Diversity Categories

Note: Beginning February 2015, Ethnic Origin became the primary source for persons of color for enterprise affirmative action reporting.

Washington Workforce Analytics determines Ethnic Origin, Disability Status, and Veteran Status based on an employee’s Additional Personal Data infotype (0077) start date. If an employee’s master data is updated and a new record is created, only reports run with a prompt date equal to or after the start date of the new record will reflect the updated values.
