradstreet. It is required on all federal grant applications and federal expenditure reporting.

Both EINs and DUNS numbers are reported to the federal government in a statewide listing with no attempt made to correlate individual numbers with specific CFDA programs.

The agency code field will prefill with the agency's four digit code and name.

Enter the EIN. Report as many EINs as appear in the total federal assistance activity for the year. Some agencies may have more than one EIN or involve other state agencies that have their own EIN(s), in their federal assistance. **Do not report** EINs for other than state agencies.

Enter the agency's DUNS number. Agencies that have more than one DUNS number must designate one number as the master DUNS number for federal assistance purposes. Only the Community and Technical College System will report multiple numbers (one for each institution).
