Federal Assistance Reporting Policies and Procedures

95.10.10
Purpose of the policies

June 1, 2016

Chapter 95 establishes the federal reporting policies and procedures governing the accumulation of accounting data for preparation of the state of Washington’s Statewide Single Audit Report.

The Federal Single Audit Act of 1984, most recently amended in 1996, establishes uniform requirements for audits of federal assistance and promotes the efficient and effective use of audit resources. In addition, the federal Office of Management and Budget (OMB) has published the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). The Uniform Guidance, which replaced the OMB A-133 Circular effective December 26, 2014, further delineates requirements for single audits of federal assistance. Under the provisions of the Act and Uniform Guidance, Washington has exercised the option to obtain a statewide Single Audit to satisfy the single audit requirements for federal assistance received and administered by all agencies of the State.

The Office of Financial Management (OFM) utilizes Chapter 95 to compile the Schedule of Expenditures of Federal Awards and the Data Collection Form in accordance with OMB Uniform Guidance requirements.

95.10.15
Authority for these policies

June 1, 2016

The authority for these policies is RCW 43.88.160(1).

The Uniform Guidance, §200.510 Financial statements, requires the state to report the total Federal Awards expended to be reported on the schedule of expenditures of Federal awards.

Federal awards expended are determined in accordance with §200.502 of the Uniform Guidance.

Federal awards, as defined in §200.38 of the Uniform Guidance, include Federal financial assistance that a non-Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, or cost-reimbursement contracts under the Federal Acquisition Regulations that a non-
Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity.

Federal financial assistance is defined in §200.40 of the Uniform Guidance.

### 95.10.20 Applicability of these policies

June 1, 2016

This chapter is applicable to all agencies of the state of Washington as defined in RCW 43.88.020(4) unless otherwise exempted by statute or rule.

### 95.10.30 Federal revenues

June 1, 2016

95.10.30.a Federal revenues are recorded in the Agency Financial Reporting System (AFRS) as follows:

- Revenue Source Codes 0301 through 0353 and 0357 through 0399 identify reportable direct federal assistance activity.

- Revenue Source Code 0546 identifies federal assistance received from other state and local governments or private entities.

- Revenue Source Code 0355 identifies federal revenue that is not classified as federal assistance.

- Revenue Source Code 03DS identifies the distribution of certain federal revenues by the State Treasurer.

With the exception of Revenue Source Code 0355, all federal revenues (Revenue Source Codes 0301-0399 plus 0546) are to be reported on the federal disclosure forms.
Revenue Source Code 0355 – Federal Revenue – Non-Assistance includes receipts from a federal agency when a state agency provides vendor services and the related expenditures are charged to a federal expenditure authority code, or other receipts from federal agencies that are not classified as federal assistance, even though the related expenditures are charged to federal expenditure authority codes. Revenue Source Code 0355 facilitates the matching of federal revenues and expenditures for budget purposes.

As for Revenue Source Code 03DS – Federal Revenue Distributions, distributions of reportable federal revenues need to be reported as expenditures of those program revenues on the applicable federal disclosure form. Revenue Source Code 03DS distributions applicable to revenues coded to Revenue Source Code 0355 should not be reported.

95.10.30.b Accounting for federal assistance activity between state agencies

When one state agency subgrants federal assistance to another state agency, the originating state agency records and reports the federal revenue and corresponding expenditure/expense using Object N “Grants, Benefits, and Client Services” for the amount paid to the subrecipient agency.

The subrecipient state agency records program expenditures offset by an interagency reimbursement (Object S) for the moneys received from the original agency. This results in no net revenue or expenditure/expense to the subrecipient agency.

95.10.30.c AFRS changes made after the disclosure forms are closed

For federal revenue reporting purposes, if adjustments to federal revenues or expenditures are posted to AFRS subsequent to closure of federal disclosure forms, the agency is required to correct the applicable disclosure forms. Contact your assigned OFM Accounting Consultant to have the disclosure forms reopened if corrections are needed.

95.10.30.d Immaterial prior period adjustments and corrections

Refer to Subsection 90.20.15.e. If a write-off of receivables involves federal revenues, agencies should contact their assigned OFM Accounting Consultant.

Introduction to federal disclosure forms and lead sheet

Information collected in the Disclosure Forms application facilitates the preparation of the annual state of Washington Schedule of Expenditures of Federal Awards by the Office of Financial Management (OFM).

The federal Disclosure Forms application is an electronic way of capturing detail data for various aspects of an agency's federal assistance activities. It incorporates federal reporting rules and regulations.

All forms are completed online. The signed Federal Assistance Certification form including attachments, as necessary, is to be emailed to OFMAccounting@ofm.wa.gov.

In order to accurately complete the disclosure forms by the due date, agencies should review the information in the Agency Financial Reporting System (AFRS) that is to be reported on the disclosure forms and make necessary adjustments in AFRS prior to the end of Phase 2. With the exception of the Federal Assistance Certification form, early completion is encouraged.
General Instructions

Each state agency that expends awards of federal assistance during a state fiscal year must complete federal disclosure forms.

Agencies expending federal awards are required to complete two federal disclosure forms:

1. Federal Identification Numbers
2. Federal Assistance Certification

The remainder of the disclosure forms may or may not apply to your agency. If there is AFRS data pre-filled in a disclosure form, your agency is required to complete the form. Specify on the federal lead sheet if a form is completed by selecting “Yes” or “N/A” for each form in the “Completed” column.

All financial information reported should be rounded to the dollar. Do not enter pennies, decimal points, dollar signs, etc. Refer to the “Tips” screen in the Disclosure Form application for more helpful information.

All financial information reported should be reconciled to AFRS. The following reports in Enterprise Reporting (ER) are available to assist in the reconciliation process. Agencies are encouraged to use these reports throughout the year to monitor reconciliation status.

Financial Reports/Accounting/Federal/Federal Expenditures
Financial Reports/Accounting/Federal/Federal Indirect Cost Recovery
Financial Reports/Accounting/Federal/Federal Revenue
Financial Reports/Accounting/Federal/Federal Revenues & Expenditures
Financial Reports/Accounting/Federal/Non-Financial Revenues & Expenditures (GL 3225 & 6525)
Financial Reports/Accounting/Federal/Other Grant Assistance
Financial Reports/Accounting/Federal/State Agency Reimbursements

To complete the federal disclosure forms, access the Disclosure Forms application at: [http://www.ofm.wa.gov/systems/default.asp](http://www.ofm.wa.gov/systems/default.asp). The “Access to systems” page is divided into “Access from within the State Intranet” and “Access from outside the State Intranet.” Click on the Disclosure Forms link. Use an authorized User ID, agency, and password, and select the “Federal Forms” tab.

If you have a question regarding federal assistance reporting, contact your agency’s assigned OFM Accounting Consultant.

Federal Financial Assistance - Direct

June 1, 2017

Use this form to report all expenditures of federal financial assistance received or expected to be received directly from a federal agency. This encompasses the majority of the federal financial assistance received by the state of Washington. In addition, the form is used to reconcile reported amounts to financial information recorded in the state Agency Financial Reporting System (AFRS).

Financial information is summarized by CFDA number. List both accrued and received federal revenue (Revenue Source Codes 0301 through 0354, 0356 through 0399 and 03DS) and the related expenditures for federal assistance. Agencies are also required to report the portion of expenditures passed through to subrecipients.

If a CFDA number is unknown, the award contract number is required.

Refer to Subsection 95.20.10.b for general disclosure form instructions.

Federal Analytical Review

This form is automatically populated based on federal financial assistance reported on the Direct, Pass-Through, Nonfinancial Assistance and Loan Balances forms if there has been material change in balances reported for a CFDA number since last fiscal year.

For the XX.000 and XX.999 CFDA numbers that are assigned a different number (i.e. XX.UXX or XX.RD) after Phase 2 close the analytical review will be performed for the total for each federal agency. For example, all 93.UXX numbers reported in the current year forms are combined and compared to all 93.UXX numbers reported in the prior year forms.

OFM will establish the materiality thresholds annually. After completion of the other federal forms, review this form to see if material changes have been identified. All material changes on this form require an explanation.

Refer to Subsection 95.20.10.b for general disclosure form instructions.

Instructions: Complete this form after you have finished the Direct, Pass-Through, Nonfinancial Assistance and Loan Balances federal forms.

If there has been a material change on a federal form since last fiscal year, this form will automatically populate with the current year and prior year information. Provide an explanation for each material change listed below.
95.20.40  Federal Nonfinancial Assistance
June 1, 2016

Washington receives federal nonfinancial assistance in the form of surplus property and donated inventories (for example food commodities and immunization supplies).

State agencies with federal nonfinancial programs use this form to report the expenditure or usage of this assistance by federal catalog number for the fiscal year ending June 30. The nonfinancial assistance programs (CFDA numbers) are prelisted for convenience. If a CFDA number is not listed, contact your agency’s assigned OFM Accounting Consultant.

Custodial state agencies, such as the Department of Enterprise Services, that transmit portions of their donated inventories to other state agencies for eventual use, should not record expenditures upon transmission (refer to Subsection 85.56.40.c).

Refer to Subsection 95.20.10.b for general disclosure form instructions.

Revenue amounts should be limited to Accounts 001 and 416, GL Code 3225, Revenue Source codes 03XX. Expenditure amounts should be limited to Accounts 001 and 416, GL Code 6525, Objects N and E, and Expenditure Authority types 2 and 3 in Account 001 and Expenditure Authority types 2, 3 and 6 in Account 416. This form should include CFDA numbers 10.551, 10.555, 10.565, 10.569, 39.003, 93.069, and 93.268. CFDA number 39.003 amounts, if any, should be entered on a separate line with revenues amounts equal to expenditure amounts. Because the value for federal surplus property is normally not entered in the state accounting system, the amounts for CFDA number 39.003 will not be included on the ER report referenced in the reconciliation box below.

The beginning balance, administrative allowance, and new loan amount must be entered as positive numbers, and the repayment amount must be entered as a negative number. The ending loan balance is a calculated field.

The reconciliation to the Federal Direct form is automatically populated based on the CFDA numbers entered on the Federal Loan Balance form and the Federal Direct form. If there is a difference provide a detailed explanation including the related CFDA number.

Refer to Subsection 95.20.10.b for general disclosure form instructions.

If there is a difference, note the CFDA number and provide an explanation below:
All state agencies are required to separately record and report all federal financial assistance received from entities other than federal or Washington state awarding agencies. Agencies account for this indirect federal assistance using Revenue Source Code 0546 “Federal Revenue - Pass-Through.” Generally, the associated expenditures are accounted for as private/local expenditure authority charges.

This form provides a means for entering federal assistance received from nonfederal entities, and reconciling the entered amount to revenue recorded in AFRS.

Agencies are to list CFDA number, pass-through entity name and grant agreement or award contract number, all federal financial assistance and associated expenditures from other than federal and Washington state agency grantors (Revenue Source Code 0546). Agencies are also required to report the portion of expenditures passed through to subrecipients.

Refer to Subsection 95.20.10.b for general disclosure form instructions.

Federal Identification Numbers

Agencies are required to list all federal, nine-digit **Employer Identification Numbers (EINs)** covered by the state of Washington Single Audit. OFM interprets the term covered to mean all EINs related to CFDA program expenditures for which single audit requirements are satisfied by the state of Washington Single Audit.

Agencies are also required to provide a federal universal grant identifier number for their agency. This number, commonly referred to as a **DUNS (Data Universal Numbering System) number**, is available from Dun and Bradstreet. It is required on all federal grant applications and federal expenditure reporting.

Both EINs and DUNS numbers are reported to the federal government in a statewide listing with no attempt made to correlate individual numbers with specific CFDA programs.

The agency code field will prefill with the agency’s four digit code and name.

Enter the EIN. Report as many EINs as appear in the total federal assistance activity for the year. Some agencies may have more than one EIN or involve other state agencies that have their own EIN(s), in their federal assistance. **Do not report** EINs for other than state agencies.

Enter the agency’s DUNS number. Agencies that have more than one DUNS number must designate one number as the master DUNS number for federal assistance purposes. Only the Community and Technical College System will report multiple numbers (one for each institution).
