Population Estimate System

User Guide

This document will show you how to use the Population Estimate System (PES).

IMPORTANT! Before You Begin!

- Make sure that you have a SecureAccess Washington (SAW) account and have registered your account with PES using your PIN. For instructions on how to do this, see the Setting up a SAW Account and Registering with PES document on the OFM April 1 population estimates program information page.

Login to PES

1. Start a browser session.
   In the address bar, enter: https://pop.ofm.wa.gov
   You will be redirected to a Sign In screen.

2. Choose Secure Access Washington from the account list.

3. Enter the USERNAME and PASSWORD that you created when you set up your SAW account.
   Click the SUBMIT button.

SAW has a 60-minute timer that starts as soon as you login. If you exceed an hour, you’ll need to refresh your browser and login through SAW again.
**PES Dashboard**

1. Based on your User ID, the system knows what **City** you’re reporting on.
2. **Help** takes you to an information page with resources about the April 1 population estimate process.
3. **Contact Us** takes you to the contact information page.
4. **Manage Accounts** allows you to create and manage user accounts for your city.
5. A variety of **Reports** are available through PES. You can print Form A from here as well.
6. **Contact your Analyst** directly if you have any questions.

**Estimate Status** gives you a way to track where things are in the process.

1. Shows the Form A due date. The status will change to “Submitted” when OFM has received it.
2. **Estimate Development** lets you know if OFM is working on your estimate.
3. The expected date when OFM’s preliminary review documents will become available.
4. The date by which OFM must complete the final estimate.
1. The left-side navigation menu provides a way to move through the form, highlighting the section you’re in.

2. Use the + icon to display Instructions or Examples related to a particular section.

3. A white column is where data should be entered.

4. A grey column indicates where system calculations are done. It might also display data from the prior year.

5. Some areas of the form require you to answer additional questions before you move to the next section.

6. A place for you to enter Comments about the section you are completing.

7. The Cancel button will clear that section of the form.

8. Click the Save button or push the enter key when you’re ready to move on. You can go back later and edit data if you need to.
1. Part “a” is for reporting units permitted since the 2010 census that have not been completed.
2. Use the + icon to display Instructions or Examples related to a particular section.
3. The grey column in part “a” indicates data from the prior year.
4. The white column in part “a” is where data should be entered.
5. Part “b” is for reporting units permitted before the 2010 census that have not been completed.
6. The white column in part “b” is where data should be entered.
7. The Cancel button will clear that section of the form.
8. Click the Save button or push the enter key when you’re ready to move on. You can go back later and edit data if you need to.
Adding/Editing Existing Data

Certain sections of the form require you to make changes to existing information.

1. Use the Edit button to update information about a manufactured home park.
2. Check the Close Park box if the park has closed and will not reopen anytime soon.
3. Use the Add Park button at the bottom of the screen if you need to add a new park.

Edit Park Information

1. Enter the required information.
2. You can enter information for contact name and phone number if you’d like.
3. Click the OK button to save your changes or the Cancel button if you change your mind.

Add New Park Information

1. Enter the required information.
2. You can enter information for contact name and phone number if you’d like.
3. Click the OK button to save your changes or the Cancel button if you change your mind.
1. The Group quarters population section is similar to the Manufactured homes inside parks section.

2. Update the values in the white columns.

3. Reporting is not required for group quarters whose current year Population and Close Facility are grayed out. These group quarters are collected from administrative sources.

4. Use the Add New Facility and Edit buttons to make changes.
Annexations

1. This page lists the annexations and boundary changes that have been approved by OFM that will be included in this year’s estimate.

2. Tell us about any annexation and boundary changes that are missing from the list by using the Report Annexation button.

---

D. Annexations and municipal boundary changes from April 2, 2015 through April 1, 2016

Additional Comments

1. Tell us anything else you would like us to consider when developing your city’s population estimate.

---

Additional comments

You may provide additional information for OFM to consider or reference during the estimate process. You can also provide an advisory estimate, which must be accompanied with the input data and the description of the method used. OFM needs that information to review your estimate. You can attach files to this Form A in the attachment section.

Comments:

We developed our own population estimate based on last year's information, new housing and group quarters. We also had a large annexation. We estimate the city's population to be 22,555. Please see the attached worksheet pop_estimate_2016.xlsx.
Attach Files

1. Expand the Instructions to see the types of files that can be attached as supporting documentation.

You can add up to 10 files. The files can't be larger than 20MB.

2. Click the Add attachment button, then navigate to the file you want to attach and click Open.

3. Provide a brief description of the file and then click the Upload button.

4. The new attachment should now show up in the Supporting documents list.

If you change your mind, click the Delete button and confirm that you want to delete the attachment.

Certify & Submit Page

1. The Certify & Submit page is only available to the user assigned to the Population Contact role. Users assigned to the Reviewer or Editor role will not see this page.

2. Click the checkbox that you certify the data provided is accurate and then click Submit for the data to be submitted to OFM.

Once you submit Form A to OFM, you will not be able to make additional edits to the form. Contact your OFM analyst if you need something changed.

Manage Accounts

1. There are three main roles within the system. Each user must be assigned a role.

Any one of these roles can also be assigned the title of Highest Elected Official. Each city can have only one Highest Elected Official.

IMPORTANT! Only the Population Contact can add users, deactivate users and assign user roles and titles.

Reviewer – A Reviewer can view Form A data, but cannot submit data. They can edit their own account contact information, but cannot change their role or remove themselves as user.

Editor – An Editor can edit and save Form A data, but cannot submit data. They can edit their own account contact information, but cannot change their role or remove themselves as a user.

Population Contact – There can be only one Population Contact per city. A Population Contact can edit and submit Form A data. They can edit their account contact information and the contact information for any user in their city, but cannot remove themselves as a user. They can assign another user as a Population Contact, but the existing Population Contact’s role will be changed to an Editor.
2. From the PES homepage, choose **Manage Accounts** from the top menu. Current users are listed alphabetically by last name, regardless of their role.

*Based on your current role, your view of the users may be different.*

3. **Add New User**

Complete the required fields. By default, new users are added as an Editor.

Decide what role you want the new user to be assigned.

If you assign a new user the Population Contact role, you will become an Editor.

If you assign a user the Highest Elected Official title, the account associated with previous Highest Elected Official is automatically deactivated.

New users will automatically receive an email from pop.estimates@ofm.wa.gov that contains their PIN.

*If the new user does not have a SAW account, they will need to create one and use their PIN to register their account with PES.*
4. When you make a user the **Population Contact**, you will need to confirm the change to the existing Population Contact.

5. When you assign the title of **Highest Elected Official** to a user, you will need to confirm the change to the existing Highest Elected Official.

6. **Remove User**

Notice that the Population Contact and Highest Elected Official don’t have a remove button.

You can reassign the role of Population Contact or the title of Highest Elected Official by adding a new user or editing an existing one and selecting the appropriate option.

*If you assign another user to the Population Contact role, you’ll need to work with the NEW Population Contact to add, edit or remove anyone.*
Logout

1. When you click the Logout button, you will be redirected to the OFM April 1 page.

Note: if you immediately use the browser back button, you will be returned to the PES home page. You can close your connection by exiting your browser session.
