Section A: Overview

Governor Inslee's proposed capital budget appropriates over \$4 billion (all funds) for state construction projects, grant and loan programs for local governments, and to build and improve K-12 schools and facilities for higher education. An average of 10,628 jobs per year will be created or sustained by the work funded in the capital budget.

Section B: Agency Detail

2017-19 Agency Detail

The following section presents the capital projects proposed for funding in the 2017-19 biennium and provides a project description, start and completion dates, current and future cost, and fund source. Projects authorized for alternate financing are identified in Section D. The agencies are grouped by functional area.

Court of Appeals

30000003

Division III Roof Replacement and Maintenance

Funding is provided to replace the roof on the Court of Appeals, Division III courthouse located at 500 N Cedar Street in Spokane.

OFFICE OF THE GOVERNOR**Department of Commerce**

30000872

2017-19 Housing Trust Fund Program

Housing Trust Fund investments will be used to preserve and develop affordable housing projects serving a broad spectrum of vulnerable populations, including homeless families and individuals, farm workers, seniors and individuals with special needs. Funds will be allocated on a statewide competitive basis, with at least 30 percent of available funds targeted to rural communities.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|-------------------------|-------------------------|-----------------------|--------------------|-------------------|
| | | | 101,572,000 | 400,000,000 | 501,572,000 |

| | | |
|--------|---|-------------|

| | State Taxable Building Construction Account - Funds Subject to the Debt Limit | 315,000,000 |
| | Washington Housing Trust Account - State | 1,572,000 |

30000873

Economic Opportunity Grants

Economic Opportunity Grant Funds are provided to assist low- and moderate-income communities in repairing and enhancing infrastructure and community facilities, provide microenterprise revolving loans, and support other eligible Community Development Block Grant activities.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|-------------------------|-------------------------|-----------------------|--------------------|-------------------|
| | | | 6,750,000 | | 6,750,000 |

| | | |
|--------|---------------------------------------|-----------|
| Funds: | Rural Washington Loan Account - State | 6,750,000 |
|--------|---------------------------------------|-----------|

30000875

2017-19 Youth Recreational Facilities Grant Program

To provide grant funding to 12 non-profit organizations for recreational projects that feature indoor youth recreational component and a supporting social service or educational component.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|-------------------------|-------------------------|-----------------------|--------------------|-------------------|
| | | | 6,907,000 | 27,628,000 | 34,535,000 |

| | | |
|--------|---|------------|
| Funds: | State Building Construction Account - State | 34,535,000 |
|--------|---|------------|

30000876

Infill and Affordable Housing Development Assistance

Provide grants to local jurisdictions to develop and implement affordable housing incentive programs. This will also help fund a state-wide program to monitor and assess affordable housing and development trends.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|-------------------------|-------------------------|-----------------------|--------------------|-------------------|
| | | | 3,459,000 | 835,000 | 4,294,000 |

| | | |
|--------|---|-----------|
| Funds: | State Building Construction Account - State | 1,850,000 |
| | Washington Housing Trust Account - State | 2,444,000 |

Department of Commerce (Continued)

30000877

2017-19 Building for the Arts Grant Program

To provide grant funding to eight non-profit organizations for performing arts, art museums and cultural facilities projects.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|-------------------------|-------------------------|-----------------------|--------------------|-------------------|
| | | | 8,725,000 | 36,000,000 | 44,725,000 |

Funds: State Building Construction Account - State

44,725,000

30000879

Weatherization Plus Health Matchmaker Program

To provide financial assistance to low-income households in all 39 counties across Washington to improve home energy efficiency and healthy homes measures, which allows the state to maximize utility partnerships and funding match.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|-------------------------|-------------------------|-----------------------|--------------------|-------------------|
| | | | 28,000,000 | 112,000,000 | 140,000,000 |

Funds: Carbon Pollution Reduction Account - State

140,000,000

30000881

Clean Energy Funds 3

The Clean Energy Funds Program (CEF) matches funds from businesses, electric utilities, and research institutions from around the state of Washington dollar-for-dollar to provide energy efficiency, renewable energy generation, and intermittent energy integration to residences and businesses. These funds create resiliency investments in the electrical grid while growing clean energy technology solutions that can be exported nationally and abroad to grow local Washingtonian economies.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|-------------------------|-------------------------|-----------------------|--------------------|-------------------|
| | | | 60,000,000 | 240,000,000 | 300,000,000 |

Funds: Carbon Pollution Reduction Account - State

300,000,000

Department of Commerce (Continued)

30000882

Energy Efficiency and Solar Grants

The Energy Efficiency and Solar Grant program will provide grants to state agencies, public higher education institutions, and local governments to improve the energy efficiency of public facilities and street lighting, and install solar systems to reduce energy demand and costs. These grants will support the work of public agencies to implement facets of existing energy efficiency laws and regulations, significantly improve the energy performance of both public and private buildings, and upgrade the energy efficiency of street lighting throughout the state. Funding of these projects will support jobs in the construction industry across the state during the next two biennia.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|--|-------------------------|-----------------------|--------------------|-------------------|
| | | | 20,000,000 | 60,000,000 | 80,000,000 |
| Funds: | Carbon Pollution Reduction Account - State | | | | 80,000,000 |

30000883

2017-19 Building Communities Fund Grant

Funding is provided for grants to 12 competitively-selected social service and multipurpose community center projects sponsored by nonprofit organizations statewide.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|---|-------------------------|-----------------------|--------------------|-------------------|
| | | | 17,908,000 | 72,000,000 | 89,908,000 |
| Funds: | State Building Construction Account - State | | | | 89,908,000 |

40000005

2018 Local and Community Projects

Funding is provided for grants to local governments and nonprofit organizations for nine community-based projects statewide.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|---|-------------------------|-----------------------|--------------------|-------------------|
| | | | 37,560,000 | | 37,560,000 |
| Funds: | State Building Construction Account - State | | | | 37,560,000 |

40000006

Early Learning Facility Grants

The Department of Commerce will distribute grants for the construction, renovation, and improvement of classrooms for the Early Childhood Education Assistance Program (ECEAP). Additional classrooms are necessary as ECEAP transitions to entitlement status by the 2020-2021 school year. Commerce will coordinate with the Department of Early Learning to establish application requirements and prioritize grant awards.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|---|-------------------------|-----------------------|--------------------|-------------------|
| | | | 26,284,000 | 87,767,000 | 114,051,000 |
| Funds: | State Building Construction Account - State | | | | 114,051,000 |

Department of Commerce (Continued)

40000007

Dental Clinic Capacity Grants

These grants will build dental clinic capacity to improve dental access in rural and underserved locations in the state as listed by the United States Health & Human Services designated dental shortage areas, with a goal for geographic dispersion throughout the state.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|-------------------------|-------------------------|-----------------------|--------------------|-------------------|
| | | | 10,000,000 | | 10,000,000 |

Funds: State Building Construction Account - State

10,000,000

40000008

Brownfields Cleanup for Affordable Housing Development

Grants to local government to carry out cleanup activities at brownfields sites for affordable housing development.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|-------------------------|-------------------------|-----------------------|--------------------|-------------------|
| | | | 10,000,000 | | 10,000,000 |

Funds: Public Facility Construction Loan Revolving Account - State

10,000,000

40000009

PWAA Preconstruction and Emergency Loan Programs

Provides financial assistance in the form of low or no interest preconstruction and emergency loans to local governments to repair, replace, or rehabilitate bridges, roads, sanitary sewer systems, domestic water systems, storm sewer systems and solid waste/recycling systems.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|-------------------------|-------------------------|-----------------------|--------------------|-------------------|
| | | | 19,000,000 | | 19,000,000 |

Funds: State Taxable Building Construction Account - Funds Subject to the Debt Limit

19,000,000

40000018

Behavioral Health Community Capacity

Funding for the construction or renovation of three sixteen-bed, state-run behavioral health hospitals. Also funds planning for six additional hospitals in future biennia.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|-------------------------|-------------------------|-----------------------|--------------------|-------------------|
| | | | 30,800,000 | | 30,800,000 |

Funds: State Building Construction Account - State

30,800,000

Department of Commerce (Continued)

40000019

Clean Manufacturing Funds

Grants to upgrade or replace industrial equipment such as boilers, improve demand side management of electricity and natural gas and implement projects such as combined heat and power that add efficiency and reduce overall harmful greenhouse gas emissions.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|--|-------------------------|-----------------------|--------------------|-------------------|
| | | | 75,000,000 | | 75,000,000 |
| Funds: | Carbon Pollution Reduction Account - State | | | | 75,000,000 |

Office of Financial Management

30000039

Oversight of State Facilities

Funds nine staff who oversee the use of existing facilities by state agencies.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|--|-------------------------|-----------------------|--------------------|-------------------|
| | | | 2,458,000 | 10,000,000 | 12,458,000 |
| Funds: | | | | | |
| | State Building Construction Account - State | | | | 11,458,000 |
| | Thurston County Capital Facilities Account - State | | | | 1,000,000 |

30000040

OFM Capital Budget Staff

Funding is provided for four capital budget staff to review and analyze agency and other budget requests, monitor and allot capital budget funds and assist agencies in implementing projects and fulfilling capital budget requirements.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|---|-------------------------|-----------------------|--------------------|-------------------|
| | | | 1,221,000 | 5,000,000 | 6,221,000 |
| Funds: | | | | | |
| | State Building Construction Account - State | | | | 6,221,000 |

30000041

Emergency Repairs

Funding is provided for agency capital emergencies as defined in the Office of Financial Management's (OFM) Capital Budget instructions. Rather than providing various agency appropriations for emergency repairs, this project consolidates funding and allows for better OFM oversight of the appropriation.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|---|-------------------------|-----------------------|--------------------|-------------------|
| | | | 5,000,000 | 20,000,000 | 25,000,000 |
| Funds: | | | | | |
| | State Building Construction Account - State | | | | 25,000,000 |

Department of Enterprise Services

30000548

East Plaza - Water Infiltration & Elevator Repairs

This project removes and replaces the eastern one-third of the southern plaza garage roof, where ongoing water infiltration has spalled concrete, resulting in exposed structural beams that are now corroding. Loosening concrete walls and ceiling panels are a safety risk. This project includes a Certificate of Participation (COP), with debt service paid by an increase in parking fees.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|-------------------------|-------------------------|-----------------------|--------------------|-------------------|
| 2,702,000 | 401,000 | | 3,468,000 | 11,120,000 | 17,691,000 |

| | | |
|--------|---|------------|
| Funds: | State Vehicle Parking Account - State | 2,536,000 |
| | State Building Construction Account - State | 15,155,000 |

30000740

Capitol Lake Long-Term Management Planning

Funding is provided for an Environmental Impact Statement related to Capitol Lake / Lower Deschutes Watershed. Capitol Lake is filling with sediment from the Deschutes River and is inhabited by invasive species. This project builds on the work completed with community stakeholders during the 2015-17 biennium.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|-------------------------|-------------------------|-----------------------|--------------------|-------------------|
| | 250,000 | | 4,000,000 | 940,000 | 5,190,000 |

| | | |
|--------|---|-----------|
| Funds: | State Building Construction Account - State | 5,190,000 |
|--------|---|-----------|

30000777

Transportation Building Preservation

Funding is provided to replace a leaking roof and to complete a predesign for additional system replacement. Water is intruding through the roof and interior walls. Water damage in the evacuation stair towers is causing spalled concrete and corrosion.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|-------------------------|-------------------------|-----------------------|--------------------|-------------------|
| | | | 3,982,000 | 12,889,000 | 16,871,000 |

| | | |
|--------|--|-----------|

| Funds: | Capitol Building Construction Account - State | 2,004,000 |
| | Thurston County Capital Facilities Account - State | 1,000,000 |

Department of Enterprise Services (Continued)

30000786

Elevator Modernization

Funding is provided for a consultant to assess and prioritize work on failing elevators in state-owned buildings managed by the Department of Enterprise Services in Thurston County. Includes elevator repair work in two buildings. Five months of data collection in 2016 tallied 176 elevator service calls and 24 entrapments.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|--|-------------------------|-----------------------|--------------------|-------------------|
| | | | 2,000,000 | 7,971,000 | 9,971,000 |
| Funds: | State Vehicle Parking Account - State | | | 150,000 | |
| | State Building Construction Account - State | | | 1,540,000 | |
| | Thurston County Capital Facilities Account - State | | | 7,781,000 | |
| | Enterprise Services Account - State | | | 500,000 | |

30000787

Hazard Mitigation Grant Program

State match and federal appropriation authority is provided for participation in a Federal Emergency Management Agency (FEMA) grant program, administered by the Military Department. Awards will be announced in January 2017.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|---|-------------------------|-----------------------|--------------------|-------------------|
| | | | 1,000,000 | | 1,000,000 |
| Funds: | General Fund - Federal | | | 875,000 | |
| | Capitol Building Construction Account - State | | | 125,000 | |

30000791

Legislative Building Systems Rehabilitation

Predesign and design funding is provided to replace failing building systems in the Legislative Building, including fire alarm, HVAC and lighting systems. Energy savings related to the HVAC replacement is estimated at \$16,500 per year. Lighting modernization will eliminate safety hazards identified by Labor and Industries.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|---|-------------------------|-----------------------|--------------------|-------------------|
| | | | 993,000 | 6,000,000 | 6,993,000 |
| Funds: | Capitol Building Construction Account - State | | | 6,993,000 | |

Department of Enterprise Services (Continued)

30000798

Tacoma Rhodes Center - Roof and Shell Space

Funding is provided to repair a leaking roof on the Broadway Building. Tarps and buckets are currently used to collect water leaking into the building. This project also completes unfinished, rentable space at the Tacoma Rhodes building. DES' inability to rent this space results in \$324,000 to \$450,000 in lost revenue per year.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|--|-------------------------|-----------------------|--------------------|------------------------|
| | | | 3,772,000 | | 3,772,000 |
| Funds: | State Building Construction Account - State Enterprise Services Account - State | | | | 2,100,000 1,672,000 |

30000812

Campus Physical Security & Safety Improvements

This project funds a consultant review of the current state of security on the Capitol campus and provides recommendations to right-size our security system to align with other state Capitol campuses.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|--|-------------------------|-----------------------|--------------------|-------------------|
| | | | 250,000 | | 250,000 |
| Funds: | Thurston County Capital Facilities Account - State | | | | 250,000 |

30000825

Statewide Minor Works - Preservation Projects

Minor works preservation funding is provided to reduce risks to people and property and maximize the function and utility of state assets.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|---|-------------------------|-----------------------|--------------------|--|
| | | | 6,115,000 | 9,970,000 | 16,085,000 |
| Funds: | State Vehicle Parking Account - State State Building Construction Account - State Thurston County Capital Facilities Account - State Enterprise Services Account - State | | | | 154,000 9,545,000 3,843,000 2,543,000 |

30000829

Building Envelope Repairs

Funds are provided for building envelope repairs at the Temple of Justice, Dolliver Building and Capitol Court. Safety features will be added to building roofs to address concerns from Labor and Industries.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |

Echo Glen Children's Center-Activity Center: Renovation

Predesign funding is provided to renovate the activity center at Echo Glen to correct accessibility and other code deficiencies; replace failing building systems; and install a new gym floor. Renovation will also include remodeling underutilized locker rooms, offices, and other areas into usable program space by making them Prison Rape Elimination Act (PREA) compliant. Physical activity is a key part of the treatment therapies at Echo Glen. Much of the existing activity center is unusable due to PREA concerns and deferred maintenance. This project will help offset some of the programming challenges of closing Naselle Youth Camp.

Statewide: Telecommunication Systems Modernization

This project upgrades telecommunications infrastructure and critical systems. Over an 11-month period, system deficiencies led to over 10,000 telecommunications incidents agency-wide, including repairs and troubleshooting calls. These issues resulted in an average of six days per month downtime, a loss of productivity and the inability to provide client services. In addition, depending on the type of system outage, local call service, such as emergency 911 calls, may not have been available.

Eastern State Hospital-Eastlake & Westlake: Duress Alarm System

This project installs a campus-wide, wireless personal duress alarm system for staff at the Eastlake Hospital, Westlake Hospital and the Activity Therapy Building at Eastern State Hospital. This system provides duress alarm annunciation at the administration switchboard, the Westlake switchboard and the security office, indicating the location of the staff person in duress. It also provides an audible alarm at the point of duress. Eastern State Hospital has a combination of several antiquated systems that do not communicate with each other nor indicate the location of the staff person in duress. The 851 staff who care for psychiatric patients are often at risk of personal violence.

DOC/DSHS McNeil Island-Infrastructure: Water System Replacement

This project evaluates the existing drinking water system, locates potential water wells sites and engineers a solution to best provide clean drinking water. The drinking water on McNeil Island and the Special Commitment Center is often brown, the distribution system leakage is high and the deteriorating water treatment plant is vulnerable to failure. Additionally, there are structural problems with the dam supporting the reservoir for the island's drinking water. The Department of Health has concerns about the water system, which affects more than 250 residents at the SCC and 400 staff on McNeil Island.

Child Study and Treatment Center: CLIP Capacity

This project funds the construction of a new 18-bed living unit on the Child Study and Treatment Center campus. The design of the new facility specifically addresses the security and clinical needs of highly aggressive youth, reducing the risk of staff injuries due to patient-on-staff violence. A maximum security living unit will include eight designated forensic beds, which will separate the civil and forensic populations. The addition of ten adolescent Children's Long-Term Inpatient Program (CLIP) beds will shorten wait times for civil admission. Since fiscal year 2014, an average of 54 children per year have waited 30 days or more for a CLIP bed.

Special Commitment Center-Community Facilities: New Capacity

Funding is provided for the stakeholder and siting efforts necessary to establish three additional Secure Community Transition Facilities. The number of residents progressing in treatment and qualifying for less restrictive alternatives has increased and the Secure Community Transition Facilities in Pierce and King Counties are reaching capacity. The department must consult with local communities that are potential sites for these facilities.

Eastern State Hospital: Emergency Electrical System Upgrades

This project improves the emergency electrical systems at Eastlake and Westlake Hospitals to better care for patients during extended power outages. It adds outlets and lighting to the emergency electrical circuit in patient used areas including day rooms, exam rooms, galleys and dining rooms. It also adds outlets and lighting in patient care support areas, such as the central nursing office, medical records area, telecommunication rooms and the kitchen/dining building for refrigeration. During multi-day power outages, Eastern State Hospital struggles to provide adequate levels of patient care.

MCC: Close Sewer Lagoon

This project constructs a western gravity line and a new sewage effluent exit facility. This decommissions both sewage lift stations and cuts the load on the pretreatment ponds by half, reducing the risk of discharge to the river. Major rain events and equipment failures have caused overflows of sewage to the river as lagoons exceed their capacity. Rainwater in the lagoons blend with wastewater and adds costs for the flows sent to the city plant. The retaining dike for the lagoon is unstable and at risk of failure. Failure of this dike would result in up to 3.9 million gallons of partially treated sewage being discharged to the Skykomish River across public and private land.

MCCCW: Expansion of Medical Clinic

This project expands and remodels the health care clinic at Mission Creek Corrections Center for Women (MCCCW). The current clinic at MCCCW was built to serve approximately 180 juvenile patients and now serves 300 adult female patients. The current clinic is accessed down a staircase that is only wide enough to accommodate one person.

CBCC: Access Road Culvert Replacement and Road Resurfacing

This project funds the completion of a project to replace drainage culverts at the end of their life and resurface the access roadway to Clallam Bay Corrections Center (CBCC). Approximately 17 drainage culverts will be replaced or relined and two culverts will be sized significantly larger to provide adequate fish passage under the roadway. The road will be resurfaced to prevent water penetration and further cracking. This project was reduced by the Legislature in 2015-17 and received a contingency pool award to complete some additional work. This additional funding will complete the project.

WSP: Program and Support Building

This project constructs a new program and support building in the medium security complex at the Washington State Penitentiary (WSP) in Walla Walla. Predesign is completed and design is underway. Multiple custody levels are competing for space after 512 medium security beds were recently added at WSP. This has reduced program opportunities (GED, treatment, etc.) for the 836 total offenders housed in the complex.

| | | | 750,000 | 5,058,000 | 5,808,000 |

Funds: State Building Construction Account - State

5,808,000

State Parks and Recreation Commission (Continued)

30001019

Statewide New Park

To develop a new park from existing property held by the Washington State Parks and Recreation Commission for new park development. The park to be developed will be determined through a Commission approved statewide strategy. Candidates include Miller Peninsula, Fisk Property, Washougal, Hoko River, Sol duc and the Lake Isabella property. The first biennium funding will address the OFM pre-design process. Predesign will occur during the 2017-19 biennium with design and permit and construction the following biennia.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|---|-------------------------|-----------------------|--------------------|-------------------|
| | | | 313,000 | 11,114,000 | 11,427,000 |
| Funds: | State Building Construction Account - State | | | | 11,427,000 |

30001021

Statewide Trail Renovations (Footbridges)

Funding is provided to address a series of trail and footbridge replacement or renovation projects located at various state parks throughout the state that are aging or have exceeded their life expectancy.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|---|-------------------------|-----------------------|--------------------|-------------------|
| | | | 280,000 | 798,000 | 1,078,000 |
| Funds: | State Building Construction Account - State | | | | 1,078,000 |

30001022

Fort Worden Replace Failing Water Lines

Funding is provided to replace the failing water system at Fort Worden State Park to meet the Department of Health standards and health codes. Design and permit will occur during the 2017-19 biennium with construction the following biennium.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |
|-----------------------|---|-------------------------|-----------------------|--------------------|-------------------|
| | | | 377,000 | 3,817,000 | 4,194,000 |
| Funds: | State Building Construction Account - State | | | | 4,194,000 |

30001023

Iron Horse John Wayne Pioneer Trail Lind to Malden

Funding is provided to develop trails at the Cow Creek Trestle between Marengo and Ralston, tunnels 43, 44, 128 and 130 along Rock Lake, including rock fall prevention scaling and removal along Rock Lake. This project includes trailheads at Kenova, Rock Lake (west side), Revere, Marengo, Ralston and Lind. Design and permit, including rock fall scaling and removal along Rock Lake will occur during the 2017-19 biennium with construction of the Cow Creek Trestle, repair to the tunnels and trestles and construct the trailheads the following biennia.

| <u>Prior Biennium</u> | <u>Current Biennium</u> | <u>Reappropriations</u> | <u>Appropriations</u> | <u>Future Cost</u> | <u>Total Cost</u> |

Trust Land Transfer Program

Funding is provided for the Trust Land Transfer Program parcels listed in OFM capital document number 2017-1. The program moves ownership of trust lands that are determined to be more suitable for natural or wildlife areas, parks, recreation, or open space out of trust status. The program also provides revenue to K-12 trust beneficiaries by depositing the timber or lease value of transferred parcels into the Common School Construction Account. The land value of the transferred properties is then used to purchase replacement trust lands that have better income potential for trust beneficiaries.

Cascadia Tech Academy - Building 100 Modernization

Design and construction funding is provided for the modernization of Building #100 at Cascade Technical Academy (CTA) (formerly Clark County Skills Center). The Evergreen School District is the CTA's host district and will take the lead role on behalf of the CTA regarding facilities development and maintenance. Modernization will provide health, safety and code upgrades to the building and enable changes required for existing program needs.

West Sound Technical Skill Center Modernization

West Sound Technical Skills Center (WSTSC) will complete preconstruction for modernization and replacement of the existing facilities in Bremerton. This modernization project will provide critical health, safety and code upgrades to the building as well as changes required for existing program needs. West Sound Technical Skill Center was built in 1977 and does not meet current standards for life-safety code, seismic code, ADA compliance, energy code, nor health code. The proposed project will modernize the existing building and add classrooms and labs for new high-demand programs using flexible space.

STEM Classrooms and Labs

The Science, Technology, Engineering and Math (STEM) classroom and lab grant program will provide a competitive grant program for specialized school facilities required for science, technology, engineering and mathematics literacy. Adequate STEM facilities support interactive, project-based STEM curricula and support the state's new graduation requirements for students graduating in 2019. To achieve expected improvements in STEM literacy, the development and modernization of specialized STEM facilities must occur at a faster pace than the typical thirty-year cycle of modernizing or replacing school facilities. This grant program intends to speed up the development and modernization of specialized STEM facilities through the grant program described in this section, and incorporates feedback from and is an improvement on the 2015-17 pilot program.

2017-19 School Construction Assistance Program

The School Construction Assistance Program (SCAP) is a partnership with local school districts to provide the school facilities needed for educating the students of Washington. The School Construction Assistance Program provides funding to school districts to plan, construct and renovate (modernize) school facilities to provide space for learning. Funding for 2017-19 continues program at 2015-17 levels adjusted for inflation, plus additional recognized square footage per student in kindergarten through the sixth grade, from 90 square feet per student to 110 square feet per student.

2017-19 Minor Works - Preservation

These minor works preservation projects are estimated to cost between \$25,000 and two million dollars and are prioritized as the most urgent of the university's minor capital preservation needs. Sub-projects have been defined within the following broad categories: Building Repair and Renewal, Mechanical and Electrical Systems, Utilities and Site Work, Roads and Pathways, Fire and Life Safety Improvements, Data and Communications Infrastructure, UW Bothell Preservation and UW Tacoma Preservation. All preservation projects aim to preserve and extend the life of existing campus facilities and their supporting infrastructure systems.

UW Major Infrastructure

The UW has identified sixteen buildings that require seismic related upgrades. These buildings were constructed at the turn of the 20th century utilizing the typical methods of anchorage used during this era of construction and are not sufficient to resist seismic forces. There is a high probability of damage to these buildings in the event of an earthquake. The seismic improvements are intended to address life safety and building structural issues to reduce potential adverse impacts on students, faculty, staff and university operations. Campus-wide seismic upgrades are planned over multiple biennia, beginning in 2017-19.

Western Washington University

30000769

2017-19 Classroom & Lab Upgrades

This project will repurpose and upgrade existing instructional space within the various departments. The goal of the project is to ensure that Western Washington University (WWU) has adequate access to high performance learning space that operates at the state's target utilization of student contact hours per week, per lab or classroom seat.

Heritage Capital Grants Projects

Grant funding is provided for the Heritage Capital Projects Fund pursuant to RCW 27.34.330. These funds provide up to one third of the cost of local capital projects undertaken by non-profit organizations, tribes and various local governments. Projects that provide for the preservation and interpretation of the heritage of the state are submitted by applicants, reviewed and ranked by an advisory panel and submitted for inclusion in the agency's state capital budget.

Community and Technical College System

30000137

Edmonds Community College: Science, Engineering, Technology Bldg

Edmonds Community College will construct a Science, Engineering and Technology building to meet the current and future growth needs of allied health, engineering, materials science, mathematics and natural sciences, construction management, occupational safety and health technician and construction trades programs, as well as provide suitable space for the Information Technology department, multi-use classroom space and faculty office space. The building will be designed to accommodate all of these programs with their expected growth while remaining flexible to adapt to the changing needs of other campus programs.

30000138

Whatcom Community College: Learning Commons

Construction of the Learning Commons will help the college meet increased student enrollment and access to services while maximizing existing campus infrastructure and supporting new learning. The Learning Commons will be a three story, 65,328 square foot facility with space for academic support services such as tutoring, math and writing centers and library resources. The facility will also provide the space needed to serve 816 new FTE staff.

| Funds: | State Building Construction Account - State | | | | 8,297,000 |

30000987

Pierce Fort Steilacoom: Cascade Building Renovation - Phase 3

Funding will enable partial renovation of the 1973 Cascade Building, including a large space on Level 1 for the Dental Hygiene Program (DHP). This will require relocation of the Veterinary Technology Program (VTP) to an approximately 14,000 square foot new facility located adjacent to the Cascade Building. The project will also reconfigure space on Level 2, infill new classroom space on Level 3, renovate the existing 2,600 square feet of lecture hall, further improve internal circulation and way finding and continue to upgrade infrastructure and life safety systems. If action is not taken, non-renovated areas of the Cascade Building will continue to remain functionally deficient to meet current and future program needs, will experience further structural and infrastructure decline and will seriously jeopardize the programs' ability to maintain the stringent accreditation standards established for the DHP and VTP.

Section C: Ten-Year Project Plan

2017-2027 Ten-Year Project Plan and Appropriation Detail

The following section presents three tables that describe the 2017-2027 capital plan. The first table, the Ten-Year Capital Plan Project Listing, displays the recommended capital plan for each agency by project and fund source. Table 2 displays the 2017-19 capital program by source of funds, and Table 3 displays the 2017-2027 ten-year plan by appropriation type.

Assumptions used in the development of the ten-year plan include the following:

- The recommended capital plan complies with debt limitations.
- Project and program descriptions become less specific in the last two biennia to allow agencies flexibility when developing project details at a later time.
- Preservation of existing facilities will remain a priority. The capability to define specific projects in future biennia is limited, and aggregate amounts for this purpose are often shown as various future projects.

The 2017-2027 capital plan is a *plan*, not a budget. The projects proposed for 2017-19 funding have been carefully reviewed in the context of operating budget decisions and the accuracy of cost estimates. The potential projects listed for subsequent biennia have been reviewed for consistency with current programmatic issues and reasonableness of cost. Any project identified beyond 2017-19 should not be interpreted as a specific commitment to include that project in a future budget but rather as an indication that, given the financial and program information available today, the state plans to move forward with this project list in the future.

Section D: Alternate Financing Projects

Department of Enterprise Services

This project removes and replaces the eastern one-third of the southern plaza garage roof, where ongoing water infiltration has spalled concrete, resulting in exposed structural beams that are now corroding. Loosening concrete walls and ceiling panels are a safety risk. This project includes a Certificate of Participation (COP), with debt service paid by an increase in parking fees.

| | |
|--------------|---|
| Title | East Plaza - Water Infiltration & Elevator Repairs |
| Location | Olympia |
| Type | Certificate of Participation |
| Area | N/A |
| 2017-19 Cost | \$ 7,023,000 |

Washington State Patrol

Construction funding to replace the primary live-fire training structure located at the Washington State Fire Training Academy in North Bend. The existing structure is nearing the end of its useful life and its loss would disproportionately impact small and rural fire departments, who struggle to meet the live fire training requirements set in statute. The replacement building will be spread across a larger horizontal footprint so that multiple groups can train at the same time.

| | |
|--------------|--|
| Title | Fire Training Academy Burn Building Replacement |
| Location | North Bend |
| Type | Certificate of Participation |
| Area | N/A |
| 2017-19 Cost | \$ 7,450,000 |

Department of Labor and Industries

Predesign update, design and construct a new industrial hygiene laboratory, workplace safety and health training center and research facility. The department must consider co-location and the facility must be built on state-owned land.

| | |
|--------------|--|
| Title | Modernize Lab and Training Facility |
| Location | Tumwater |
| Type | Certificate of Participation |
| Area | N/A |
| 2017-19 Cost | \$ 12,700,000 |

Community and Technical College System

Authority is granted to Clark College to enter into a financing agreement for design and construction of a new Student Recreation Center on campus.

| | |
|--------------|---|
| Title | Clark: Student Recreation Center |
| Location | Vancouver |
| Type | Certificate of Participation |
| Area | N/A |
| 2017-19 Cost | \$ 35,000,000 |

OFFICE OF THE GOVERNOR

Community and Technical College System (Continued)

South Seattle College is proposing to use student-voted fees and use fees to pay for the development and operation of a student wellness and fitness center on their main campus in west Seattle. The college will borrow approximately \$10 million using a Certificate of Participation from the Washington State Treasurer's lease/purchase program for state agencies.

| | |

Section E: Debt Summaries

State Debt Summaries

The following pages present summary information displaying:

- The amount of bonds authorized by type of debt; and
- Debt service summaries for future years resulting from this capital plan and all previous authorizations, separated by type of debt.

The data is presented in summary form to provide an overview. Detailed information regarding individual bond authorizations and the related repayment streams is available in the state bond offering circulars prepared by the Office of the State Treasurer for each bond sale.

Debt Authorizations¹

| Purpose/Authorization | Bonds Authorized | Bonds Issued | Bonds Outstanding | Bonds Unissued |
|---|-------------------------|-------------------------|-------------------------|-------------------------|
