

699 - Community/Technical College System

A001 Academic Transfer Instruction

This activity offers educational course work and degree programs that facilitate a smooth transition from the Community and Technical College System to other institutions of higher education. Courses work and degrees offered are generally intended to move the student towards a baccalaureate degree. This activity serves students who may not otherwise be able to obtain a baccalaureate degree, including traditionally underrepresented populations. Current strategies to improve transfer and subsequent degree baccalaureate degree completion include; Common Course Numbering (across all institutions of higher education), inter-college reciprocity policies, credit for non-traditional learning and degrees that follow the Direct Transfer Agreement (DTA).

Expected Results

Administrative costs are a necessary part of all public sector organizations. Administrative costs as a share of total expenditures are expected to decrease.

A003 Basic Education for Adults

Appropriation Period: 2019-21 Activity Version: 36 - Working Analyst Supp. Version 6 Sort By: Activity

Basic Education for Adults (BEaA) provides instruction in Adult Basic Education (ABE), English as a Second Language (ESL), and High School Completion (HSC) or High School Equivalency (HSE) test preparation. BEaA provides programs for students who are 16 years of age and older, no longer in school, and are functioning below the high school level or have limited English language skills.

BEaA programming provides students with college and career pathways that provide students the 21st Century reading, writing, speaking, listening, math and technology skills needed to complete high school diplomas and equivalency certificates and postsecondary certificates and degrees

Account	FY 2020	FY 2021	Biennial Total

489-1 State	\$2,815,000	\$2,816,000	\$5,631,000

Statewide Result Area: World Class Education
Statewide Strategy: Increase access to high-quality post-secondary education programs

Expected Results

Students that have less than a high school level of education will acquire the reading, writing, speaking, listening, math and technology skills needed to transition to postsecondary education and family sustaining employment.

A004 Community Services-Contract Funded Courses

Appropriation Period: 2019-21 Activity Version: 36 - Working Analyst Supp. Version 6 Sort By: Activity

Community and technical colleges provide self-supporting educational programs through contract-funded courses paid for by employers or social service agencies for the benefit of their employees or clients. Examples of contract-funded courses include: the Running Start program for high school students; tuition and training for WorkFirst clients; prison inmate literacy and skills programs; instruction for international student organizations; and tailored job and skills training for local businesses. Federal student financial aid, such as Pell grants, Supplemental Education Opportunity Grants, federal work study, and Perkins vocational grants, is also included in this activity. (Institutions of Higher Education-Grants and Contracts-Nonappropriated)

Account	FY 2020	FY 2021	Biennial Total
FTE	73.9	74.2	74.1
11A Employment Training Finance Account			
11A-6 Non-Appropriated	\$250,000	\$250,000	\$500,000
145 Institutions of Higher Education - Grant and Contracts Account			
145-6 Non-Appropriated	\$95,682,000	\$100,122,000	\$195,804,000

Statewide Result Area: World Class Education
Statewide Strategy: Provide convenient and efficient post-secondary education

Expected Results

The Community and Technical College System will continue to explore opportunities to expand contract training.

A005 Precollege Education

Precollege education courses are academic in nature and provide students with the skills necessary to be successful in college-level courses. The students in these courses are taking credits necessary to qualify for college-level math, English, etc. Approximately 55 percent of the students in these classes have been out of high school for more than three years.

Statewide Result Area: World Class Education
Statewide Strategy: Increase access to high-quality post-secondary education programs

Expected Results

Students will transfer into college level courses in math and English.

A006 Student-Funded Courses

Community and technical colleges provide self-supporting educational programs through student-funded classes. Most of these courses are offered to students who are not attending college for the purpose of a degree or certificate. The courses are taken to supplement and enhance existing job skills or for personal enrichment. (Institutions of Higher Education-Dedicated Local Account-Nonappropriated)

Account	FY 2020	FY 2021	Biennial Total

Statewide Result Area: World Class Education
Statewide Strategy: Support career preparation beyond high school

Expected Results

The Community and Technical College System will continue to explore opportunities to expand student-funded courses.

A007 Workforce Education

Workforce Education provides education and training to prepare students for immediate employment in professional-technical fields. Working in partnership with businesses, this activity helps prepare students for employment while providing skilled workers needed to make Washington state businesses prosper in an ever-changing, competitive economy. In addition to traditional students, Workforce Education serves those wanting to upgrade their current knowledge and skills, those interested in a career change and displaced or unemployed workers that are in need of retraining.
